Transformers are required for street lighting and traffic signals.

3. FINANCIAL IMPACT

None.

4. ACTION OPTIONS/RECOMMENDATION

Staff recommends that action be taken to recommend to Council to approve renaming/naming of referenced streets.

SUBJECT: Deliberation and possible action regarding approval of a change order for upgraded street lighting as directed by Rackspace to include securing of payment agreement from Rackspace for the reimbursement of these funds

1. BACKGROUND/HISTORY

The upgrade of the street lights were part of the original bid documents and were bid as an additive alternate. There was an allowance of \$188,500 to perform these services. This amount was given to the WEDC by Rackspace. However, this amount has not been awarded to date. The approximate amount of \$42,000 is well within the range of funds that was allowed by Rackspace to upgrade the street lighting.

2. FINDINGS/CURRENT ACTIVITY

This item needs to be approved as of this meeting in order to begin the installation of the street lighting. Contractor is on standby to begin construction upon approval of this item.

3. FINANCIAL IMPACT -

Approximately \$42,000. Upon approval, a formal change order will be prepared and presented to the WEDC for execution. Reimbursement of these funds are to be secured from Rackspace via a payment agreement. Verbal agreement as to this arrangement was made by Rackspace prior to bidding of project.

4. ACTION OPTIONS/RECOMMENDATION

Staff recommends approval of this item so construction can continue on schedule.

SUBJECT: Deliberation and possible action The WEDC Board of Directors will review, discuss and may take action on Racker Road easements as follows:

- A. Agreement(s) regarding reciprocal easements, restrictions, covenants and conditions and memorandum of purchase option**
- B. Option Agreement(s)**
- C. Termination and Release Agreement(s)**
- D. Easement and Use Restriction Agreement(s)**
- E. Access Easement Agreement(s)**
- F. and all related documents**

1. BACKGROUND/HISTORY

Tim Maloney, EDC Board President and Scott Farrimond of Farrimond Castillo & Bresnahan, P.C., our legal counsel, have been negotiating said easements and related agreements with Rackspace and the various Owners of the Outparcels for several months.

2. FINDINGS/CURRENT ACTIVITY

Because this entails so many different entities and properties, Tim Maloney and our legal counsel have been going through this in great detail with the best interest of the City and the WEDC in mind. Because this matter is so vast and because of time constraints and the current easement agreements expiring on November 13th, we need to rely on the professional advice given by counsel and the vast amount of legal experience of our Board President.

3. FINANCIAL IMPACT -

None at this time.

4. ACTION OPTIONS/RECOMMENDATION

Tim Maloney, Board President, recommends that action be taken to authorize the execution of the referenced easements and related agreements as indicated in the attached email.

Subject: Re: revised EDC Agenda 11-8-12

Sherry,

For clarification purposes, I just want the board to understand the enormous amount of time and effort which went into resolving all the easement issues. Many of these easements go back to the early 1970's and were a real pain to decipher. We hired Scott Faramond to assist. He did a good job and we got Rackspace to pick up his fee, thus the EDC was not out of pocket at all on this deal. We also clarified any ownership interest Rackspace may have if they decide to exercise their purchase options. All in all another win for the WEDC!

CITY OF WINDCREST EDC INTEROFFICE MEMORANDUM

TO: MAYOR ALAN BAXTER, EDC PRESIDENT TIM MALONEY, CITY MANAGER RAFAEL CASTILLO

FROM: ROBERT COLUNGA

SUBJECT: AGREEMENT REGARDING RECIPROCAL EASEMENTS, RESTRICTIONS, COVENANTS AND CONDITIONS AND MEMORANDUM OF PURCHASE OPTION

DATE: 8/29/2012

CC: EDC DIRECTOR SHERRY MOSIER, EDC ATTORNEY HARRY ADAMS

OBSERVATIONS FROM READING AGREEMENT

Mayor and Mr. Maloney I was asked to read and review the agreements submitted by Rackspace concerning the easements at Rackspace and surrounding properties. I believe you all have copies of this agreement and if you do not I will provide. I feel there are several areas of concern that need to be addressed by our attorneys and Mr. Maloney and the Mayor as I do not believe they are in the WEDC or the Cities best interest. I will address the areas I believe we have issues in this agreement below. (See Attached page to refer to Agreement)

- 2.6 **Owner** Rackspace defines themselves as the owner of the property
- 2.12 **Rackspace Lease** This line definition counters 2.6 and notes that the WEDC is property owner or landlord and Rackspace is tenant.
- 4.1 **Maintenance and Repair of the Access Roads** – Concern is that if we sign does this constitute a new agreement between the EDC and Rackspace as to us bearing full cost and repair or only basic cost.
- 4.2 **Maintenance and Repair of Access and Parking Easements** – Same issues as 4.1 we need to have language that protects the city and EDC and refers to our current understandings.
- 6.1 **Memorandum of Purchase Option** – This gives all the power to Rackspace to sell off the property with out any obligation to take over the property as it is currently set and gives NFP first option to purchase.

I believe this requires extensive review and consultation with our legal to ensure all interest of the WEDC and the City are protected.

Thank you,

Robert Colunga

OPTION AGREEMENT

This Option Agreement (this "Agreement") is executed effective as of _____, 2012 (the "Effective Date"), by and among WINDCREST ECONOMIC DEVELOPMENT CORPORATION ("Owner"), and JAMES C. NIEMANN, TRUSTEE FOR THE NFP PARTNERSHIP, a Texas general partnership ("NFP"); and is hereby consented to by RACKSPACE US, INC., a Delaware corporation ("Rackspace").

WHEREAS, Owner is the fee owner of a parcel of real property located in the City of San Antonio, Bexar County, Texas, which is depicted on the site plan attached hereto as Exhibit "A" attached hereto and made a part hereof for all purposes (the "Property"). The Property is to be more fully described by metes and bounds that shall be substituted into Exhibit "A" in accordance with and as set forth in that certain Agreement Regarding Reciprocal Easements, Restrictions, Covenants and Conditions and Memorandum of Purchase Option of even date herewith, by and between Owner, NFP and Rackspace;

WHEREAS, NFP owns that certain property located adjacent to the Property, which is more fully described in Exhibit "B" attached hereto and made a part hereof for all purposes (the "NFP Parcel")

WHEREAS, NFP desires to obtain from Owner an exclusive option to purchase the Property (the "Option") and Owner wishes to grant such option;

WHEREAS, the Property comprises a portion of the premises ground leased by Rackspace from the Owner (the "Rackspace Leased Premises"), pursuant to that certain lease dated August 2, 2007, by and between Owner, as landlord, and Rackspace, as Tenant (the "Rackspace Lease"); and

WHEREAS, Rackspace has consented to the option granted herein, subject to terms, provisions and conditions hereof.

NOW, THEREFORE, in consideration of the premises and agreements herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is agreed by and among Owner, NFP and Rackspace as follows:

1. Exercise of Option. The parties acknowledge that the Property is currently benefitted by a tax-exempt status. On the earlier to occur of (i) no more than ninety (90) days following the date upon which Owner receives written notice from NFP stating that NFP desires to exercise the Option (which notice by NFP may be given at any time during the term of this Agreement), (ii) no more than ninety (90) days following the date upon which Owner receives written notice from the Bexar County Appraisal District or other applicable governmental entity that the Property has lost its tax-exempt status or (ii) twelve (12) years following the Effective Date of this Agreement (in any of such events, the "Option Exercise Date"), Owner shall deliver a written notice to NFP either (a) acknowledging NFP's exercise of the option pursuant to clause (i) above, (b) informing NFP that the Property has lost its tax exemption pursuant to clause (ii) above, or (c)

informing NFP of the lapse of twelve (12) years from the Effective Date of this Agreement (in any of such events, the "Owner's Notice"), which Owner's Notice shall be accompanied by a fully executed and notarized Special Warranty Deed, in the form attached hereto as Exhibit "C" and made a part hereof for all purposes, conveying the Property from Owner to NFP. Upon receipt of the Special Warranty Deed, NFP may record the same in the Real Property Records of Bexar County, Texas.

Notwithstanding anything contained herein, at the time of such conveyance, the form of the Special Warranty Deed attached may be modified as necessary to (i) comply with the requirements of the Texas Property Code or any other applicable law, and (ii) correctly reference the names, addresses, signatories, and otherwise complete any bracketed language contained therein or complete any blanks therein.

As consideration for the foregoing rights and as the purchase price for the Property, NFP has paid to Owner, as of the Effective Date of this Agreement, the sum of One Hundred and No/100 Dollars (\$100.00), and NFP has provided other good and valuable consideration therefor, including without limitation, the execution by NFP of that certain Termination and Release Agreement, dated of even date herewith, which terminates and releases in its entirety the easement rights previously granted in that certain Agreement dated August 25, 1972, recorded in Volume 6935, Page 332, in the Deed Records of Bexar County Texas, as amended by that certain Agreement dated January 24, 1977, recorded in Volume 8009, Page 221, in the Deed Records of Bexar County Texas, and that certain Satisfaction and Release dated September 15, 1977, recorded in Volume 8273, Page 575, in the Deed Records of Bexar County Texas.

All revenues and expenses with respect to the Property and which are applicable to the time period before and after the conveyance of the Property to NFP, determined in accordance with sound accounting principles consistently applied, shall be prorated between Owner and NFP.

2. Subordination to Rackspace Lease. Notwithstanding anything in this Agreement to the contrary, NFP expressly acknowledges and agree that (i) Rackspace has an option to purchase the Rackspace Leased Premises under the Rackspace Lease, which includes, without limitation, the Property (the "Rackspace Option"); (ii) any and all rights of NFP to the Property, including, without limitation, the Option contained herein, are subordinate to and inferior to any and all rights of Rackspace under the Rackspace Lease, including, without limitation, the Rackspace Option; (iii) in the event that Rackspace exercises the Rackspace Option prior to the Option Exercise Date hereunder and acquires the Property from Owner, then Rackspace shall become the Owner of the Property and all references herein to "Owner" shall be deemed to refer to Rackspace; and (iv) in the event Rackspace has not exercised the Rackspace Option before the Option Exercise Date, then ~~concurrent with the deliver of the Special Warranty Deed under this Agreement,~~ Rackspace shall release the Property from the Rackspace Leased Premises under the Rackspace Lease.

3. No Effect on Tax-Exemption. The Rackspace Leased Premises (of which the Property is a portion) is benefitted by a tax-exempt status pursuant to the Rackspace

Lease and that certain Master Economic Incentives Agreement dated August 2, 2007 (the "MEIA"), which tax-exemption was granted to Rackspace for the purpose of (i) inducing Rackspace to relocate its corporate headquarters to the Rackspace Leased Premises and (ii) facilitating certain Business Activities (as defined in the MEIA) on the Rackspace Leased Premises. Notwithstanding anything in this Agreement to the contrary, the parties expressly acknowledges and agree that (i) the grant of the Option contained herein was in furtherance of the foregoing goals because the Option was granted in order to facilitate the relocation of the former Windsor Park Mall ring road which in turn was necessary in order to facilitate the foregoing goals, (ii) this Agreement facilitates the redevelopment of the Rackspace Leased Premises as contemplated in the MEIA and the Rackspace Lease and therefore, entering into this Agreement is within the valid purposes of the Rackspace Lease, the MEIA and the tax-exemption granted therein, (iii) nothing contained in this Agreement, including without limitation, the grant of the Option contained herein, is intended to, nor shall the same be deemed to, (a) cause any portion of the Rackspace Leased Premises to lose its tax-exempt status or (b) be a failure to conduct Business Activities or a cessation of Business Activities on the Rackspace Leased Premises under the MEIA, and (iv) if anything contained in this Agreement, including without limitation, the grant of the Option contained herein, is in fact ever deemed by any third party to, (a) cause any portion of the Rackspace Leased Premises (other than the Property) to lose its tax-exempt status or (b) be a failure to conduct Business Activities or a cessation of Business Activities on the Rackspace Leased Premises under the MEIA, then Owner shall have the right to notify NFP of the same, whereupon (x) this Option shall be deemed automatically exercised and the "Option Exercise Date" shall be deemed to be the date upon which Owner delivers such notice to NFP and (y) the Option Property shall be assessed as a separately-assessed tax parcel from the balance of the Rackspace Parcel such that the balance of the Rackspace Parcel may maintain its tax-exempt status.

4. Assignment. NFP shall not assign its interest in this Agreement or any of its rights hereunder to any other person or entity at any time without Owner's consent. Any sale by Owner of the Property during the term of this Agreement shall be subject to this Agreement, and the purchaser of the Property shall assume all of the obligations of Owner hereunder from and after the date of such sale.

5. Commissions. Owner shall indemnify and hold harmless NFP from and against any and all liabilities arising from any claims relating to real estate commissions, which claims are caused or incurred by Owner. NFP shall indemnify and hold harmless Owner from and against any and all liabilities arising from any claims relating to real estate commissions, which claims are caused or incurred by NFP.

6. Condemnation. In the event that, prior to the conveyance of the Property to NFP, any portion of the Property which, in NFP's sole opinion, is not material to the use of the remainder, shall be condemned or taken by eminent domain by any authority, then in such case, this Agreement shall not terminate, but shall remain in full force and effect as to the remainder of the Property. In the event of a taking by condemnation or similar proceedings or actions of all of the Property, or any portion of the Property which, in NFP's sole opinion, is material to the use of the remainder, NFP shall have the option to terminate this Agreement upon written notice to Owner, in which event neither NFP

nor Owner shall have any further right or obligation hereunder except as expressly set forth herein.

7. Risk of Loss. Owner shall bear all risk of loss to the Property until such time as Owner has delivered the Special Warranty Deed to NFP and title to the Property has passed to NFP.

8. Remedies on Default. In the event of a default hereunder on the part of Owner, NFP may exercise any one or more of the following as its sole and exclusive remedies: (i) terminate this Agreement or (ii) enforce the remedy of specific performance against Owner. In the event of a default hereunder on the part of NFP, Owner shall have the right to exercise one or more of the following as its sole and exclusive remedies: (i) terminate this Agreement or (ii) enforce the remedy of specific performance against NFP.

(iv) A landscape buffer along the Access Road, including, but not limited to, on the portions of the Parking Tracts bounding the Access Road, in the locations depicted on the Site Plan as "Landscape Buffer" (the "**Landscape Buffer**"); and

(vi) The undersigned, the City of Windcrest, in its capacity as the governmental authority charged with regulating the same, agrees that the Outparcels are currently in compliance with Windcrest zoning, planning, platting, and building codes and regulations, and that the Construction Work will not result in any requirement to be placed on the part of any Owner of an Outparcel to upgrade, change, or replat its Outparcel in any manner whatsoever, or to perform any new construction work relative to its Outparcel in order to become code/regulation compliant, as a result of the Construction Work.

In connection with all Construction Work to be performed under this Section 3.7, Windcrest and Rackspace shall diligently pursue the same to completion and use their reasonable efforts to minimize any material disturbances and disruptions to the Occupants and Permittees of the Outparcels; provided, however that the parties acknowledge and agree that, despite such efforts, there may be unavoidable temporary periods during such Construction Work when the previously-existing access and parking may not be open and available to all Outparcel Owners and Occupants, and their respective Permittees. 7.3 **Non-Waiver.** No delay or omission of any party hereto in the exercise of any rights created hereunder shall impair such right, or be construed to be a waiver thereof, and every such right may be exercised at any time during the continuance of an event of default hereunder. A waiver by any party hereto of a breach of, or default in, any of the terms and conditions of this Agreement by the other party shall not be construed to be a waiver of any subsequent breach thereof or of any other provision of this Agreement. Except as otherwise specifically provided in this Agreement, no remedy provided in this Agreement shall be exclusive, but instead all remedies shall be cumulative with all other remedies provided for in this Agreement and all other remedies at law or in equity which are available to the parties hereto.

Section 3 - Plans for Construction.

3.1 Gordon Sibeck and Associates, 1407 Main Street (Suite 230), Dallas, Texas 75202, shall serve as Project architect ("Project Architect"), and Groves, Fernandez, Ludwig, Barry, Telford and Associates, Inc., (Consulting Engineers, Planners and Landscape Architects), 9030 Wurzbach Road, San Antonio, Texas 78240, shall serve as design engineer ("Project Engineer") for the Shopping Center. Except to the extent otherwise provided in the Supplemental Agreements, the fees and expenses of the Project Architect and Project Engineer (except as set forth in the last sentence of this paragraph of Section 3.1) shall be paid by Developer. The Department Stores may select a reputable engineering company ("Independent Engineer") to supervise and inspect the performance of the "Grading work", "Off-Site Work" and "On-Site Work", who shall have full access to the Shopping Center Site and to the plans and specifications referred to in Sections 4, 5 and 6, to the same extent as the Department Stores themselves. The fees and expenses of the Independent Engineer, if any, and the fees and expenses of the Project Engineer insofar as they relate to "Grading Work", "Off-Site Improvements" and "On-Site Improvements" shall be borne by each of the parties hereto in the ratio which the acreage of their respective Sites bears to the aggregate acreage of the Entire Premises.

Any substitute or successor Independent Engineer shall be designated by the Department Stores.

The Independent Engineer shall have access to the Shopping Center Site at all times during working hours to inspect the performance of the Grading Work, the Off-Site Improvements and the On-Site Improvements.

If the inspection of the Independent Engineer discloses a variance in construction from the requirements therefor as set forth in the final plans and specifications for such item of the work, he shall promptly notify the Project Engineer and the parties hereto.

If the Project Engineer agrees that there is such a variance and it is of a material nature which, if not remedied, would be impractical to thereafter rectify, the Project Engineer shall promptly undertake to have the necessary steps taken to eliminate such variance.

If the Project Engineer disagrees with the Independent Engineer, the dispute shall be submitted to arbitration as hereinafter provided in this Agreement unless the Developer, within fifteen (15) days of being notified of such dispute, elects not to have such dispute arbitrated and to either have the claimed variance remedied or proceed

with the work without attempting to remedy the claimed variance, or fails so to respond to either alternative.

If the Developer does not agree to submit to arbitration as herein provided, the Department Stores shall have all rights and remedies available to them at law and in equity and under this Agreement. Nothing herein contained shall be deemed to constitute a waiver by any of the Department Stores of their rights hereunder or an acquiescence to the continued prosecution of the disputed work by Developer.

Notwithstanding the foregoing, if at least two (2) of the Department Stores make written demand, in the manner provided in Section 47 of this Agreement for notices, that the work be stopped pending arbitration, or, if after receiving such notice, Developer insists upon continuing despite the opposition of the Independent Engineer, and if either action results in harm to the other, the one at fault shall bear the cost of remedying the situation including consequential damages. This obligation shall be joint and several as to the two (2) or more Department Stores making such demand and as to all of the parties designated within the term "Developer".

3.2 As promptly as possible, but, in any event, within thirty (30) days from the date hereof, Developer shall cause the Project Architect and/or Project Engineer to submit to the Department Stores for their approval design development drawings and outline specifications for the following phases of the development of the Shopping Center: (a) the "Grading Work" referred to in Section 4, (b) the "Off-Site Improvements" referred to in Section 5, (c) the "On-Site Improvements" referred to in Section 6, (d) the "Developer Facilities" referred to in Section 8, (e) the "Penney Facilities" (other than the "Penney Main Store Building" and the "Penney Additional Building") referred to in Section 9, (f) the "Ward Facilities" (other than the "Ward Main Store Building" and the "Ward Additional Building") referred to in Section 9, (g) the "Dillard Facilities" (other than the "Dillard Main Store Building") referred to in Section 9, and (h) the "Joske Facilities" (other than the "Joske Main Store Building") referred to in Section 9. The design development drawings shall be consistent with the Plot Plan and show, among other things, (i) location of all buildings and improvements, (ii) dimensions, elevations and maximum initial and future heights of all buildings and improvements (except as hereinabove otherwise excluded), (iii) architectural design concept, (iv) provisions for future horizontal and vertical expansion, (v) a specification of materials to be used in construction, (vi) lighting for the Common Facilities, (vii) "Parking Area" landscaping, (viii) "Parking Area" decking, and (ix) "Air Conditioned Mall" amenities. As promptly as possible after submission of the design development drawings and outline specifications for any such phase, the Department Stores shall notify the Project Architect of any objections thereto and Developer shall then cause the Project Architect to rectify any such objections and resubmit same to the Department Stores within thirty (30) days after any such notice until approved by them.

3.2A If the "Air Conditioned Mall" on the Developer Site is to bear upon or share foundations or footings in common with any Department Store "Main Store Building", the Project Architect shall also show on the design development drawings and outline specifications submitted to such Department Store pursuant to Section 3.2 hereof, the construct-

ion and engineering details of the joinder of such Department Store "Main Store Building" with the "Air Conditioned Mall" including, without limitation, the exact location of the columns in Developer's "Air Conditioned Mall" as they relate to such Department Store's Main Store Building so that the Department Store in question may determine which foundations, footings or other underground structural components, if any, of such Department Store Main Store Building will be used in common with the "Air Conditioned Mall".

3.3 As promptly as possible, but, in any event, within sixty (60) days after the date of the Department Stores' approval of the design development drawings and outline specifications for any such phase, Developer shall submit to the Department Stores for their approval final plans and specifications for such phase, which shall be developed from the approved design development drawings and outline specifications, but need not relate to matters concerning specific tenant requirements or tenant construction. As promptly as possible thereafter, the Department Stores shall notify the Project Architect of any objections thereto and Developer shall then cause the Project Architect to rectify any such objections and resubmit such final plans and specifications to the Department Stores within thirty (30) days after any such notice until approved by them.

3.4 Within a reasonable time following approval by the Department Stores of the design development drawings referred to in Section 3.2, each Department Store shall submit to each other Department Store and to Developer, for informational purposes only, drawings showing the location, dimension and height and exterior appearance of each building as planned to be initially constructed.

3.5 If Developer and any Department Store shall be unable to reconcile any difference as regards the design development drawings, outline specifications, final plans or final specifications referred to in Sections 3.2 or 3.3, the matter shall be resolved by arbitration.

3.6 The total of (i) all of the approved final plans and specifications for all phases of Developer's construction and (ii) the submitted drawings for the Department Stores' construction is herein collectively referred to as the "Design Plan" and as the final plans and specifications for each phase of Developer's construction are approved by the Department Stores and the drawings for each Department Stores' construction are submitted to Developer, the same shall be deemed incorporated in and constituting a part of the Design Plan. The Design Plan shall constitute a part of this Agreement and no change, material and/or substantial to any party, shall be made thereto nor shall there be any deviation material and/or substantial to any party therefrom in construction unless jointly consented to by the parties. Any such deviation and/or variance which may be required by reason of any governmental and/or insurance requirement shall be mutually satisfactory and acceptable to the Department Stores.

3.7 Any item required to be submitted by or on behalf of Developer for approval by the Department Stores under this Section 3 shall be accompanied by a letter stating that such item is submitted for approval, and unless accompanied by such a letter, such item shall not be deemed

to have been submitted for approval. Any item shall be deemed to have been submitted on the date of receipt. All items submitted under this Section 3 shall be sent to the following representatives of the parties at the following addresses:

3.8 Notwithstanding the rights of approval reserved by the Department Stores and the right of supervision and inspection granted to the Independent Engineer under this Section, Developer shall be solely and primarily responsible for the design, performance, supervision and inspection of the "Grading Work", "Off-Site Improvements" and the "On-Site Improvements", and neither the reservation nor granting of such rights nor the giving by any Department Store of any approval shall be deemed to relieve Developer from such responsibility nor a waiver by any Department Store of any claim arising out of Developer's failure to meet such responsibility.

Section 4 - Grading Work.

4.1 As promptly as possible, but, in any event, within thirty (30) days from the date hereof, Developer shall furnish to each of the Department Stores a soil study made by a soil engineer acceptable to the Department Stores which study shall set forth the proposed compaction and soil stabilization for the "Grading Work" (as hereinafter defined). Developer covenants and agrees that such study as reviewed and approved by the Department Stores will be included in the final plans and specifications for the "Grading Work".

4.2 As promptly as possible following the Department Stores' approval of the final plans and specifications for the "Grading Work" referred to herein, but, in any event, within ten (10) days after such approval, Developer shall submit to each of the Department Stores the names of prospective contractors to perform the grading for the Entire Premises, which shall include (i) clearing, (ii) grubbing, (iii) removal of trees, shrubs and stumps, (iv) removal of top soil,

(v) cutting, (vi) filling, (vii) compaction of fill, (viii) excavation and compaction of building pads to within eight (8") inches of finished floor grade, (ix) soil borings, (x) compaction tests by a testing laboratory and (xi) foundation and parking area recommendations, all as set forth in the Design Plan (collectively, the "Grading Work"). The Developer shall then prepare a bidders list from such names to which the Department Stores may add, and Developer shall then solicit bids from the contractors on such list and shall award a contract(s) (to be prepared by Developer and approved by the Department Stores) for the Grading Work to the lowest responsible bidder(s) approved by the Department Stores. Such contract(s) shall be made in the name of the Developer in behalf of all of the parties hereto, on the one hand, and such contractor(s), on the other hand. Developer shall be responsible for supervision and management of the performance of the Grading Work. The contract price of each such contract shall be borne by the parties hereto in the proportion which the area of each party's Site bears to the area of the Entire Premises, and the Department Stores shall pay their proportionate shares from time to time as the work progresses upon submission by Developer of certifications by the Project Engineer, approved by the Independent Engineer, that (i) the work in question has been properly performed and (ii) such contractor(s) and all subcontractors and materialmen have been paid for all work and material in place, excepting only the work and materials to be paid for by the payment being requisitioned. The contract(s) shall provide for the completion of the Grading Work at least fifteen (15) months in advance of the "Opening Date"; provided, however, that the Grading Work for the Department Store "Main Store Building" and "Additional Building" pads shall be completed at least seventeen (17) months in advance of the "Opening Date".

Section 4A - Commencement of Work.

Developer covenants and agrees that no Grading Work (and/or any other work of any kind and/or nature whatsoever) shall be commenced on any portion of the Entire Premises until the later of the eleventh (11th) day following (i) the date of recording of this Agreement or (ii) the date on which the Developer shall have notified the Department Stores that it has awarded the contract(s) for the Grading Work as set forth in Section 4 hereof. Developer further covenants and agrees that no materials and/or supplies of any kind or nature whatsoever shall be stored on any portion of the Entire Premises until after the day following the date of recording of this Agreement.

Section 5 - Off-Site Improvements.

5.1 The term "Off-Site Improvements" shall mean the following improvements to be installed off the Entire Premises in accordance with the Design Plan:

- (a) A water line(s) running to the property line of the Entire Premises which shall connect to a municipal or other public or quasi-public water facility, or if such a facility is not available, to an adequate well, reservoir, water tower or other water source to be provided by Developer and approved by the Department Stores, and equipped with adequate pumping facilities, all of which shall comply with all governmental and Board of

Fire Underwriters regulations and provide an adequate and satisfactory rate of flow and pressure necessary for the full enjoyment of the improvements to be erected upon the Shopping Center Site, as provided by this Agreement, including the operation of such a sprinkler and/or fire protection systems as may be required by law or the parties' respective insurance rating organizations;

- (b) A sanitary sewer line(s) running to the property line of the Entire Premises which shall connect to municipal or other public or quasi-public sewage facilities or, if such facilities are not available, to a sewage system to be provided by Developer which shall comply with all applicable governmental regulations and which shall be adequate to handle sewage from the improvements to be erected on the Shopping Center Site as provided by this Agreement;
- (c) A storm sewer line(s) running to the property line of the Entire Premises, adequate to handle and dispose of storm water from the Entire Premises;
- (d) Gas (if available) and electric lines running to the property line of the Entire Premises of sufficient capacity to service the improvements to be erected on the Shopping Center Site as provided by this Agreement;
- (e) Telephone lines running to the property line of the Entire Premises;
- (f) Periphery roads, access roads, ramps, means of ingress and egress and other street improvements, traffic control devices and signalization, all as shown on the Plot Plan and Design Plan and/or as may be mutually agreed upon by the parties.

5.1A Developer acknowledges that it is aware of serious drainage problems in the general vicinity of Walzem Road and Crosswind Drive and the serious access problems between Walzem Road and the Entire Premises. Developer agrees that it is obligated as part of the Off-Site Improvements to take any and all steps which may be required in order to solve such problems to the full and complete satisfaction of the Department Stores.

5.2 Developer shall complete the installation of or cause the installation of the Off-Site Improvements to be completed at least nine (9) months in advance of the "Opening Date".

5.3 If any assessment for public improvements shall be levied against the Entire Premises or any part thereof by reason of the construction or installation of any roads, acceleration or deceleration lanes, highway widening improvements, gutters, curbs, entrances, overpasses, traffic signals or other traffic control devices, water lines, sanitary sewers, storm sewers or other off-site improvements of any nature whatsoever as a result of the initial development of the Entire Premises as a shopping center in accordance with the Design Plan, irrespective of whether construction shall have been started on or before the Opening Date ("Initial Off-Site Improvements"), the cost of such assessment (subject, however, to the provisions of the Supplemental Agreements) shall be paid by all of the parties hereto in the ratio that

Vol 7451 Page 661

the land area of each party's Site bears to the land area of the Entire Premises.

No party may, without the prior written consent of the other parties, dedicate title to, or any rights in, any off-site improvement of any nature whatsoever to any municipality or governmental agency if the other parties shall have contributed to the cost of the original installation thereof. If the municipality or governmental agency shall pay any money or offer any other type of consideration in return for such dedication, such consideration shall be shared by the parties hereto in the same proportion in which such parties paid for the cost of the original installation of such improvement.

Vol 7451 Page 662

If any assessment for Initial Off-Site Improvements shall be assessed against the Entire Premises, or any part thereof, each party against whose Site such assessment is levied shall furnish copies of such assessment to the other parties hereto, and the parties shall calculate the share of such assessment (subject, however, to the provisions of the Supplemental Agreements) payable by each of the parties pursuant to this Section 5.3. Each party shall pay the assessment levied against its Site, but if the payment made by any party shall exceed the share of the assessment payable by such party ("excess assessment"), such party shall be reimbursed for the excess assessment by the other party or parties who have paid less than the share of such assessment payable by such other party, such reimbursement to be made within thirty (30) days after demand therefor is served upon such other party.

Any party subject to the payment of any part of an assessment for Initial Off-Site Improvements shall have the right to protest the amount and validity thereof in the name of the party so assessed, at the cost of the party or parties so protesting.

5.4 The cost of the Off-Site Improvements, including, without limitation, Initial Off-Site Improvements, shall be paid by Developer except as may be otherwise set forth in the Supplemental Agreements.

5.5 Any such assessment for public improvements (exclusive, however, of assessments for Initial Off-Site Improvements) levied against the Entire Premises or any part thereof shall be paid by all of the parties hereto in the ratio that the land area of each party's Site bears to the land area of the Entire Premises; provided, however, that any such assessment initiated by any one or more of the parties hereto shall be borne solely by the party or parties initiating same; and, provided further, however, that any such assessment (except one initiated by one or more of the parties) benefitting less than all the parties shall be borne solely by the party or parties so benefitting.

Section 6 - On-Site Improvements.

6.1 The term "On-Site Improvements" shall mean the following improvements to be installed on the Entire Premises:

- (a) Extension of the facilities referred to in Section 5.1(a), (b), (c), (d) and (e), to be installed underground to points to be designated by the

parties (i) at their sidewalk curb lines or (ii) within five (5') feet of the building lines of the buildings shown on the Plot Plan and Design Plan, whichever may be designated by the parties insofar as their respective Sites are concerned. The installation of underground electrical, telephone and security system conduits between Department Store "Main Store Buildings" and "Additional Buildings" are the responsibility of each of the Department Stores involved but shall be installed by the Developer, upon the request of the respective Department Store(s), at the sole cost of such requesting Department Store(s).

- (b) "Common Facilities", other than the "Air Conditioned Mall" including, but not limited to, ring roads, spoke roads, sidewalks, berms, retaining walls, screen walls, soil stabilization, relocation of utility lines, acceleration and deceleration lanes, Shopping Center pylon sign, "Parking Area" paving and sub-gravel base, "Parking Area" identification signs, installation of light poles and lamps, concrete curbs, striping, landscaping other than so-called foundation landscaping, irrigation systems for landscaping, and traffic control signs, but excluding paving and landscaping between building walls and sidewalk curb lines, but including concrete curbs and gutters;
- (c) Construction staging areas for each party's building site and haul roads leading thereto, which haul roads will be completed prior to commencement of construction and maintained by Developer during the course of construction;
- (d) Backfill (of an amount and a consistency satisfactory to the Department Stores) shall be furnished by the Developer at a location on each of the Department Stores' Sites selected by the Department Store in question (it being understood, however, that the backfill shall be installed by each of the Department Stores on its Site).

6.2 As promptly as possible following the Department Stores' approval of the final plans and specifications for the On-Site Improvements referred to herein but, in any event, within ten (10) days after such approval, Developer shall submit to each of the Department Stores the names of prospective contractors to install the On-Site Improvements. The parties hereto shall then prepare a bidders list from such names to which the Department Stores may add, and Developer shall then solicit bids from the contractors on such list and shall award a contract(s) (to be prepared by Developer and approved by the Department Stores) for the On-Site Improvements to the lowest responsible bidder(s) approved by the Department Stores. Such contract(s) shall be made in the name of the Developer, on the one hand, and the contractor(s) on the other hand. Developer shall be responsible for supervision and management of the performance of the On-Site Improvements. The contract price of each such contract shall be borne by the parties hereto in the proportion which the area of each party's Site bears to the area of the Shopping Center Site; provided, however, that to the extent that any of the facilities described in Section 6.1(a) shall be installed in or designed or sized to service the Reserved Area, such proportion shall be that

Vol 7451

which the area of each party's Site bears to the area of the Entire Premises. The Department Stores shall pay their proportionate shares from time to time as the work progresses upon submission by Developer of certifications by the Project Engineer, approved by the Independent Engineer, that (i) the work in question has been properly performed, and (ii) such contractor(s) and all subcontractors and materialmen have been paid for all work and material in place, excepting only the work and materials to be paid for by the payment being requisitioned. The contract(s) shall provide for completion of the On-Site Improvements specified in Sections 6.1(a) and (c) at least fifteen (15) months in advance of the "Opening Date", and those specified in Section 6.1(b), at least four (4) months in advance of the "Opening Date".

Vol 7451 Page 664

6.3 Any consent or approval which is required to be given by any part under Sections 3 through 6 shall not be unreasonably withheld by such party.

6.4 Developer covenants and agrees to provide temporary utility services at each of the Department Stores' Sites within six (6) months after the date of full execution of this Agreement.

6.5 Title to the Penney Site, Ward Site and Developer Site is subject to a perpetual subsurface easement and right of way along a route across and beneath the surface of said Sites for the construction, maintenance, operation, repair, alteration, replacement and changing of and removing, from time to time, of a pipeline or pipelines for the transportation of oil, gas or by-products therefrom, or any of them, such easement and right of way being fifty (50') feet wide and being twenty-five (25') feet on each side of a certain described centerline, as set forth in an "Agreement for Vacation of Existing Easement and Grant of Substituted Easement" recorded in Volume 7413, Page 317 et seq., Deed Records of Bexar County, Texas, by and between Developer and Lo-Vaca Gathering Company ("Lo-Vaca Easement"). In connection with the Lo-Vaca Easement, Developer covenants and agrees as follows:

- (a) As of the date of this Agreement, the pipeline or pipelines situated on the Entire Premises has been rendered inactive and inoperable;
- (b) Prior to September 30, 1974, the said pipeline or pipelines will be capped at a point north of the northerly right of way line of Walzem Road and at a point south of the south line of the Entire Premises;
- (c) Upon completion of the said capping, the pipeline or pipelines then situated outside the Lo-Vaca Easement shall be considered abandoned in place and shall be removed by Developer as part of the Grading Work referred to in Section 4 hereof;
- (d) To promptly transmit to the Department Stores copies of any and all notices received by it insofar as the Lo-Vaca Easement is concerned; and
- (e) To promptly take any and all action which may be required of it pursuant to the Lo-Vaca Easement.

Section 7 - Floor Area.

7.1 The term "Floor Area", as used herein, shall mean, with respect to each building or structure on the Entire Premises, the number of square feet of floor area at each level or story (including mezzanines and basements) lying within the exterior faces of exterior walls (except

party walls as to which the center line, not the exterior faces, shall be used), excluding, however, (i) outdoor sales areas which are not heated or air conditioned, (ii) the "Air Conditioned Mall" (but not kiosks therein), (iii) truck parking, truck turn-around and dock areas, whether interior or exterior, (iv) the upper levels of any multi-deck stock area, and (v) common service and fire corridors on the Developer Site and (vi) penthouse areas used for mechanical or electrical equipment. No deduction shall be made from Floor Area computed under the foregoing definition by reason of columns, stairs, escalators, elevators, dumb-waiters, conveyors or other interior construction or related equipment within the building involved.

7.2 At least thirty (30) days prior to the determination of the number of square feet of Floor Area in each instance in which a determination thereof shall be required under the provisions of this Agreement, the Project Architect shall submit each such determination to all parties for their respective reviews and each party shall have thirty (30) days from such submission to file objections to such determination with the Project Architect. The Project Architect shall thereafter make and certify (and delivery to each of the parties) a final determination taking into account any such objections which may have been filed and correcting any errors with respect thereto. The certification referred to in the preceding sentence shall be amended from time to time to reflect changes in the Floor Area. Notwithstanding anything to the contrary contained in this Agreement, during the period of any damage, destruction, razing, rebuilding, repairing, replacement or reconstruction to, on or of any building in the Shopping Center, the Floor Area of such building shall be deemed to be the same as the Floor Area of such building immediately prior to such period, and upon the substantial completion of the rebuilding, repairing, replacement or reconstruction of such building, the Project Architect shall make and certify a new determination of Floor Area for such building and for the Shopping Center, in the manner provided in this Section 7.2. as of such date of substantial completion.

Section 8 - Developer Facilities.

8.1 As promptly as possible after completion of the Grading Work on the Developer Site, but, in no event, later than fourteen (14) months in advance of the "Opening Date", Developer shall commence (in the manner and after the notices herein required) and prosecute with due diligence, at its sole cost and expense, the construction upon the Entire Premises of the following improvements ("Developer Facilities"), to the extent that the same are not to be performed as part of the On-Site Improvements under the contracts referred to in Section 6.1, in accordance with the Plot Plan and Design Plan so that the Developer Facilities, the "Penney Facilities", the "Ward Facilities", the "Dillard Facilities" and the "Joske Facilities" shall constitute a unified shopping center:

- (a) Two-level fully sprinklered store buildings for tenants ("Mall Store Buildings") within the Permissible Building Lines shown therefor, which shall have an aggregate Floor Area of not less than 135,000 or more than 180,000 square feet on each level and an aggregate Floor Area of not less than 290,000 or more than 355,000 square feet in total.

(b) A two-level enclosed, fully sprinklered, air conditioned and heated mall ("Air Conditioned Mall") which shall be architecturally harmonious with the Mall Store Buildings and the Department Store "Main Store Buildings", and in accordance with standards customarily employed in enclosed-type heated and air conditioned shopping centers. Specifically, Developer shall furnish and install separate heating and cooling systems or combination heating and cooling system capable of adequately ventilating the Air Conditioned Mall and maintaining temperatures therein in accordance with the following standards:

- (i) Heating Season: A prevailing minimum indoor temperature of approximately 72°F with outside temperatures ranging to as low as 15°F;
- (ii) Cooling Season: A prevailing maximum indoor temperature of 75°F and a relative humidity of 50% with an outside dry bulb temperature ranging to as high as 100°F coincident with a wet bulb temperature of 79°F.

To the extent that any such equipment or appurtenances thereto shall be roof mounted, the same shall be obscured from ground level view by parapet walls or other appropriate screening.

The Developer and the Department Stores recognize national energy guidelines, and will set building thermostats in accordance with good energy conservation criteria. The temperatures will be controlled through setting of thermostats in the operation of heating and cooling equipment during energy emergency, and not by the changing of building design or mechanical design.

Developer agrees that floor to floor height of the Air Conditioned Mall should not exceed eighteen (18') feet without prior written approval from the Department Stores. In the event the floor to floor dimensions of any Department Store "Main Store Building" differ from the floor to floor dimensions in the Air Conditioned Mall, then any one or more of the Department Stores may require Developer to provide floor offsets in the Air Conditioned Mall so that the floor to floor dimensions may be maintained within the requesting Department Store "Main Store Building", and said mall offsets shall be accomplished by both steps and ramps with design concept subject to the approval of the Department Stores as part of the Design Plan.

(c) Fire corridors complying with local law and building code requirements along the "Penney's Main Store Building" and the "Joske Main Store Building" at the locations shown on Exhibit G hereto which will provide direct access to the "Parking Area" for persons leaving such building through fire exits opening onto such corridors. At Developer's election, such corridors may serve other premises in addition to "Penney's and Joske's Main Store Buildings" and may be extended to connect with the Air Conditioned Mall. It is agreed, how-

ever, that the fire exits of "Penney's and Joske's Main Store Buildings" which open onto such corridors will be located at least twenty (20') feet measured horizontally) from the Air Conditioned Mall and that such corridors need not extend any closer to the Air Conditioned Mall than is necessary for them to afford access to the "Parking Area" from such exits. Developer hereby grants Penney and Allied a non-exclusive easement permitting its customers, employees, agents and members of the public who are present in its "Main Store Building" to use such corridors in the event of fire or other emergency for the purpose of passing from such building through such fire exits directly to the "Parking Area".

The rights and easements granted Penney and Allied and the obligations of Developer, under the provisions of this Sub-section (c) shall remain in effect during the term of this Agreement and thereafter so long as the "Penney Main Store Building" and/or the "Joske Main Store Building", or any replacement thereof, as the case may be, remains in operation.

For the purpose of determining the rights and obligations of Penney, Allied and Developer with respect to the aforesaid fire corridors, the walls, roof and floor of said fire corridors shall be deemed to be part of the Developer Facilities and the interior walls of said fire corridors adjacent to the "Penney or Joske Main Store Building", as the case may be, shall be deemed to be part of the respective "Main Store Building".

- (d) An illuminated parking area ("Developer Parking Area"), which shall contain not less than 5.0 car spaces, of the character shown on the Plot Plan, for each 1,000 square feet of Floor Area of the Developer Site. The lighting for the said Parking Area shall at all times be able to provide an intensity at thirty (30") inches above ground level of not less than one and one-half (1½) foot candles minimum maintained throughout, and at night time hours commencing one (1) hour after the closing of the Shopping Center, shall be capable of providing twenty-five (25%) per cent lighting which means that one (1) lighting unit of the four (4) lighting units located on each lighting pole shall furnish illumination.
- (e) All other "Common Facilities" on the Developer Site.

The word "commence" as utilized in the first sentence of this Section 8.1 shall be deemed to refer to pouring footings and foundations.

8.2 Prior to commencement of construction, Developer shall furnish the Department Stores with copies of a construction loan commitment and a permanent loan commitment from a responsible lending institution(s) or shall furnish such other evidence as the Department Stores may reasonably require to satisfy them that Developer will have the

means of paying for the Grading Work and for the Off-Site and On-Site Improvements and the Developer Facilities. The maturity of said construction loan mortgage shall be such so as to permit an adequate period for the completion of construction and the closing of the permanent long term mortgage and its retirement out of the proceeds of the permanent long term mortgage. The permanent long term mortgage commitment shall be of sufficient duration so as to allow adequate time for the completion of construction prior to the expiration thereof.

8.3 Construction of the Developer Facilities shall be substantially completed by February 1, 1976.

Section 9 - Department Store Facilities.

By the later of (a) ten (10) months from the date hereof, or (b) as soon as is reasonably practicable after (i) completion of the Grading Work, (ii) compliance by Developer with Section 8.2, and (iii) commencement of construction of the Developer Facilities, each Department Store shall commence (provided, however, that Dillard shall not be required to commence construction prior to July 1, 1976) and prosecute with diligence, at its sole cost and expense, the construction upon its Site, in accordance with the Plot Plan and the Design Plan, of the following improvements, to the extent that the same are not to be performed as part of the On-Site Improvements under the contracts referred to in Section 6.1 and/or by Developer as herein set forth:

- (d) Ward shall construct the sidewalk paving, install its exterior building lighting, and do the initial landscaping and irrigation (desired by it) between building walls and sidewalk curb lines on the Ward Site, to the extent not included in On-Site Improvements.

9.4 Construction of the Ward Facilities shall be substantially completed thirty (30) days prior to the "Opening Date".

9.5 The following improvements ("Dillard Facilities") shall be constructed on the Dillard Site:

9.6B Construction of the Joske Facilities shall be substantially completed thirty (30) days prior to the "Opening Date".

9.7 The required completion dates set forth in Section 9.2, 9.4, 9.6 and 9.6B, as the case may be, may be extended by any Department Store which shall be delayed in the completion of its Facilities by the number of days such Department Store is so delayed by reason of the failure of Developer to meet any of the document submission or completion dates specified in Sections 3.2, 3.3, 4, 5.2, 6.2 or 8.3.

9.8 Anything to the contrary herein notwithstanding, each Department Store may extend the exterior walls of its store building up to six (6') feet outside the Permissible Building Lines on its Site as shown on Exhibit G, provided that the Department Store in question does not exceed the Floor Area limitations set forth in this Agreement, and further provided that the Department Store in question does not extend the exterior walls of its store building beyond the boundary lines of its own Site.

Such leases shall be made with tenants who (a) represent a sound and balanced diversification of merchandise and services, (b) are well qualified and customarily engage in or are capable of an intensive and continuous merchandising and promotional program, (c) will be of good repute, and (d) will fixture, decorate and maintain their respective store premises in a tasteful and decorous manner. Developer will use its best efforts to effectuate a balanced distribution of said tenants on all levels of said buildings in order to avoid a concentration of any particular type or class of tenant in any one area.

10.2 Developer will, at all times, enforce the provisions of all leases and occupancy agreements relating to the Developer Site and exhaust all available remedies to insure compliance therewith by the tenants and occupants thereunder.

WOL 7451 PAGE 671

10.3 No Department Store shall be under any duty or obligation to open for business unless and until (a) tenants and operators of at least seventy-five (75%) per cent of Floor Area on each level of the Mall Store Buildings have opened or are about to open their stores for business in the premises demised to them under the aforementioned leases or to be occupied by them under the aforementioned agreements, as the case may be, and (b) at least two (2) other Department Stores have opened their respective stores for business or are about to open same for business.

Section 11 - Shopping Center Opening Date.

Each party shall, subject to "Unavoidable Delays", use its best efforts (which shall not require overtime or premium rates) to open its Facilities for business with the public on or prior to Wednesday, August 4, 1976, or as soon thereafter as possible; provided, however, that Dillard shall not be required to open for business with the public prior to August 3, 1977, and further provided, however, that no Department Store shall be required to so open its Facilities (i) prior to twenty-four (24) months from the date hereof, (ii) if construction of the Developer's Facilities shall not have been fully completed, or (iii) if Developer shall not then have fulfilled the tenancy requirements of Section 10.1, or (iv) if the requirements of Section 10.3(a) shall not then have been fulfilled, or (v) if the other Department Stores shall not be ready to open for business with the public. Such date may be extended, as to any Department Store by the number of days such Department Store is delayed in completing or opening its Facilities by reason of the failure of Developer to meet any of the submission or completion dates specified in Sections 3.2, 3.3, 4, 5.2, 6.2 or 8.3. In the event that the Shopping Center shall not open on the date above specified, the parties shall, within thirty (30) days after the actual opening, execute and exchange a written agreement in recordable form which will set forth the Opening Date. The date on which at least three (3) of Penney, Ward, Dillard and Joske, and tenants and operators of at least seventy-five (75%) per cent of the Floor Area on each level of the Mall Store Buildings, shall actually open for business with the public, is herein referred to as the "Opening Date". Anything to the contrary herein notwithstanding, in the event the Opening Date shall not have occurred prior to September 1, 1977, then for purposes of this Agreement, September 14, 1977 shall be deemed to be the Opening Date. In no event shall any Department Store be required to open its Facilities during the period from October 1 of any year to January 31 of the succeeding year, during the period from May 1 to August 1 of any year, or during the 30-day period prior to Easter Sunday; provided, however, that insofar as Dillard is concerned, the date "July 15" shall be substituted for "August 1".

Section 11A - Work Progress Schedules.

In order to make possible the expeditious construction by each party of the Facilities it is required to construct pursuant to this Agreement and in order to enable fulfillment by each of the parties hereto of its obligations leading to the opening of its respective Facilities for business with the public as contemplated by this Agreement, the parties shall periodically (but, in any event, not less frequently than once in each three (3) month period commencing with

the sixtieth (60th) day following the date of this Agreement) exchange work progress schedules through the Project Architect concerning the commencement dates, progress of and anticipated completion dates for the Grading Work, Off-Site Improvements, construction of the various Facilities and the prospective Opening Date. Any substantial deviation from the dates set forth in this Agreement and/or from prior work progress schedules shall be communicated to the other parties.

It is understood that certain construction on and/or in connection with the Dillard Main Store Building may take place, in whole or in part, after Penney and/or the Developer open for business with the public. In such event, Dillard covenants and agrees, insofar as such construction is concerned, as follows:

1. The Parking Areas (except those on the Dillard Site) shown on the Plot Plan shall be fully completed and available for use by the occupants of the Entire Premises prior to the later of (a) the commencement of any such construction or (b) a date thirty (30) days prior to the opening for business of the Penney Main Store Building.
2. In the event that, in the course of construction or otherwise, any improvements on the Entire Premises are disturbed, Dillard shall immediately repair and restore same to at least their condition existing prior to the commencement of construction;
3. Dillard shall perform its work or cause the work on the Dillard Site to be performed so as not to interfere with the then operation of the Entire Premises and shall comply or cause compliance with the following requirements at Dillard's sole cost and expense:
 - (i) Dustproof Control - Dillard shall place temporary structurally sound and attractive plywood partitions at locations therefore selected by Penney. All such partitions shall be completely dustproofed by the additional use of plastic cloth or other like materials and all joints will be taped, caulked and made air tight;
 - (ii) Dust and Dirt Control - Dillard shall, from time to time, spread water and chemicals over the Parking Area so as to eliminate all dust and shall mechanically clean and sweep the Parking Area. Dillard shall also arrange for frequent picking up of windblown debris;
 - (iii) Construction Schedule - Dillard shall furnish to the other parties construction schedules as to all work to be performed and the periods of time which will be required to do the said construction;
 - (iv) Access - Access for both motor vehicles and pedestrians between the Parking Areas and all entrances to buildings on the Entire Premises shall be maintained at all times and shall not be obstructed in any way or manner whatsoever;
 - (v) Construction Trucks and Trailers - shall not be stored on the Entire Premises or any portion thereof except on the staging area, if any, which must first be approved by Penney.

Vol 7451 p. 673

- (vi) Tests, Connections, Tap-ins and the Like - shall be done at times when the Shopping Center is not open for business and shall be done in such a manner so as not to interfere with the operation of the Shopping Center. Notice of such tests, connections, tap-ins and the like shall be given to the other Department Store store managers and to the Developer at least five (5) days prior to same;
- (vii) Protection - Dillard shall protect the Entire Premises from falling debris, misuse of equipment and the like;
4. Anything to the contrary notwithstanding, the sprinkler systems serving the Entire Premises (except Dillard's Main Store Building) shall remain fully and completely operational at all times;
5. Dillard shall not permit construction employees, construction materials, trucks, motor vehicles, equipment, etc. to have access to the Entire Premises through any portion thereof except as shall be specifically approved by Penney, and construction employees shall not park nor shall materials and supplies be stored and/or assembled anywhere on the Entire Premises except in the staging area hereinabove referred to;
6. The contractor doing the said construction shall carry public liability insurance under a policy or policies naming the Developer and the other Department Stores as additional insureds and such insurance shall have limits of not less than \$2,000,000 per person and \$5,000,000 per occurrence in respect to bodily injury or death and not less than \$1,000,000 per occurrence in respect to property damage; and
7. Dillard shall be fully and completely responsible for the enforcement of the provisions hereinabove set forth, shall indemnify and hold the Developer and the other Department Stores harmless from all claims, debts, demands, injuries, loss or damage occasioned by or arising either directly or indirectly, as the result of the said construction and shall pay any and all costs in connection therewith.

Section 12 - Unavoidable Delays.

The time within which any party hereto shall be required to perform any act under this Agreement, other than the payment of money, shall be extended by a period of time equal to the number of days during which performance of such act is delayed unavoidably by strikes, lockouts, acts of God, governmental restrictions, failure or inability to secure materials or labor by reason of priority or similar regulation or order of any governmental or regulatory body, enemy action, civil disturbance, fire, unavoidable casualties or any other cause beyond the reasonable control of such party ("Unavoidable Delays"), excluding, however, the inability or failure of any party to obtain any financing which may be necessary to carry out its obligations and excluding insofar as the Developer is concerned, Federal, State, County and Municipal laws, ordinances, rules and regulations in effect prior to the later of (i) the date of recording of this Agreement or (ii) the date of commencement of construction by Developer; and also excluding the requirement that Developer comply with all ecological and Environmental Protection Agency (and/or its substantive successors and such relevant State agencies whose purpose is equivalent in purpose and effect) requirements as set forth in the last recital in the initial portion of this Agreement. Notwithstanding the foregoing, unless the party entitled to such extension shall give notice to the other interested party of its claim to such extension within twenty (20) days after the event giving rise to such claim shall have occurred, there shall be excluded in computing the number of days by which the time for performance of the act in question shall be extended, the number of days which shall have elapsed between the occurrence of such event and the actual giving of such notice.

Section 13 - Remedies of Department Stores Prior to Opening Date.

13.1 In the event Developer shall fail to (i) commence construction of Developer Facilities by the date specified in Section 8.1, or (ii) furnish the mortgage commitments as provided in Section 8.2, or (iii) fulfill the tenancy requirements of Section 10, or (iv) complete construction of the Developer Facilities by the date specified in Section 8.3, as said date may be extended by Unavoidable Delays or within five (5) years from the date hereof irrespective of Unavoidable Delays, whichever shall first occur, or (v) open the Developer Facilities for business on the date specified in Section 11, as said date may be extended by Unavoidable Delays or within one (1) year from the completion of construction of the Developer Facilities irrespective of Unavoidable Delays, whichever shall first occur, or (vi) obtain any and all permits which may be required in order to enable the construction and operation of the entire Shopping Center as contemplated by this Agreement (provided, however, that each Department Store shall be required to obtain building permits for its own Main Store Building and Additional Building, as the case may be)

LYN 7451 MAR 676

and such default shall not have been remedied within thirty (30) days after notice thereof by any Department Store to Developer, with a copy to the other Department Stores, then any Department Store, within thirty (30) days after the conclusion of the immediately preceding referred to thirty (30) day period, may give notice to Developer, with a copy to the other Department Stores, requesting the following information and documents: (i) an itemization of the purchase price of the Developer Site, which shall be an amount equal to the price per acre to Developer of acquiring the Entire Premises, multiplied by the number of acres of the Developer Site, plus the cost of the Grading Work and the On-Site Improvements fairly allocable to the Developer Facilities thereon to the extent then completed, plus all other sums actually expended by Developer in connection with the acquisition, development and improvement of the Developer Site, (ii) copies of all contracts and agreements made by Developer in connection with the acquisition, development and improvement of the Developer Site, and the construction of the Developer Facilities or any other improvements which Developer shall be obligated to make hereunder, together with all plans, layouts, engineering data and highway studies prepared in connection therewith and all licenses and permits issued in connection therewith, (iii) copies of all leases and occupancy agreements theretofore entered into by Developer relating to the occupancy of any part of the Developer Site, and (iv) a copy of the mortgage commitments referred to in Section 8.2, and the construction mortgage itself if the same shall have been executed. Then, (a) at any time within sixty (60) days thereafter, upon notice to the other parties, any one or more of the Department Stores may elect to resell and reconvey its or their Site or Sites, as the case may be, to Developer, together with its or their Facilities, as the case may be, thereon to the extent then completed, for a price equivalent to the purchase price actually paid by it or them for its or their Site, as the case may be, plus all of its or their costs and expenses, as the case may be, theretofore incurred in connection with the acquisition and/or development (including, without limitation, the amounts paid or payable in connection with Grading Work, Off-Site Improvements and On-Site Improvements, as the case may be) of its or their Site or Sites, as the case may be, and construction of its or their Facilities, as the case may be, together with interest at a rate of eight (8%) per cent per annum on such purchase price, costs and expenses from the date paid by any such Department Store until the date of payment or repayment by Developer, or (b) if no Department Store elects to resell its Site, the Department Store first giving notice to Developer and to the other Department Stores within thirty (30) days after the expiration of said sixty (60) day period, may elect to purchase the Developer Site, together with the Developer Facilities to the extent then completed, for the actual cost to Developer of the Developer Site, plus all of Developer's costs theretofore incurred in connection with the construction of the Developer Facilities, or (c) if only one Department Store elects to resell its Site, any one or more of the other Department Stores may elect, upon the giving of notice to the other parties within thirty (30) days after the giving of the notice referred to in clause (a), to purchase (i) from Developer, the Developer Site, together with the Developer Facilities to the extent then completed, for the actual cost to Developer of the Developer Site, plus all of Developer's costs theretofore incurred in connection with the construction of the Developer Facilities and/or (ii) from the selling Department Store, its Site, together with the Facilities thereon to the extent then

completed, for the actual cost to such Department Store of its Site, plus all of its costs and expenses theretofore incurred in connection with the acquisition and/or development (as set forth above) of its Site and the construction of its Facilities together with interest (as set forth above). If more than one Department Store shall give such notice, the purchasing Department Stores shall take title to the Developer Site and the selling Department Store's Site, if any, as tenants in common, with each purchasing Department Store acquiring a $\frac{1}{2}$ or $\frac{1}{3}$ or $\frac{1}{4}$ undivided interest, as the case may be, in the Developer Site and the selling Department Store's Site, if any. The selling and purchasing parties shall be entitled to inspect and audit each other's books and records at reasonable times in order to verify the computation of the purchase price under this Section, which books and records shall be retained by such parties, at their respective offices set forth at the head of this Agreement, at least until the Opening Date.

13.2 The closing of title and the delivery of the deed under Section 13.1 shall take place, at such place as the Department Store(s) shall designate in the general area in which the Entire Premises is located, sixty (60) days after the giving of such notice of election and if any Department Store shall elect to resell its Site, conveyance shall be by Limited (Special) Warranty Deed.

13.3 If any Department Store shall elect to purchase the Developer Site in accordance with clauses (b) or (c) of Section 13.1, at the closing of title, Developer shall tender to the purchaser executed assignments of (i) all leases and occupancy agreements theretofore entered into by Developer of every kind and nature, relating to the occupancy of any part of the Developer Site, (ii) all contracts and agreements made by Developer providing for or relating to the construction of the Developer Facilities and any other improvements which Developer shall be obligated to make hereunder, together with all plans, layouts, engineering data and highway studies prepared in connection therewith and all licenses and permits issued in connection therewith, (iii) all other contracts and agreements of every kind and nature theretofore executed by Developer pursuant to the provisions of this Agreement, and (iv) the mortgage commitments referred to in Section 8.2, if assignable. Any of the leases, contracts and agreements referred to in (i) through (iv) above, of which the purchaser shall not accept an assignment or which the purchaser shall not have previously approved following request therefor, shall, upon notice to such effect given by the purchaser to the other party thereto, ipso facto, be terminated and of no further force and effect as between such party and the purchaser nor shall the same in any way thereafter be deemed to affect or be a charge on the Entire Premises. The purchaser shall, by the acceptance of any lease or occupancy agreement referred to in (i) above, be deemed to have assumed all of Developer's covenants and obligations therein to such tenant or operator in respect of the Entire Premises. Conveyance by Developer to the purchaser shall be by General Warranty Deed and the title shall be free and clear of all liens, charges and encumbrances other than those leases and occupancy agreements of which the purchaser shall elect to accept assignments, the lien of the construction mortgage, if any, referred to in 8.2, any easements for public utilities which Developer shall have granted with the consent of all the purchasing Department Store or Stores in connection with the development of the Shopping Center, the lien of current real estate

taxes (to be prorated as of the closing date) not yet due and payable, and any dedication for public use which Developer shall have theretofore made for any governmental authority with the consent of the purchasing Department Store or Stores. Following the giving of any such notice by a Department Store to Developer as reflected in the first sentence of this Section 13.3, Developer shall not enter into any further contracts or agreements, or leases or occupancy agreements of the character referred to in clauses (ii) and (iii) above, without the prior consent of the purchasing Department Store or Stores; provided, however, that if none of said Department Stores purchase the Developer Site within eight (8) months after the giving of such notice, this restriction shall lapse at the expiration of the said eight (8) month period.

13.4 This Agreement shall terminate on the closing of title as to such of the Department Stores as shall elect to sell under clause (a) of Section 13.1.

Section 13A - Remedies of Developer and Other Department Stores Prior to Opening Date as to a Defaulting Department Store.

13A.1 In the event any Department Store shall fail to (i) commence construction of its Facilities by the later of (a) nine (9) months from the date hereof, or (b) the latest of the dates referred to in item (b) of the first sentence of Section 9 hereof, or (ii) complete construction of its Facilities by September 1, 1977, as said date may be extended by Unavoidable Delays or within five (5) years from the date hereof, irrespective of Unavoidable Delays, whichever shall first occur, and such default shall not have been remedied within thirty (30) days after notice thereof by Developer to such Department Store, with a copy to the other Department Stores, then Developer or any non-defaulting Department Store(s), within thirty (30) days after the conclusion of the immediately preceding referred to thirty (30) day period, may give notice to the defaulting Department Store, ^{as the case may be} with a copy to the Developer and the other Department Stores, requesting the following information: (i) an itemization of the purchase price of the defaulting Department Store's Site paid to Developer for acquiring its Site, plus the cost of the Grading Work, the Off-Site Improvements, the On-Site Improvements and the Project Engineer, to the extent then paid by such defaulting Department Store, plus (ii) all other sums actually expended by such defaulting Department Store in connection with the acquisition, development and improvement of its Site. Then, at any time before sixty (60) days after such information is furnished by the defaulting Department Store, upon notice to the Department Stores, Developer may elect to purchase or repurchase such defaulting Department Store's Site, together with the Facilities thereon to the extent then completed, for a price equivalent to the purchase price actually paid by it for its Site plus all of its costs and expenses theretofore incurred in connection with the acquisition of its Site and construction of its Facilities (collectively referred to as the "Buy Back Price"), together with interest at a rate of eight (8%) per cent per annum on such purchase price, costs and expenses from the date paid by such defaulting Department Store until the date of payment or repayment by Developer. If Developer fails to elect to purchase the defaulting Department Store's Site and Facilities (and give such notice thereof) before sixty (60) days after such requested information is furnished, the non-defaulting Department Stores shall have the right to elect to make such purchase for the Buy Back Price by giving notice to Developer and the other Department Stores within thirty (30) days thereafter. If only one non-defaulting Department Store elects to repurchase the defaulting Department Store's Site, any one or more of the other non-defaulting Department Stores may elect, upon the giving of notice to

the other parties within thirty (30) days after the giving of such notice of election by a non-defaulting Department Store to make such purchase, to join with the non-defaulting Department Store which elected to make such purchase in purchasing from the defaulting Department Store, the defaulting Department Store Site, together with the Facilities thereon to the extent then completed, for the Buy Back Price. If more than one non-defaulting Department Store shall give such notice, the purchasing Department Store(s) shall take title to the defaulting Department Store's Site, as tenants in common, with each purchasing party acquiring a $\frac{1}{2}$ or $\frac{1}{3}$ undivided interest, as the case may be, in the defaulting Department Store's Site and Facilities. The selling and purchasing parties shall be entitled to inspect and audit each other's books and records at reasonable times in order to verify the computation of the Buy Back Price under this Section, which books and records shall be retained by such parties, at their respective offices set forth at the head of this Agreement (or at another location within the continental United States) at least until a date six (6) years from the date hereof.

13A.2 The closing of title and delivery of the deed under Section 13A.1 shall take place, at such place as the Developer and/or the purchasing Department Store(s) shall designate in the general area in which the Entire Premises is located, sixty (60) days after the giving of such notice of election and conveyance shall be by Limited (Special) Warranty Deed.

13A.3 If any Department Store's Site shall be purchased in accordance with clauses (a) or (b) of Section 13A.1, at the closing of title, the defaulting Department Store shall tender to the purchaser executed assignments of all contracts and agreements made by such defaulting Department Store providing for or relating to the construction of its Facilities, together with all plans, layouts and engineering data prepared in connection therewith and all licenses and permits issued in connection therewith. Any of the contracts and agreements referred to in the preceding sentence, of which the purchaser shall not accept an assignment or which the purchaser shall not have previously approved following request therefor, shall, upon notice to such effect given by the purchaser to the other party thereto, ipso facto, be terminated and of not further force and effect as between such party and the purchaser nor shall the same in any way thereafter be deemed to affect or be a charge on the Entire Premises. Conveyance by the defaulting Department Store to the purchaser shall be by Limited (Special) Warranty Deed and the title shall be free and clear of all liens, charges and encumbrances other than those agreements, any easements for public utilities which the defaulting Department Store shall have granted in the reasonable exercise of its discretion in connection with the development of the Shopping Center, the lien of current real estate taxes (to be prorated as of the closing date) not yet due and payable, and any dedication for public use which such defaulting Department Store shall have theretofore made to any governmental authority in the reasonable exercise of its discretion in connection with the development of the Shopping Center. Following the giving of any such notice by the Developer or any such non-defaulting Department Store to the defaulting Department Store, as reflected in the first sentence of Section 13A.1, such defaulting Department Store shall not enter into any further contracts or agreements without the prior consent of the purchasing party or parties, as the case may be; provided, however, that if none of Developer and the non-defaulting Department Stores purchase the defaulting Department Store's Site within eight

Vol 7451 pg 679

(8) months after the giving of such notice, this restriction shall lapse at the expiration of the said eight (8) month period.

13A.4 This Agreement shall terminate on the closing of title as to such defaulting Department Store.

13A.5 Anything to the contrary herein notwithstanding, it is understood and agreed that the provisions of this Section 13A shall in no way apply (i) to any Department Store whose performance is fully guaranteed under this Agreement and/or (ii) after the date of substantial completion of the Department Store's Main Store Building insofar as such Department Store is concerned and/or (iii) prior to January 31, 1978.

Section 14 - Operating Covenants of Developer.

14.1 Provided at least two (2) Department Stores shall not be in default under its operating covenant set forth in Section 15, Developer shall, for a period of fifteen (15) years following the Opening Date and for so long thereafter as at least sixty (60%) per cent of the Floor Area of at least two (2) of the Department Store Main Store Buildings shall be occupied for retail purposes, continually operate the Shopping Center under the name "Windsor Park Mall Shopping Center", in a manner consistent with the best standards of regional shopping center practice, and shall use its best efforts to keep all store space in the Mall Store Buildings leased to the end that the Shopping Center will be utilized only for (i) retail purposes, and (ii) service establishments, such as banks, offices, etc., not exceeding in the aggregate fifteen (15%) per cent of the Floor Area of the Mall Store Buildings. Developer shall not lease or enter into any occupancy agreement permitting the use and occupancy of any portion of a Mall Store Building within seventy-five (75') feet from the Main Store Building entrance of a Department Store on the Air Conditioned Mall as a luncheonette or fast-food facility, or any other facility selling food for off-premises consumption, without the consent of the applicable Department Store.

14.2 No portion of the Mall Store Buildings on the Developer Site shall be used for any purpose other than the sale of goods, wares, merchandise, food, beverages and services to the public at retail and as set forth in clause (ii) of the last sentence of Section 14.1 other than such portions thereof as it may be reasonably necessary to devote to office and storage areas in connection with the operation of the Shopping Center.

14.3 There shall not be constructed on the Developer Site, without the prior approval of the Department Stores (i) any facilities for the parking of motor vehicles other than at ground level unless such be shown therefor on the Plot Plan and Design Plan, (ii) any buildings or structures (including, but not limited to, kiosks) not shown on the Plot Plan or Design Plan and/or in the Reserved Area shown on the Plot

Plan and Design Plan, (iii) any building or structure in excess of two (2) stories or forty (40') feet in height (except in such locations, if any, where a structure of a greater height is expressly permitted as indicated on the Plot Plan or Design Plan, provided the height limitation, if any, shown thereon for such location, is not exceeded), (iv) any kiosk which exceeds nine (9') feet in total height (including signs) or exceeds two hundred (200) square feet in area or exceeds dimensions of ten (10') feet in width by twenty (20') feet in length or which is used as a food and/or beverage dispensing facility or for a purpose causing obnoxious odors or untidiness or whose location is not first approved by any Department Store whose Site is situated less than one hundred fifty (150') feet from the proposed location of any such kiosks, or (v) any improvements, or replacements of, or alterations or additions to, existing improvements, which do not conform in general architectural treatment (including the appearance of construction material used) to the other portions of the Shopping Center or, in the case of any replacement, to the improvement which is being replaced.

14.4 No selling activities shall be conducted on or within the Common Facilities of the Developer Site or merchandise displayed thereon, except in connection with such philanthropic, public, quasi-public or promotional activities which shall be authorized by the "Merchants Association" and which shall not be conducted within one hundred fifty (150') feet of any Department Store's Main Store Building and/or Additional Building without the consent of such Department Store.

Section 15 - Operating Covenants of the Department Stores.

15.1 Provided (i) Developer shall not be in default under its operating covenant set forth in Section 14, (ii) Ward, DDSI and Joske shall not be in default under their respective operating covenants set forth in Sections 15.2, 15.3 and 15.4 respectively, and (iii) tenants or operators occupying at least 65% of the Floor Area of the Mall Store Buildings (exclusive of any theatre) shall be conducting business, Penney shall, for a period of fifteen (15) years following the opening of business in the Penney Main Store Building continuously operate or cause to be continuously operated a retail department store in the Penney Main Store Building containing a Floor Area at least equal to that specified in Section 9.1(a) under a trade name which includes the word "Penney" or "Penney's" or under such other trade name as referred to in Section 15.5.

15.2 Provided (i) Developer shall not be in default under its operating covenant set forth in Section 14, (ii) Penney, DDSI and Joske shall not be in default under their respective operating covenants set forth in Sections 15.1, 15.3 and 15.4 respectively and (ii) tenants or operators occupying at least 65% of the Floor Area of the Mall Store Buildings (exclusive of any theatre) shall be conducting business, Ward shall, for a period of fifteen (15) years following the opening of business in the Ward Main Store Building continuously operate or cause to be continuously operated a retail department store in the Ward Main Store Building containing a Floor Area at least equal to that

specified in Section 9.3(a) under a trade name which includes the word or words "Ward" or "Montgomery Ward" or under such other trade name as referred to in Section 15.5.

15.3 Provided (i) Developer shall not be in default under its operating covenant set forth in Section 14, (ii) Penney, Ward and Joske shall not be in default under their respective operating covenants set forth in Sections 15.1, 15.2 and 15.4 respectively, and (iii) tenants or operators occupying more than 65% of the Floor Area of the Mall Store Buildings (exclusive of any theatre) shall be conducting business, DDSI shall, for a period of fifteen (15) years following its opening for business in the Dillard Store Building, continuously operate or cause to be operated therein a retail department store in the Dillard Store Building containing a Floor Area at least equal to that specified in Section 9.5(a) under a trade name including the word "Dillard" or under such other trade name as referred to in Section 15.5.

15.4 Provided (i) Developer shall not be in default under its operating covenant set forth in Section 14, (ii) Penney, Ward and DDSI shall not be in default under their respective operating covenants set forth in Sections 15.1, 15.2 and 15.3 respectively, and (iii) tenants or operators occupying more than 65% of the Floor Area of the Mall Store Buildings (exclusive of any theatre) shall be conducting business, Joske shall, for a period of fifteen (15) years following its opening for business in the Joske Main Store Building, continuously operate or cause to be operated therein a retail department store under a trade name which includes the word "Joske" or under such other trade name as referred to in Section 15.5.

15.5 It is understood that the Department Stores shall be in compliance with their operating covenants if, in lieu of the respective trade names set forth in Sections 15.1, 15.2, 15.3 and 15.4, they respectively operate, during the periods referred to in said Sections, under such other trade names as they may respectively be currently operating the majority of their respective like retail department stores in the State of Texas; provided, however, that insofar as Joske is concerned, the words "San Antonio Metropolitan Area" shall be substituted for the words "State of Texas".

15.6 Nothing herein contained shall be deemed in any way to regulate the manner of operation of the business being conducted on each Department Store's Site or the hours or days of such operation.

15.7 Notwithstanding anything to the contrary herein contained, each Department Store may:

- (i) lease portions of its Store Building(s) or license departments thereof or grant concessions to other parties, and
- (ii) lease or sell its Site to any parent company who owns all of the outstanding shares of such Department Store or to any corporation which may succeed to the business of such Department Store or such parent company in the State in which the Entire Premises is situated or to any corporation which may,

as the result of reorganization, merger, consolidation or sale of stock or assets, succeed to such business, and in either such case, such Department Store shall be released from all further obligations under this Agreement if such lease or sale is to a corporation which acquires all or substantially all of its assets and which, by written instrument in recordable form, expressly assumes all of its obligations hereunder, and

- (iii) mortgage its Site and/or sell and leaseback or lease and subleaseback its Site and, in connection with any such transaction, assign its interest in this Agreement. If any such mortgage is foreclosed or a deed delivered in lieu of foreclosure, or if any Department Store shall have entered into a sale and leaseback or a lease and subleaseback transaction involving its Site under which any such Department Store or any parent company who owns all of the outstanding shares of such Department Store is the lessee or sublessee thereunder and such lessee or sublessee shall be deprived of possession of such Site by reason of its failure to comply with the terms of such leaseback or subleaseback, anyone who has acquired, or shall thereafter acquire, title to such Site or a leasehold estate therein shall hold the same free of any requirement that a retail department store be operated on such Site, as set forth in Sections 15.1, 15.2, 15.3 and 15.4 respectively, but such Department Store shall not in such case, be released from its obligations under said Sections or from any liability for damages arising out of the breach by such Department Store of any such obligation, but during term of operating covenant, the Main Store Building of the Department Stores may only be occupied for retail purposes.

15.8 It is understood, however, that in computing the percentages referred to in clause (iii) of Sections 15.1, 15.2, 15.3 and 15.4 hereof, Floor Area which is vacant by reason of the default of tenant or operator who occupied same shall only be considered vacant if it shall have been so vacant for a period in excess of six (6) months.

Section 16 - Parking Ratio.

Each party shall, at all times, maintain on its Site a sufficient number of car spaces so that at any given time the ratio of car spaces (of the character and size shown on the Plot Plan) to Floor Area will not be less than specified in Section 8.1(d) in the case of Developer; 9.1(c) in the case of Penney; 9.3(c) in the case of Ward; 9.5(b) in the case of Dillard; and 9.6A(b) in the case of Allied; except to the extent that such ratio may be reduced as a result of a taking in condemnation not resulting in the termination of this Agreement.

It is understood and agreed that wherever in this Agreement the term "Parking Area" is utilized, same shall be deemed to include, without limitation, the parking deck (the two-level Parking Area) which is shown on the Plot Plan.

Vol 7451 Page 683

Section 17 - Temporary Cessation of Business.

Any temporary cessation of business by any party occasioned by the making of repairs, alterations or renovations or by any Unavoidable Delay or any temporary cessation of business not in excess of three (3) months, shall not constitute a breach on the part of the party so ceasing business of its covenant to operate, as provided in Section 14 or Section 15, as the case may be.

Section 18 - Sign Criteria.

All signs erected or permitted to be erected by Developer on its Site shall conform to the Sign Criteria (Exhibit "H").

Section 19 - Common Facilities and Reciprocal Easements.

19.1 The term "Common Facilities" as used herein shall mean the following portions of the Shopping Center:

- (a) Developer Parking Area and the Department store Parking Areas,
- (b) All vehicular roadways providing access to and across the Developer and Department Store Parking Areas,
- (c) All sidewalks, walkways, aisles, tunnels, and open malls providing pedestrian access to and across the Developer and the Department Store Sites,
- (d) The Air Conditioned Mall,
- (e) Common service areas,
- (f) Landscaped and planted areas (including, but not limited to, those which may have been initially installed by the department Stores), and
- (g) The fire corridors referred to in Section 8.1(c).

19.2 Each of the parties hereto hereby grants to each of the other parties hereto and to their respective tenants, subtenants, concessionaires and licensees and the respective officers, employees, agents, customers and invitees of each, for the benefit of each grantee's Site, the non-exclusive right, privilege and easement for the term of this Agreement to use the Common Facilities portions of the grantor's Site for the respective purposes for which the Common Facilities are designed, in common with the grantor and the other tenants, subtenants, concessionaires and licensees of the Shopping Center Site and the respective officers, employees, agents and invitees of each, without payment of any fee or other charge being made therefor.

19.3 The parties agree that no barricade, fence, shrub or other divider shall be constructed between the Sites of the parties hereto (except as may be shown on the Plot Plan and/or Design Plan), and the parties agree that they will do nothing to prohibit or discourage the free and uninterrupted flow of pedestrian and vehicular traffic throughout the Entire Premises on the areas shown therefor in the Plot Plan, provided that each party hereto shall have the right,

FILED 7451 PAGE 684

at least once in each calendar year to erect barriers or chains for the purpose of blocking off access to the Common Facilities on its Site in order to avoid the possibility of dedicating the same for public use or creating prescriptive rights therein, such barriers or chains shall be erected for such purposes, if possible, at a time or upon a day, when the Shopping Center is not open for business. Except as provided above and except to the extent shown on the Plot Plan and/or Design Plan, no curbs, fences, walls, planters, guard rails or other obstruction shall be erected between the parties' Sites if same would in any way interfere with the free flow of vehicular and pedestrian traffic.

19.4 The Developer shall promulgate rules and regulations with respect to the use of the Common Facilities which shall be acceptable to the Department Stores.

19.5 The Common Facilities shall be used only for the purposes for which they are constructed and designed.

19.6 No buildings or other structures may be erected in Parking Areas except (i) subject to the provisions of Section 9.8 hereof within Permissible Building Lines, if any, shown on the Plot Plan; (ii) as provided in Section 27; and (iii) the parking deck shown on the Plot Plan.

Section 20 - Attachment of Air Conditioned Mall to the Department Store Buildings.

20.1 If the Plot Plan and Design Plan shall show the Air Conditioned Mall as abutting one side of any Department Store's Main Store Building, Developer shall have the right (after approval of the plans for attachment by any such Department Store) to attach the Air Conditioned Mall to any such Department Store's Main Store Building, without any obligation by Developer to pay such Department Store any amount for the right to so attach the Air Conditioned Mall and without any implied obligation by any such Department Store to contribute to the payment of the cost of constructing and equipping the Air Conditioned Mall, as aforesaid. Developer shall repair, at its sole expense, any damage to the Department Stores' Facilities caused by Developer in making or maintaining said attachment and Developer shall indemnify and hold each Department Store harmless from any and all claims, liability, cost and expense whether in connection with personal injury, property damage or otherwise, which result or arise out of the making or maintenance of such attachment. Notwithstanding the foregoing, Developer shall not have the right to utilize any portion of such Department Store's Main Store Building for load bearing capacity without the prior consent of such Department Store, and if such consent is given, Developer shall reimburse such Department Store for all extra expense incurred by reason thereof or a reasonable allocation of joint cost, if any. If, however, the roof of the Air Conditioned Mall shall not be designed to be supported by the adjacent wall of a Department Store Main Store Building, but rather by independent columns, the location of such columns, to the extent that they are adjacent to the wall of such Department Store Main Store Building, shall be subject to the prior approval of such Department Store, which approval shall not be unreasonably withheld.

Vol 7451

20.2 Each party hereby grants to the other such easements to install and maintain such footings and underground supports along their respective common property lines, at locations mutually acceptable, extending not more than six (6') feet under the servient tenement, as shall be necessary in connection with the construction by each party of its Facilities. While it is the intention of the parties to confine their improvements to the limits of their respective Sites, it is recognized that this result is not always achieved in a multi-ownership shopping center development. Accordingly, each party grants to the other an easement permitting the maintenance of canopies, roofs, building and other overhangs, awnings, alarm bells, utility vaults, staircases, exterior light fixtures, signs, pillars and other like projections and encroachments over and across the grantor's Site, to the extent that such projections and encroachments shall exist after completion of all construction or reconstruction (if any part is damaged or destroyed and then rebuilt). Developer hereby approves of the construction of the store front and/or building wall of any Department Store Main Store Building upon the Developer Site, but in no event shall any such store front and/or building wall extend more than six (6') feet beyond such Department Store's Site line. It is understood that the provisions of this Section 20.2 shall survive the termination of this Agreement and shall continue thereafter so long as the Department Store Main Store Building (or any replacement thereof constructed during the term of this Agreement) stands.

20.3 If the Plot Plan and Design Plan show a portion of the Air Conditioned Mall as traversing a portion of any of the Department Store Sites for the purpose of constructing and operating same, the Department Store in question hereby grants to Developer an easement for so long as the Department Store Main Store Building in question stands permitting the construction and maintenance of the Air Conditioned Mall on such portion of the Department Store Site or Sites; provided, however, that any such encroachment shall not extend more than six (6') feet beyond the Developer's Site line. Developer shall indemnify and hold the Department Store or Stores harmless from any and all claims, liability, cost and expense whether in connection with personal injury, property damage or otherwise, which result or arise out of such construction or maintenance.

Section 21 - Employee Parking.

The parties hereto shall require that their, and their tenants' and concessionaires', employees and agents not part their vehicles in the Parking Areas on their respective Sites other than in such portions thereof as may be specifically designated upon the Plot Plan as areas for employee parking or in such portions thereof as may from time to time be designated for such purpose by separate agreement between the parties hereto.

Section 22 - Utility Easements.

Each of the parties hereto hereby expressly grants to each of the other parties hereto for the benefit of each grantee's Site, the perpetual (subject to relocation as hereinafter set forth) non-exclusive right and easement to install, maintain, repair and replace utility facilities, such as water, gas, electric and telephone lines and storm and sanitary sewers, underground and within the grantor's Site at the places shown for such utility facilities on the Design Plan or at such places as the same may ultimately be installed after completion of the Off-Site and On-Site Improvements. It is

understood that each party shall execute such instruments granting easements to other parties and/or to Utility Companies as may be necessary and appropriate. Any party hereto upon whose Site any such utility facilities shall have been installed shall have the right, upon sixty (60) days prior notice to the other parties, at any time or from time to time, to move and relocate such facility to such place as it shall designate; provided, however, that such relocation shall be made at the sole cost and expense of the party upon whose Site any such utility facility shall have been installed and that such relocation or relocated facility shall not increase the maintenance obligations of grantee, if any; shall not interfere with, interrupt (unless momentarily necessary at the time service is initially transferred) or increase the cost of any other party's utility service, or unreasonably interfere with the conduct or operation of its business. The final size of the easement areas within which any such utility facility is installed shall, in each case, be adequate, in the judgment of the Project Architect, to permit the exercise of the activity in question in connection therewith.

Section 23 - Maintenance and Lighting.

23.1 Developer shall, at its sole cost and expense, keep the exterior and interior of the entire Air Conditioned Mall in a good and safe state of repair and in a clean, orderly and secure (both personnel and mechanical) condition, notwithstanding the fact that a portion of same may be constructed on one or more of the Department Store Sites. Except as above or herein elsewhere provided, each party shall, at its sole cost and expense, maintain its Site and the Facilities thereon, in good order and condition, which obligation shall include, but shall not be limited to, the following specific items of maintenance and upkeep:

- (a) Keeping and maintaining the exterior of all buildings and all sidewalks, walkways, roadways and parking surfaces in a good, safe and clean condition;
- (b) Removing promptly, to the extent reasonably practicable, snow, ice, surface water and debris;
- (c) Keeping all directional signs and pavement signs and striping in the Common Facilities, distinct and legible;
- (d) Repairing, replacing and renewing lighting in the Common Facilities as may be necessary;
- (e) Caring for and replanting all landscaped and planted areas;
- (f) Maintaining and repairing, as necessary, any utility line traversing its Site, the cost of which repair or maintenance shall be borne solely by the party serviced thereby if only one party, or, if more than one party is serviced thereby, by each party in the proportion which its Floor Area bears to the total Floor Area of all parties serviced thereby; and
- (g) Mechanical security as may be required by any one or more of the Department Stores for the Common Facilities on its Site.

Vol 7451
Page 687

It is understood that the provisions of this Section 23.1 insofar as clause (f) is concerned shall survive the termination of this Agreement.

23.2 During any period when any two (2) Department Store Main Store Buildings are open for business or when any one (1) Department Store Main Store Building and occupants of seventy-five (75%) per cent or more of the aggregate Floor Area of the Mall Store Buildings are open for business, and for reasonable periods after such business hours, Developer will provide adequate heat, ventilation and air conditioning for the Air Conditioned Mall and will maintain temperatures and conditions throughout said Mall in accordance with the standards prescribed therefor in Section 8.1 and each party will, at its own expense, keep all Common Facilities on its respective Site well lighted, with an intensity for Parking Areas of not less than one and a half (1½) foot candles minimum maintained throughout at thirty (30") inches above the finished grade; provided, however, that at all times after a time which is one (1) hour after the later of (i) the closing to the public for business of all the Department Store Main Store Buildings or (ii) the closing to the public for business of the Department Store Additional Buildings and at all night time hours thereafter until daylight of the day on which the Department Store Main Store Buildings or the Department Store Additional Buildings again open to the public for business, the illumination for the Parking Areas shall be provided by not less than twenty-five (25%) per cent of the number of lighting units installed in the Parking Area.

23.3 Each party shall design and operate its air conditioning, heating and ventilating equipment so as not to unduly drain heat, ventilation or air conditioning from the Air Conditioned Mall or from premises located on any other party's Site, as the case may be, irrespective of whether one or more of the parties are open for business and the other(s) are closed. Any dispute between Developer and any other Department Store as to whether either party is properly performing under this Section 23.3 shall be determined by arbitration.

23.4 Until the termination date of this Agreement, Developer covenants and agrees to undertake the obligation to perform all of the maintenance specified in Section 23.1 to the extent that it relates to the Common Facilities of the Shopping Center and the Department Stores will share in the cost thereof as provided in Section 26. (It is understood that insofar as the exterior portions of the respective parties' buildings are concerned, each party shall be responsible for the maintenance of its own buildings.) Each Department Store may, however, upon the giving of written notice to the Developer not less than ninety (90) days prior to the beginning of any calendar year, elect to keep, maintain and operate the Common Facilities on its Site in accordance with the provisions set forth in Section 23.1 commencing with the calendar year following the giving of such notice and, in the event of such election and except as hereinbelow otherwise provided, the party so electing shall no longer be required to share in the cost thereof as set forth in Section 26 commencing with such calendar year. Thereafter, each such Department Store may, upon the giving of written notice to the Developer not less than ninety (90) days prior to the beginning of any calendar year, elect to return to and require the Developer to keep, maintain and operate the

Vol 7451
Page 688

Common Facilities on its Site in accordance with the provisions set forth in Section 23.1 commencing with the calendar year following the giving of such notice and, in the event of such election, the Department Store so electing shall be required to share in the cost thereof as set forth in Section 26.

23.5 If, after the expiration of its operating covenant, any party's Site shall no longer be devoted to retail purposes, such party shall not, for so long as its Site is not devoted to retail purposes, be obligated to maintain its Site, as provided in Section 23.1, but it shall be responsible to retain for parking such portion of its Parking Area as shall be necessary to provide a sufficient number of parking spaces so as to comply with the zoning ordinance of the municipality where the Entire Premises is situated for the use, if any, then being made of its Site. If, in such a case, any of the other parties shall desire to retain for parking a greater portion of such party's Parking Area, they shall have the right to maintain such greater portion without expense to such party.

23.6 Adequate uniformed security personnel shall be provided by the Developer in the Air Conditioned Mall and in the other interior portions of the Developer Site at the sole cost and expense of the Developer and by each of the parties to the extent desired by it for the exterior Common Facilities on the respective parties' Sites; provided, however, that any two (2) or more of the Department Stores may elect to obtain common security personnel for the exterior Common Facilities on their Sites and the Developer Site in which event the costs thereof shall be shared in proportion to the respective Floor Areas of the Department Stores (so electing) and the Developer (except (with respect to the respective portions) as may be otherwise set forth in the Supplemental Agreements). It is understood, however, that upon the election of all of the Department Stores, the costs of common security personnel for the exterior Common Facilities shall be defrayed through the Merchants Association on the basis of each party's respective proportionate Floor Area.

Section 24 - Merchants' Association.

24.1 In the event that there is now in existence, or there shall hereafter be formed, an association of the tenants and occupants of the Shopping Center for the purpose of developing a joint promotional and public relations program ("Merchants' Association"), and Developer and the tenants and occupants of not less than 90% of the Floor Area of the Mall Store Buildings remain members thereof pursuant to provisions of their leases or occupancy agreements requiring such membership for the respective terms thereof, and requiring them to pay a fair and proportionate share of the expenses of the Merchants' Association in accordance with its by-laws, and the other Department Stores shall remain members thereof and shall make the annual contributions thereto in the amounts set forth in their respective Supplemental Agreements provided that Developer shall make an annual contribution thereto in an amount equal to twenty-five (25%) per cent of the aggregate annual contribution required to be made by all the other members thereof and that the requirements of Section 24.2 shall be observed, each Department Store shall become a member thereof and

Vol 7451

remain so for at least five (5) years commencing with the date it opens its Main Store Building for business, and shall, during such period, make the annual contribution thereto in the amount set forth in its respective Supplemental Agreement.

24.2 The by-laws of the Merchants' Association shall contain no provision which would regulate, or empower the Merchants' Association to regulate, the manner of operation of the Department Stores' business or the days or hours the Department Stores will be open for business.

24.3 If any Department Store shall not be the corporation actually conducting business on its Site, such Department Store will cause such corporation to so become a member of the Merchants' Association.

Section 25 - Air Conditioned Mall Expenses.

Commencing with the date it opens its Main Store Building for business, for the duration of its operating covenant and for so long thereafter as it shall maintain at least one (1) entrance to the Air Conditioned Mall, each Department Store shall pay to Developer the annual amount set forth in its respective Supplemental Agreement as its contribution toward the expenses of operating and maintaining the Air Conditioned Mall. Such annual amount shall be paid in monthly installments on or before the tenth day of each calendar month.

Section 26 - Common Facilities Expenses.

If Developer shall have undertaken the maintenance of all Common Facilities of the Shopping Center as provided in Section 23.4, each Department Store shall, commencing with its opening date, pay to Developer a portion of the Developer's expenses in respect of the Common Facilities (excluding the Air Conditioned Mall) of the Shopping Center in the annual amount as set forth in its respective Supplemental Agreement. Said annual amount, if any, shall be paid in monthly installments on or before the tenth day of each calendar month.

It is understood, however, that Developer's responsibility for caring for and replanting all landscaped and planted areas as contemplated by Section 23.4 shall not include replacement replanting of landscaped and planted areas situated between the building walls and the sidewalk curb lines on any Department Store Site which may be requested by such Department Store.

Section 27 - Eminent Domain.

27.1 If all or any substantial portion of (i) any Department Store's Main Store Building or (ii) the Mall Store Buildings, or the Air Conditioned Mall on the Developer Site, shall be taken by condemnation or eminent domain or by public authority pursuant to the threat of condemnation or eminent domain, so that it shall not be feasible to restore same to complete architectural units, and the party affected thereby shall not notify the other parties within sixty (60) days of such taking that it intends to so restore, then, in the case of (i) above, such Department Store (whose Main Store Building is so affected) shall have the option to exclude its Site from the operation and effect of this Agree-

ment, and in the case of (ii) above, any Department Store shall then have the option to exclude its Site from the operation and effect of this Agreement, such exclusion to be signified by notice given to the other parties within ninety (90) days after such taking, and such exclusion to then take effect automatically sixty (60) days following the giving of such notice. If all or any portion of any Department Store's Additional Building shall be taken so as to render same unfit for an automotive service center, in the good faith judgment of such Department Store, reasonably exercised, then such Department Store shall have the right at its sole option to relocate same elsewhere on such Department Store's Site at a location reasonably satisfactory to such Department Store.

27.2 If all, or any substantial portion, of any party's Parking Area shall be taken by condemnation or eminent domain or by public authority pursuant to the threat of condemnation or eminent domain so that after such taking, the parking ratio of such Area shall be reduced to less than seventy-five (75%) per cent of the ratio specified in Section 8.1(d), 9.1(c), 9.3(c), 9.5(b) or 9.6A(b), as the case may be, and the party affected thereby shall not notify the other parties within sixty (60) days of such taking that it intends to provide additional parking facilities in the manner set forth in Section 27.4(b) so as to comply with the specified ratio for its Site, then such Department Store may elect to exclude its Site from the operation and effect of this Agreement. In the case of any such taking which shall have the effect of (i) reducing the parking ratio of the Developer Parking Area to less than fifty (50%) per cent of the ratio specified in Section 8.1(d), or (ii) the Shopping Center Site, overall to less than seventy-five (75%) per cent of the overall ratio for the entire Shopping Center, any Department Store shall also have the right to exclude its Site from the operation and effect of this Agreement, such exclusion to be signified by notice given to the other parties within ninety (90) days after such taking, and such exclusion to then take effect automatically sixty (60) days following the giving of such notice.

27.3 In the event any party's Site shall be excluded herefrom, as in this Section provided, the parties shall execute and exchange an instrument in recordable form evidencing such exclusion.

27.4 In the event less than all of the Department Stores' Sites are excluded herefrom, each party still bound by this Agreement shall apply any award first, before devoting such award to any other purposes, as follows:

- (a) In the case of a taking affecting any building(s), to the restoration of such building(s) to a complete architectural and structural unit(s) as similar as is reasonably possible in design, character and quality to the original building(s) and to the replacement of any totally condemned building(s) insofar as is reasonably possible, with a building(s) similar in design, character and quality to the building(s) so taken.
- (b) In the case of a taking affecting a Parking Area, to the replacement of the car spaces lost by such taking with double decking parking facilities at

a location acceptable to the Department Stores or toward the acquisition of contiguous land, suitable in the Department Stores' judgment, for parking purposes.

27.5 Any disputes under this Section 27 between Developer and any Department Store shall be determined by arbitration.

27.6 Any award in excess of \$25,000 payable to Developer shall be payable to a bank or trust company satisfactory to the parties hereto (an institutional first mortgagee of the Developer Site having a net worth of at least \$25,000,000 being satisfactory) to be held in trust and distributed in accordance with Section 27.4.

27.7 Any Department Store which pursuant to Section 27.1 or the first sentence of Section 27.2 shall have excluded its Site from the operation and effect of this Agreement, as aforesaid, will not thereafter, during the remaining term of this Agreement, for so long as the Developer Site is being operated as a regional shopping center and one Department Store Site is being utilized for retail purposes, use its Site for heavy industry, a slaughter house, a sewerage plant, any use emitting obnoxious odors or any other similar use, which, in the reasonably exercised judgment of such Department Store, is incompatible with the adjacent operation of a first class regional shopping center on the Developer Site. If any Department Store which shall have excluded its Site from the operation and effect of this Agreement shall, at any time thereafter, conduct business on its Site of the same or substantially the same character as that being conducted prior to the event giving rise to such exclusion, such exclusion shall ipso facto be deemed rescinded and such Department Store's Site shall again become subject to the operation and effect of this Agreement.

Section 28 - Insurance.

28.1 Each party shall keep the buildings and other structures on its Site insured against loss or damage by (i) fire and the perils commonly covered under the extended coverage endorsement in an amount not less than ninety (90%) per cent of the actual replacement cost of such buildings and other structures (excluding the cost of foundations, excavations and footings below the lowest basement floor) and (ii) the explosion or rupture of pressure vessels, if such buildings shall be heated by means of a central utility plant, in an amount not less than \$100,000 per accident, such insurance to be written on a replacement cost basis.

No party shall be liable to any other party or to any insurance company insuring the other party for any loss or damage to any building or other structure which was or could have been covered by such insurance even though such loss or damage might have been occasioned by the negligence of such party, its agent or employees.

Any loss covered by such insurance shall be adjusted with the insured, and if the loss is in excess of \$50,000 and neither the insured nor a corporation which has guaranteed

performance of the insured's obligations hereunder shall have a net worth of more than \$20,000,000, the insurance proceeds shall be deposited in a bank or trust company satisfactory to each of the parties hereto to be held in trust and disbursed as the work of restoration progresses; if the loss does not exceed \$50,000 or the insured or a corporation which has guaranteed performance of the insured's obligations hereunder shall have a net worth of \$20,000,000 or more, the insurance proceeds shall be paid to the insured and applied by it toward the cost of restoration.

Such policies may be made payable to the holder of any first mortgage which is a lien upon the Site of the insured under a standard mortgagee clause, provided such mortgagee is a bank, trust company, insurance company, pension fund, retirement fund or other reputable institutional lender; provided that (i) with regard to the Developer Site, such mortgagee agrees that it will, in the event of loss, apply the proceeds in accordance with this Section, and (ii) with regard to any of the Department Store Sites, the Department Store in question agrees (if required by other provisions of this Agreement) to replace the premises, such insurance proceeds (having been paid to such mortgagee) notwithstanding.

28.2 Each party shall maintain a policy of comprehensive public liability insurance, naming itself as the insured, against claims on account of bodily injury and property damage incurred upon or about its Site, such insurance to be written with limits of not less than (i) \$1,000,000 in respect of bodily injury to or death of any one person, (ii) \$3,000,000 in respect of bodily injury to or death of any number of persons arising out of any one occurrence, and (iii) \$500,000 per occurrence in respect of any instance of property damage.

28.3 Each party hereby indemnifies and agrees to save harmless the other parties from and against all claims, actions, damages, liability and expense in connection with bodily injury, death or property damage arising out of accidents occurring on any part of its Site occasioned wholly or in part by any act or omission of its employees, agents or contractors; excepting, however, as respects any person claiming the right to be indemnified hereunder, any such claims, actions, damages, liability and expense arising from or as a result of the act or omission of any person so claiming the right to be indemnified, or the employees, agents or contractors of such claiming person.

28.4 Each party shall deliver to the other parties certificates of the insurance required to be maintained under this Section 28 and evidence of the renewal of such insurance from time to time. Each certificate of insurance shall stipulate thereon that the insurance evidenced thereby shall not be materially reduced or cancelled unless ten (10) days prior written notice shall have been given by the insurer to the other parties.

28.5 Any Department Store having a net worth of \$20,000,000 or more, or any Department Store having performance of its obligations hereunder guaranteed by a corporation having such a net worth, or the parent company of such Department Store required to cause such Department Store to perform hereunder having such a net worth, may carry any

Vol 7451 Page 693

insurance required to be maintained under this Section 28, either in whole or in part, (i) under any plan of self-insurance which such Department Store may have in effect, or (ii) under a "blanket policy" covering other properties of such party and its subsidiaries, controlling or affiliated corporations, provided that such policy or policies shall otherwise comply with the provisions of this Section 28, and such party shall, upon request, deliver to the other parties a written statement from the insurer thereunder specifying the minimum amount of the total insurance allocated to the property insured pursuant to the requirements of this Section 28.

28.6 As used in this Agreement, the term "net worth" shall mean the stockholder's or shareholder's equity as determined in accordance with sound accounting practices.

Section 29 - Damage or Destruction.

29.1 If the Facilities on any party's Site shall be damaged or destroyed by a casualty required to be insured against under this Agreement, the owner of such Site shall, at its own expense, promptly repair or rebuild same to as good condition as existed prior to such damage or destruction but no party shall be required to restore any building beyond the size initially required under Section 8.1, 9.1, 9.3, 9.5 or 9.6A, as the case may be.

29.2 Anything to the contrary herein notwithstanding, (i) if the Facilities on any Department Store's Site shall be damaged or destroyed by a casualty not required to be insured against under this Agreement, or (ii) if substantial damage or destruction shall have occurred to the Facilities on any Department Store's Site, at any time during the last two (2) years that such Department Store is required to operate pursuant to Section 15, or (iii) if damage or destruction shall have occurred to the Facilities on any Department Store's Site after the term of its operating covenant set forth in Section 15 and the owner of such Site shall not elect to repair or rebuild, then and in such event, such party shall clear away the ruins and leave the property in a clean, orderly and sightly condition. It is understood and agreed that if any Department Store elects not to repair or rebuild in accordance with the provisions of this Section, the support provisions of Section 20.1 hereof (by the adjacent wall of a Department Store Main Store Building) shall cease and terminate as of the date of damage or destruction.

29.3 Anything to the contrary herein notwithstanding, if the (i) Penney Additional Building or (ii) Ward Additional Building shall be damaged or destroyed and the owner of the Site on which such damaged or destroyed Additional Building is situated shall not elect to repair or rebuild, said owner shall clear away the ruins and leave the property in a clean, orderly and sightly condition.

Section 30 - Term of this Agreement.

30.1 Unless terminated sooner pursuant to the express provisions hereof or by subsequent mutual agreement of the parties hereto, this Agreement shall continue, the

obligations hereunder shall remain binding, and the reciprocal easements in the Common Facilities shall remain effective from the date hereof until the Opening Date and thereafter for a period of forty (40) years; provided, however, that in the event this Agreement is terminated sooner pursuant to the express provisions hereof, the reciprocal easements in the Common Facilities (excepting the fire corridors which are referred to and governed by Section 8.1(c) shall continue in effect for a period ending on the earlier of (i) the date on which less than sixty-five (65%) per cent of land area of the Entire Premises and/or less than 740,000 square feet of Floor Area of the Facilities on the Entire Premises are operated for Shopping Center purposes or (ii) the date forty (40) years after the Opening Date.

30.2 The parties agree that any Department Store shall have (i) the option to renew the term of this Agreement as to its Site and the Developer Site for an additional period of five (5) years and, thereafter, (ii) six (6) separate options to so further renew the term of this Agreement for additional terms of five (5) years each. Any such option shall be exercised by the giving of notice to all parties at least one (1) year prior to the expiration of the term hereof, or the then renewal term, as the case may be; provided, however, that if only one Department Store shall give said notice, such Department Store shall have the right to revoke said notice at any time prior to the last six (6) months of the term hereof or the then renewal term, as the case may be. If all Department stores shall have given said notice, the term of this Agreement shall be deemed renewed as regards all parties and their respective Sites, and said renewal term shall be added to and become a part of the term of this Agreement (but shall not be considered a part of the initial term) and any reference in this Agreement to the "term of this Agreement" or the "term hereof" shall be deemed to include such renewal term.

30.3 Anything to the contrary herein notwithstanding, the utility easements referred to in Section 22 hereof shall be perpetual; subject, however, to the rights of relocation set forth in said Section.

Section 31 - Agreement Conditional.

31.1 This Agreement is conditional upon there being no laws, ordinances, rules, resolutions or regulations of any kind and/or nature whatsoever (including, without limitation, those concerning zoning, ecological, Environmental Protection Agency and/or other matters) in effect (i) at the time of recording of this Agreement, (ii) at the time of commencement of construction of the Developer Facilities and/or Department Store Facilities and/or (iii) upon completion by each of the Department Stores of the footings and underground supports for their respective Main Store Buildings and/or Additional Buildings, respectively, which would prevent the construction, reconstruction and/or use of same. If such laws, ordinances, rules, resolutions or regulations should be in existence at any of such times and the parties within a period of four (4) months after such time shall be unable to obtain appropriate relief from same so as to permit compliance with the terms of, and the

Vol 7451 Page 695

enjoyment of their rights under, this Agreement, any Department Store or Stores (irrespective of whether such Department Store or Stores or their Facilities are or are not immediately affected by laws, ordinances, rules, resolutions or regulations of the type referred to in the first sentence of this Section 31.1) may elect to terminate this Agreement as to it or them, as the case may be, and require the reconveyance of its or their Site or Sites, as the case may be, to Developer at a price equivalent to the purchase price therefor paid by it or them, as the case may be, plus all of its or their, as the case may be, costs and expenses theretofore incurred in connection with the acquisition of its or their Site or Sites, as the case may be, together with interest at a rate of eight (8%) per cent per annum on such purchase price, costs and expenses from the date paid by any such Department Store or Stores, as the case may be, until the date of payment or repayment by Developer. In the event any such Department Store or Stores, as the case may be, so elect to require reconveyance and purchase by Developer, the provisions of Sections 13.2 and 13.4 shall be applicable.

31.2 Developer covenants and warrants that as of the time of recording of this Agreement there are not in effect any laws, ordinances, rules, resolutions and/or regulations of the type referred to in Section 31.1 which would prevent construction, reconstruction and/or use of the Developer Facilities and/or Department Store Facilities.

Section 32 - Mechanic's Liens.

No party will permit any mechanic's, materialman's or similar lien to stand against any portion of the Entire Premises for any labor performed or material furnished in connection with any work performed or caused to be performed by such party. Any party may bond and contest the validity or amount of any such lien on its Site but upon final determination as to the validity and amount thereof, such party shall promptly discharge said lien. Developer shall indemnify and hold harmless the Department Stores against any mechanic's or materialman's liens filed against the Department Store Sites as a result of the Grading Work, Off-Site Improvements and/or On-Site Improvements. Anything to the contrary notwithstanding, nothing contained in this Section 32 shall be deemed in any way and/or manner whatsoever to derogate from the Developer's covenants and agreements set forth in Section 4A hereof.

Section 33 - Taxes and Other Charges.

33.1 Except as otherwise set forth in Section 5.3 hereof, each party shall, from and after the date of recording of this Agreement, promptly pay all real estate taxes, assessments, water charges, sewer rents and other like municipal charges (hereinafter collectively referred to as "Impositions") levied against its Site, the non-payment of which would give rise to a lien superior to any other party's rights under this Agreement. Any party may protest any such Imposition provided such protest does not result in a forfeiture of such party's interest in its Site.

33.2 If any party shall: (i) fail to pay an Imposition of the nature described in Section 33.1 and shall not be protesting it; or (ii) protest such an Imposition, and if in either of such events such party's Site is subject to forfeiture because of such non-payment or such protest being made without filing proper security or otherwise complying with the applicable procedures therefor, any other party hereto shall have the right but not the obligation to, on sixty (60) days notice to the other parties hereto, to pay the Imposition the non-payment of which could result in a forfeiture of a party's Site.

In such event the party whose Site was affected by such Imposition shall promptly reimburse the party who paid such Imposition to the appropriate taxing authority. The reimbursement shall be the equivalent of the amount of the Imposition and interest and penalties, if any, thereon so paid together with interest thereon computed at the rate of eight (8%) per cent per annum.

Section 34 - Unperformed Covenants of Developer.

If Developer shall fail to perform any of the covenants to be performed by Developer pursuant to this Agreement, or if Developer should fail to make any required payment hereunder, and Developer shall fail to cure such default within sixty (60) days after any Department Store affected thereby shall have served upon Developer and the other Department Stores notice of such failure (or if the default is of such character as reasonably to require more than sixty (60) days to cure and Developer shall fail to commence to cure the same within such period or shall fail to use reasonable diligence in curing such default thereafter) or if the failure of Developer relates to a matter which, in such Department Store's judgment reasonably exercised, is of an emergency nature and such failure shall remain uncured for a period of forty-eight (48) hours after such Department Store shall have served upon Developer notice of such failure, then such Department Store (or if more than one Department Store shall be so affected, the Department Store first serving such notice) may, at its option, and in its sole discretion as to the necessity therefor, perform any such covenant, or make any such payment as Developer's attorney-in-fact (such Department Store being hereby irrevocably appointed by Developer as Developer's attorney-in-fact for such purpose), and such Department Store by reason of so doing shall not be liable or responsible for any loss or damage thereby sustained by Developer or anyone holding under Developer. It is understood, however, that the Department Stores which shall not elect to serve as Developer's attorney-in-fact shall have no liability and/or responsibility by reason of the actions of the electing Department Store or Stores. In the case of a default by Developer affecting more than one Department Store, if the Department Store first serving such notice shall fail to commence performance of such covenant or make such payment within thirty (30) days after the expiration of the above specified period allowed Developer to cure such default, any other Department Store shall be entitled to cure Developer's default with the same

FW 7451 PAGE 697

Vol 7451 pg 698

effect as though it had first served such notice. If any Department store so performs any of Developer's obligations hereunder, or if any Department Store shall sustain any damage by reason of the fact that any representations made by Developer in this Agreement shall be untrue, the full amount of the cost and expense entailed or the payment so made or the damage so sustained, as the case may be, shall immediately be owing by Developer to such Department Store, and Developer shall repay to such Department Store upon demand the full amount thereof with interest at the maximum legal rate thereon from the date of payment. If such repayment shall not be made within ten (10) days after such demand is made, such department Store shall have the right to deduct the amount thereof, together with interest as aforesaid, without liability of forfeiture, from any sums then due or thereafter becoming due from it to Developer hereunder and/or under its Supplemental Agreement and irrespective of who may own or have an interest in the Developer Site at the time such deductions are made, and until so paid or offset, the amount so owed such Department Store shall constitute a lien upon the Developer Site as of the date of such Department Store's demand for reimbursement thereof. Developer shall execute such instruments as such Department Store may request to permit the recordation of such lien, and Developer hereby irrevocably designates such Department Store as Developer's attorney-in-fact for such purpose. Such Department Store shall have the right to foreclose such lien in the manner provided by law and such lien shall be superior to any other lien and/or encumbrance granted by Developer on the Developer Site; provided, however, that such lien shall be subject and inferior to (i) the lien of any conventional first mortgage now or hereafter placed on the Developer Site as security for repayment of a loan made by an institutional lender to the extent of the amount of such lender's loan, and (ii) each lease of all or any part of the Developer Site which is superior to the lien of such first mortgage or as to which the holder of such first mortgage is required to recognize the rights of the lessee thereunder so long as such lessee is not in default thereunder.

The option given in this Section is for the sole protection of the Department Stores and its existence shall not release Developer from the obligation to perform the terms, provisions, covenants and conditions herein provided to be performed by Developer or deprive the Department Stores of any legal rights which they may have by reason of any such default by Developer.

Developer hereby grants to the Department Stores non-exclusive rights of entry and non-exclusive easements over and under any and all parts of the Developer Site (excluding the right to enter premises demised to or owned by others) for all purposes reasonably necessary to enable them (acting directly or through agents, contractors or subcontractors) so to perform any of the terms, provisions, covenants or conditions of this Agreement which Developer shall have failed to perform after notice to developer as set forth in the first sentence of this Section 34 and/or elsewhere in this Agreement and the time to cure has elapsed.

Section 35 - Ordinances.

Except as elsewhere in this Agreement set forth, and subject in any event to the provisions of Section 31, each party shall, at all times, both during and after the completion of construction of its Facilities, comply with all Federal, State, County and Municipal laws, ordinances, rules and regulations, with all regulations of the local Fire Insurance Rating organizations having jurisdiction or any other organization or board exercising similar functions, respecting the construction, maintenance and operation of its Facilities and with all requirements of (i) the Factory Mutual Engineering Division of Factory Mutual System insofar as the Developer's Facilities, the Penney Facilities, the Dillard Facilities, the Ward Facilities and the water mains (including water loop) on the Entire Premises are concerned and (ii) the Kemper Insurance Group insofar as the Joske Facilities and the water mains (including water loop) on the Entire Premises are concerned.

Section 36 - Estoppel Certificates.

Any party shall, from time to time (but not more frequently than once in any four (4) month period) upon not less than twenty (20) days notice from any other party, execute and deliver to such other party a certificate in recordable form stating that this Agreement is unmodified and in full force and effect or, if modified, that this Agreement is in full force and effect, as modified, and stating the modifications and stating whether or not, to the best of its knowledge, any other party is in default in any respect under this Agreement, and, if in default, specifying such default.

Section 37 - Alterations and Additions.

37.1 Each party shall have the right to make, at its own cost and expense, such alterations to its Facilities, not amounting to additions, as it may desire which are provided for on the Plot Plan or Design Plan or, if not so provided for, so long as the same will not (i) result in a condition inconsistent with the improvements as shown or provided for on the Plot Plan or Design Plan, (ii) impair the structural integrity and soundness of the Facility in question, (iii) result in a substantially different exterior appearance than existed before, or (iv) render performance of any covenant hereunder on the part of such party impossible.

37.2 Each party may erect additions to its Facilities, provided the same (i) if a horizontal expansion, (subject to the provisions of Section 9.8) be constructed within the Permissible Building Lines, (ii) is not prohibited by the express terms of this Agreement, (iii) will not substantially change the exterior appearance of the Facility in question, unless expressly provided for in this Agreement, the Plot Plan or the Design Plan, (iv) is substantially similar in design, character and quality to the basic structure of which it will form a part, and (v) will not result in a violation of the parking ratios hereinbefore set forth.

Vol 7451 pag 699

37.3 Specifically, the Department Stores may make the following additions to their Facilities:

Facilities for the sale of gasoline and other fuels at the location and/or locations shown therefore on the Plot Plan.

37.4 Notwithstanding anything to the contrary herein contained, no change, modification or alteration to any Common Facility shall be made which shall (i) change, modify or alter the Air Conditioned Mall, (ii) adversely affect the orderly flow of pedestrian and vehicular traffic in the shopping Center or render any Site less accessible to such traffic, or (iii) reduce the capacity of the Parking Area on the Site in question below the ratio specified in Section 8.1(d), 9.1(c), 9.3(c), 9.5(b) or 9.6A(b), as the case may be.

37.5 Except to the extent otherwise expressly provided for in this Agreement, there shall not be constructed on any party's Site, without the prior approval of each other party, (i) any facilities for the parking of motor vehicles other than at ground level in the locations shown therefor on the Plot Plan and Design Plan (it being specifically understood and agreed that decking of the Parking Area in the vicinity of the southeasterly corner of the Entire Premises is permitted as shown on the Plot Plan), (ii) any buildings or structures or additions thereto (subject to the provisions of Section 9.8) beyond Permissible Building Lines, or (iii) any improvements, or replacements of, or alterations to, existing improvements which do not conform in general architectural treatment (including the appearance of construction material used) to the other portions of the Shopping Center or, in the case of any replacement, to the improvement which shall be replaced. In view of the fact that the parties hereto have acquired their respective Sites and will be constructing improvements thereon of the sizes and in the locations therefor provided herein, and in anticipation of the fact that the Shopping Center will be improved and the Common Facilities laid out in the manner depicted on the Plot Plan, the covenants contained in clauses (i) and (ii) above shall be of essence of this Agreement and any breach of such covenants shall be deemed material.

37.6 For so long as a retail business is being conducted on both levels of its Main Store Building, each Department Store will maintain at least one entrance into the Air Conditioned Mall, on each of the upper level and lower level.

Section 38 - Arbitration.

38.1 Whenever any question, matter or dispute between Developer and any Department store is expressly made arbitrable by the terms of this Agreement, the provisions of this Section shall apply thereto. Within fifteen (15) days after the giving of notice by one party to the other that it desires arbitration, two (2) arbitrators shall be chosen, one by Developer and one by the Department Store,

: VOL 7451 PAGE 700

and within ten (10) days thereafter, a third arbitrator shall be selected by the two thus chosen. If either party to the arbitration shall fail to make such choice within the time herein provided, or the then two arbitrators shall fail to choose a third arbitrator within the time herein provided, then the party not in default in selecting an arbitrator, or either party thereto, in the event that the two arbitrators so chosen shall have failed to select a third, may upon five (5) days notice to the other party, request the presiding judge of the District Court of the United States for the district in which the Entire Premises is located, acting in his private and non-judicial capacity (or a master selected by him and properly compensated by the parties involved in such arbitration) to choose an arbitrator or arbitrators to fill the vacancy or vacancies. Such judge may thereupon appoint an arbitrator or arbitrators, as the case may be, to complete the panel of three arbitrators. If such judge shall fail or refuse to make such appointment, the same shall be made in accordance with the prevailing provisions of the laws relating to arbitration of the State in which the Entire Premises is located.

38.2 Said three arbitrators, when duly appointed, shall investigate the facts, shall hold hearings and permit the parties to present evidence and arguments thereat, and they shall render a decision by majority vote within sixty (60) days after the date upon which the last arbitrator is appointed, which decision shall be final and binding on the parties hereto. Judgment upon the award rendered in such arbitration may be entered by any court having jurisdiction thereof. No party shall be considered in default hereunder during the pendency of arbitration proceedings relating to such default. If the arbitrators shall fail to render a decision within said period of sixty (60) days, then any party to the arbitration shall have the right to institute such action or proceeding in such court as shall be appropriate in the circumstances. The arbitrators shall determine in what proportion the parties to the arbitration shall bear the cost of such arbitration, except that each party thereto shall pay the fees and expenses of the arbitrator appointed by or on behalf of it and one-half of the fees and expenses of the third arbitrator, if any. In determining any question, matter or dispute before them, the arbitrators shall apply the provisions of this Agreement without varying therefrom in any respect, and they shall not have the power to add to, modify or change any of the provisions of this Agreement.

Section 39 - No Termination of Agreement.

Except as herein expressly provided, no breach of this Agreement or default by any party shall entitle any other party to terminate or cancel this Agreement, and the sole remedy of the parties hereto against the party in default shall be by means of an injunction and/or an action for damages.

Section 40 - Covenants Running with the Land.

During the term of this Agreement and any valid extensions thereof (and thereafter as to the provisions set forth in Section 22 hereof), all the covenants, agreements,

PM 7451 PAGE 701

conditions and restrictions set forth in this Agreement are intended to be and shall be construed as covenants running with the land, binding upon, inuring to the benefit of and enforceable by the parties hereto and all subsequent owners of their respective Sites or any parts thereof.

Section 41 - Independent Contractors.

Nothing contained in this Agreement shall be construed to make the parties hereto partners or joint venturers or to render any of said parties liable for the debts or obligations of any other, except as in this Agreement expressly provided.

Section 42 - Waivers.

No delay or omission by any party hereto in exercising any right or power accruing upon the non-compliance or failure of performance by any other party under the provisions of this Agreement shall impair any such right or power or be construed to be a waiver thereof. A waiver by any party hereto of any of the covenants, conditions or agreements hereto to be performed by any other party shall not be construed to be a waiver of any subsequent breach thereof or of any other covenant, condition or agreement herein contained.

Section 43 - Remedies Cumulative.

All rights, privileges and remedies afforded the parties by this Agreement shall be deemed cumulative and the exercise of any one of such remedies shall not be deemed to be a waiver of any other right, remedy or privilege provided for herein.

Section 44 - Modifications.

Any alteration, change or modification hereof, in order to become effective, shall be made by written instrument or endorsed hereon and, in each such instance, executed on behalf of each party hereto, as aforesaid.

Each party agrees to cooperate with the reasonable request of the other parties for any modification or amendment to this Agreement required by the requesting party's sale-leaseback purchaser and/or mortgagee, construction or permanent, provided:

Section 48 - Successors and Assigns.

This Agreement shall bind and inure to the benefit of the respective successors and assigns of the parties hereto.

Section 49 - Assignment, Transfer and Mortgage.

49.1 Except as provided for in Section 15.7, no sale by any party of all or any part of its Site or assignment of this Agreement shall be deemed to release such party from any of its obligations hereunder until after the termination of such party's operating covenant as set forth in Section 14 or 15, as the case may be; but if any party shall sell its entire Site, such party shall be released from all further liability arising under this Agreement in respect of any period after such sale or the termination of such party's operating covenant, whichever shall last occur. No sale by Developer of all or any part of the Developer Site prior to a date one (1) year after the Opening Date shall be deemed to release Developer from any of its obligations hereunder, but if Developer shall sell the entire Developer Site at any time after a date one (1) year after the Opening Date, Developer shall be released from all further obligations hereunder thereafter accruing, but shall remain liable for the performance of all obligations theretofore accrued; provided that all the department Stores shall have first approved such purchaser (which approval shall not be unreasonably withheld); and, further provided, that such purchaser shall have a net worth in excess of \$5,000,000.00; shall be experienced in the operation of shopping centers; and shall be of good repute.

49.2 Notwithstanding anything to the contrary herein contained, if, in order to secure an indebtedness, any Department store shall (i) convey its Site and assign its interest under this Agreement in connection with a sale and leaseback or lease and subleaseback financing, and it or its parent corporation shall simultaneously become vested with a leasehold estate or similar possessory interest in its Site by virtue of a lease made by the grantee, or lessee, as the case may be, or (ii) shall convey its Site by

way of a deed of trust or mortgage and retain its possessory interest in its Site, then in neither of such events shall the assignee of this Agreement under such sale and leaseback or lease and subleaseback, or any subsequent owner of its Site, or the trustee, beneficiary or mortgagee under any such deed of trust or mortgage, be deemed to have assumed or be bound by any of such party's obligations hereunder for so long as such party or its parent corporation shall retain such possessory interest, and such obligations shall continue to remain solely those of such party or parent corporation, as the case may be, so long as such party or its parent corporation retains such possessory interest and performance by such party or its parent corporation of any act required to be performed under this Agreement by it or fulfillment of any condition of this Agreement by such party or its parent corporation, shall be deemed the performance of such act or the fulfillment of such condition by such assignee, lessee, subsequent owner, trustee, beneficiary or mortgagee, as the case may be, and shall be acceptable to the parties hereto with the same force and effect as if performed or fulfilled by such assignee, lessee, subsequent owner, trustee, beneficiary or mortgagee.

49.3 Each party serving a notice of default under this Agreement shall send by registered or certified United States mail, postage prepaid, a copy of such notice to any holder of a first mortgage on the Site of the party so served, provided such holder shall have sent the party serving the notice of default a notice informing it of the existence of such mortgage and the address to which copies of such notices of default are to be sent, and such holder shall be permitted to cure any such default not later than sixty (60) days after a copy of the notice of default shall have been sent to such holder, provided that in the case of a default which cannot with diligence be remedied within such period of sixty (60) days such holder shall have such additional period as may be necessary to remedy such default with diligence and continuity.

Section 50 - Section Headings.

The Section headings of this Agreement are for convenience and reference only and in no way define or limit the scope or content of this Agreement or in any way affect its provisions.

Section 51 - Gender.

The use herein of (i) the singular number shall be deemed to mean the plural, (ii) the masculine gender shall be deemed to mean the feminine or neuter and (iii) the neuter gender shall be deemed to mean the masculine or feminine whenever the sense of this Agreement so requires.

Section 52 - Joint and Several Liability of DDSI and Condev.

In recognition of the fact that in all cases this Agreement does not specify which of the obligations in respect of the Dillard Site are to be performed by DDSI and which are to be performed by Condev, except as otherwise

Vol 7451
Page 705

provided herein, (i) until the completion of construction of the Dillard Facilities and the opening of the Dillard Facilities, for business with the public, the liability of DDSI and Condev hereunder shall be joint and several, and the performance of any obligation of either DDSI or Condev by or on behalf of either such corporation shall constitute compliance with the obligation in question and (ii) thereafter, DDSI shall be solely liable and obliged hereunder.

7451 PAGE 706

Section 53 - Exculpation of Developer.

It is understood that nothing in this Agreement contained shall be construed as creating any personal liability whatsoever against the Partners of Developer and, in particular, there shall be no personal liability on the part of any such Partner to pay any indebtedness accruing under this Agreement or to perform any covenant, either express or implied, contained in this Agreement, and that all personal liability of the Partners of Developer is hereby jointly and severally expressly waived by the other Parties; and that so far as the Partners of Developer are concerned the owner of any indebtedness or liability accruing under this Agreement shall look solely to the premises (including, without limitation, the assets of the Developer and the rights therewith) which constitute the Developer Site and any buildings and other improvements thereon for the payment thereof. The provisions of this Section 53 are not designed to relieve Developer from the performance of any of its obligations hereunder, but rather to limit its liability, as aforesaid, nor shall any of the provisions of this section be deemed to limit or otherwise affect any Department store's right to obtain injunctive relief or avail itself of any other right or remedy which may be accorded to it by law or this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the day and year first above written.

It is further agreed that said holder or beneficiary or other person shall from and after the date on which said holder or beneficiary or other person transfers or conveys its interest in said Developers' Site to another be freed and relieved of all liability as respects the performance of any covenants or obliga-

tions on the part of the Developer to be thereafter performed; provided, however, that said holder or beneficiary or other person shall not be relieved of any liability arising hereunder which shall have accrued prior to such transfer or conveyance by reason of said holder's or beneficiary's or other person's failure while it was in possession of or held title to the Developers' Site to perform the obligations of the Developer hereunder. Anything in this Section to the contrary notwithstanding, it is understood and agreed that: (i) each Department Store shall have and retain all of the rights granted to it under Section 34 of this Agreement captioned 'Unperformed Covenants of Developer' in the event of the failure on the part of Developer to perform any of the terms, provisions, covenants or conditions of this Agreement to be performed by the Developer or to make any payment which Developer is obligated to make under the terms of this Agreement irrespective of whether such failure shall have occurred before or after the aforesaid date or shall have occurred before such date, but continued thereafter; and (ii) the provisions of this Section shall not be construed to deny any Department Store or render ineffective or limit in any way any right which such Department Store might otherwise have under this Agreement, because of a default on the part of the Developer."

PARTIAL MUTUAL RELEASE AND MODIFICATION OF EASEMENT AND OPERATING AGREEMENT

This Partial Mutual Release and Modification of Easement and Operating Agreement (referred to herein as the "Partial Mutual Release and Modification") is entered into on the 25th day of January 2007, by and between City of Windcrest Economic Development Corporation ("City of Windcrest"), its successors or assigns, and Anthon Minor, Ltd, a Texas Limited Partnership, its successors or assigns.

City of Windcrest, as Purchaser, has entered into an Agreement of Sale and Purchase with Anthon Major, Ltd, as Seller, to purchase that certain parcel of land in Bexar County, Texas, known as the Wards tract and more particularly described on Exhibit "A" attached hereto ("City of Windcrest Wards Property").

Anthon Minor, Ltd, a Texas Limited Partnership, is the owner of that certain parcel of land in Bexar County, Texas, adjacent to the Wards tract and more particularly described on Exhibit "B" attached hereto (the "Anthon Minor Property").

City of Windcrest, as Purchaser has entered into, or intends to enter into, earnest money contracts to purchase the balance of the Department Store tracts and the Mall Tract, together known as the "Remaining Windsor Park Mall Property," except for the Anthon Minor Property.

City of Windcrest Wards Property, the Anthon Minor Property, and the Remaining Windsor Park Mall Property are encumbered by that one certain Easement and Operating Agreement, dated September 10, 1974, and recorded on October 1, 1974, in Volume 7451, Page 649, Real Property Records of Bexar County, Texas, among Windsor Park Development Company, J.C. Penney Properties, Inc., Montgomery Ward Development Corporation, Dillard Department Stores, Inc., Construction Developers, Incorporated, Alstores Realty Corporation, and Allied Stores of Texas, Inc., modified by agreement dated May 5, 1975, recorded in Volume 7693, Page 199, Real Property Records of Bexar County, Texas; further amended by Second Amendment of Easement and Operating Agreement, dated April 15, 1977, recorded April 28, 1977, in Volume 8069, Page 704, Deed Records, Bexar County, Texas, further amended by Third Amendment of Easement and Operating Agreement dated July 16, 1985, recorded on May 17, 1990, in Volume 4820, Page 1829, Official Public Records of Real Property of Bexar County, Texas, and further amended by Fourth Amendment of Easement and Operating Agreement dated November 20, 1990, recorded February 13, 1991, in Volume 5004, Page 585, Official Public Records of Real Property of Bexar County, Texas, and being assigned in Volume 9345, Page 1911 Official Public Records of Real Property of Bexar County, Texas (referred to herein as the "Operating Agreement").

Provisions of the Operating Agreement are obsolete, unenforceable and impractical due to lack of operation of the department stores and other stores within Windsor Park Mall. The purpose of this Partial Mutual Release and Modification is to clarify and minimize the impact of the Operating Agreement on City of Windcrest Wards

Property, the Remaining Windsor Park Mall Property (after it is acquired by the City of Windcrest), and the Anthon Minor Property.

The Anthon Minor Property consists of approximately 2.4 acres and (i) a free standing building and (ii) parking spaces surrounding the building and on the east side of Mall Loop Road which transverses the Anthon Minor Property, as depicted on Exhibit "C" attached hereto. The only Common Facilities, as described in the Operating Agreement, encumbering the Anthon Minor Property are (i) Mall Loop Road, (ii) underground utility easements, and (iii) shared parking spaces.

CITY OF WINDCREST AND ANTHON MINOR, LTD., HEREBY MUTUALLY RELEASE THEIR RESPECTIVE PROPERTIES, CITY OF WINDCREST WARDS PROPERTY AND THE ANTHON MINOR PROPERTY AS DESCRIBED ON EXHIBIT "A" AND EXHIBIT "B" ATTACHED HERETO AND ANY REAL PROPERTY ACQUIRED IN THE FUTURE BY CITY OF WINDCREST SUBJECT TO THE OPERATING AGREEMENT, FROM THE OPERATING AGREEMENT WITH THE EXCEPTION OF THE FOLLOWING: (I) THE MALL LOOP ROAD, (II) ANY SHARED UTILITY EASEMENTS, AND (III) THE PARKING SPACES ON THE EAST SIDE OF THE MALL LOOP ROAD. THE MALL LOOP ROAD AND THE SHARED PARKING SPACES ON THE EAST SIDE OF THE MALL LOOP ROAD ARE DEPICTED ON EXHIBIT "C" ATTACHED HERETO AND MADE A PART HEREOF FOR ALL PURPOSES.

City of Windcrest and Anthon Minor, Ltd., acknowledge that the shared parking on the east side of Mall Loop Road may, in the future, be divided by a fence, along the shared property line, causing Anthon Minor, Ltd., to use only the parking spaces on the Anthon Minor Property and City of Windcrest to use only the parking spaces on City of Windcrest Wards Property.

City of Windcrest and Anthon Minor, Ltd, will amend this Partial Mutual Release and Modification, if deemed necessary by Anthon Minor, Ltd, to add any of the Remaining Windsor Park Mall Property, when acquired by City of Windcrest or its successor or assign.

City of Windcrest Wards Property and the Anthon Minor Property shall continue to have all rights, benefits, and obligations under the Operating Agreement by and between any real property subject to the Operating Agreement (i) not specifically set forth on Exhibit "A" and Exhibit "B" attached hereto or (ii) acquired by City of Windcrest as part of the Remaining Windsor Park Mall Property.

This Partial Mutual Release and Modification is a binding obligation of City of Windcrest and Anthon Minor, Ltd., their successors and assigns, which shall be enforceable if, and only if, City of Windcrest, or its successor or assignee, closes the purchase of City of Windcrest Wards Property. This Partial Mutual Release and Modification shall be filed in the Real Property Records of Bexar County, Texas,

simultaneously with the filing of the deed from Anthon Major, Ltd., to City of Windcrest conveying the City of Windcrest Wards Property.

WHEREAS, as a condition to Developer's agreement to sell the Parcels to Owner, the parties have agreed to subject the Parcels to the terms, conditions and provisions of this Agreement in the manner hereinafter set forth.

NOW, THEREFORE, for and in consideration of Ten and 00/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and the mutual covenants hereinafter set forth, the parties, intending to be legally bound, do hereby agree as follows:

1. IMPROVEMENTS TO THE PARCEL

a. Improvements Subject to Developer Approval. Developer and Owner acknowledge and agree that Developer has an interest in the manner in which all property adjacent to or in close proximity to the Center is developed, including the Parcels. Accordingly, Developer shall have the right to review and approve (such approval not to be unreasonably withheld or delayed) any and all plans for the reconstruction, replacement, remodeling, alteration, addition, installation or modification in which the exterior shall be materially changed from the original construction (collectively "Reconstruction") of any building located on the Parcels (collectively "Improvements") to ascertain that such Improvements are compatible with and will not materially and adversely affect other portions of the Center with respect to, without limitation, matters of signage, parking, building height and other similar matters that could have a material and detrimental impact on other portions of the Center; provided, however, such approval by Developer shall not be deemed to be an assumption of the responsibility by Developer for the accuracy, sufficiency or propriety of the Plans and Specifications (as such term is hereinafter defined) or a representation that the Plans and Specifications provide for the Reconstruction of Improvements that comply with applicable laws, rules, ordinances, regulations, covenants or restrictions.

b. Submission of Plans. No later than thirty (30) days prior to the commencement of any Reconstruction of Improvements on a Parcel or any portion thereof, Owner shall deliver to Developer one (1) reproducible set (sepia) and four (4) copies of its schematic site plan or plans showing the following: (i) location of any new buildings or replacement of existing buildings; (ii) the outdoor or exterior facilities and areas, and related improvements (including material changes, if any, to ingress and egress, curb cuts, signage and lighting); (iii) the location and nature of exterior decorative features; (iv) building height and building area; and (v) outline plans of the building shell of any and all buildings to be constructed on the Parcel, showing principal exterior dimensions and exterior design concept, trash/service area and shielding. All of the above-mentioned plans are hereinafter referred to as the "Plans and Specifications" and that work conducted by Owner or Owner's agents, contractors or subcontractors as specified or depicted in the Plans and Specifications shall be referred to in this Agreement as "Owner's Work".

c. Developer Objections. Within twenty (20) calendar days after Developer's receipt of the last to be delivered of the Plans and Specifications as hereinabove and as hereinafter provided, Developer shall review such Plans and Specifications to determine that the proposed

Improvements will not cause a material adverse and detrimental affect on any other portion of the Center with respect to those matters set forth in Section 1.a. above. Developer shall at all times act reasonably and in good faith in approving or disapproving Owner's Plans and Specifications. Developer's approval of the Plans and Specifications shall be evidenced by Developer initialing one (1) copy thereof and returning the same to Owner. Notwithstanding anything herein to the contrary, so long as Owner or its tenant is a national or regional chain, Developer's approval shall not be required for any exterior modifications, so long as the building on the Parcel will not be altered, expanded or changed to the extent that the aggregate floor area of such building will exceed (i) 8,500 square feet for the Applebee's Parcel, (ii) 10,000 square feet for the Olive Garden Parcel and (iii) 5,000 square feet for the Wendy's Parcel. In the event the proposed building exceeds the foregoing floor area limitations, Owner shall submit its Plans and Specifications as set forth above, and Developer's approval shall not be unreasonably withheld. Further, to the extent of a conflict between the provisions of the existing Leases (as hereinafter defined) and this Agreement with respect to approvals required for any construction or Reconstruction, the least restrictive provisions shall control so long as the applicable Lease remains in full force and effect.

Should Developer fail to deliver to Owner its approval or disapproval of Owner's Plans and Specifications in writing (i) within twenty (20) calendar days after receipt of the Plans and Specifications, and (ii) within ten (10) days after written notice is delivered by Owner to Developer, after expiration of the initial twenty (20) day period (which notice shall advise Developer that failure to respond within ten (10) days will result in the Plans and Specifications being conclusively presumed to be approved), then Developer shall be conclusively presumed to have approved the Plans and Specifications. In the event of disapproval, Owner shall revise the Plans and Specifications to incorporate any and all changes as may be reasonably requested to secure Developer's approval and shall deliver to Developer one (1) reproducible set (sepia) and four (4) copies of the revised Plans and Specifications. Within ten (10) calendar days after Developer's receipt of the revised Plans and Specifications Developer shall review such revised Plans and Specifications in accordance with all the provisions of this Section 1. Should Developer fail to deliver to Owner its approval or disapproval of the revised Plans and Specifications in writing within (i) ten (10) calendar days after receipt of the revised Plans and Specifications and (ii) within ten (10) days after written notice is delivered by Owner to Developer, after expiration of the initial ten (10) day period (which notice shall advise Developer that failure to respond within ten (10) days will result in the revised Plans and Specifications being conclusively presumed to be approved), then Developer shall be conclusively presumed to have approved the revised Plans and Specifications. In the event of reasonable disapproval of the revised Plans and Specifications Owner shall further revise the Plans and Specifications and deliver the same to Developer for review in accordance with the provisions of this paragraph.

d. Continuing Right of Approval. The Transfer (as such term is defined in Section 8 hereof) of the Parcels, or any part thereof, or the review and approval of Plans and Specifications by any federal, state, county or municipal agency, board, department or other governmental or quasi-governmental body (the "Local Authorities") in connection with the granting of a permit,

license or other governmental approvals, shall in no way be deemed to preclude Developer from exercising its approval rights of Plans and Specifications prior to the commencement of any and all Reconstruction on the Parcels.

e. Shopping Center REA. Owner acknowledges the receipt of a copy of that certain (said Easement and Operating Agreement by and among Windsor Park Development Company, J.C. Penney Properties, Inc., Montgomery Ward Development Corporation, Construction Developers, Incorporated, Dillard Department Stores, Inc., Alstores Realty Corporation and Allied Stores of Texas, Inc. dated September 10, 1974 and recorded October 1, 1974 in Volume 7451, Page 649 of the Deed Records of Bexar County, Texas, as amended by the following:

- iv. Fourth Amendment of Easement and Operating Agreement dated November 20, 1990 and recorded in Volume 5004, Page 585 of said Deed Records;

(said agreement, as the same may be amended from time to time, and all agreements executed in substitution therefor or in restatement thereof, so long as such future amendments, substitutions or restatements do not materially affect Owner's operation or use of the Parcels, being herein called the "REA"). Owner acknowledges and agrees that Owner has purchased the Parcels subject and subordinate to the REA including, but not limited to, any and all provisions contained in the REA restricting development on the Parcels. Owner further agrees, after written notice from Developer, to defend and indemnify Developer against any claims, damages, lawsuits or other actions arising from the failure of Owner to comply with the terms and provisions of the REA on the Parcels, including, but not limited to, provisions concerning the maintenance, redevelopment and use of the Parcels.

f. Signage and Height Conditions. Subject to the prior approval rights of Developer set forth in this Agreement, and without limitation of any other provision of this Agreement, the REA, applicable Laws (as hereinafter defined) or the approved Plans and Specifications (the most stringent of which shall apply), the following conditions are agreed to by Owner:

- i. Owner, at its sole cost and expense, may erect and maintain one (1) pylon sign on the Olive Garden Parcel, one (1) pylon sign on the Applebee's Parcel and one (1) pylon sign on the Wendy's Parcel provided that: 1) the height of such pylon sign does not exceed forty (40) feet; 2) the area of each sign panel does not exceed one

hundred fifty (150) square feet per panel with a maximum of two (2) panels per sign; 3) such sign does not materially obstruct the visibility of the Center or any other signs identifying the Center or other occupants; and 4) Owner receives all necessary governmental permits for such sign;

- ii. Except and unless a pylon sign is permitted and erected on a Parcel, Owner, at its sole cost and expense, may erect and maintain one (1) monument sign on each Parcel provided that 1) the height of such monument sign does not exceed twelve (12) feet in height; 2) the area of each sign panel does not exceed fifty (50) square feet per panel with a maximum of two (2) panels per sign; 3) such sign does not materially obstruct the visibility of the Center or any other signs identifying the Center or other occupants of the Center; and 4) Owner receives all necessary permits for such sign;
- iii. Owner, at its sole cost and expense, may install and maintain on each Parcel no more than four (4) fascia signs on the fascias of its building, but not on the roof thereof, the length of such fascia sign not to exceed eighty percent (80%) of the length of the fascia on which it is installed and its letters being internally and individually lit and not exceeding forty-eight (48) inches in height;
- iv. Other than those permitted herein, no sign shall be permitted upon the Parcels unless such sign has been first approved by Developer as part of approved Plans and Specifications, or otherwise approved by Developer, such approval not to be unreasonably withheld or delayed; provided that Developer's approval shall not be required for temporary signs professionally prepared and used in conjunction with a tenant's regional or national advertising campaign. All signs shall be professionally prepared, in keeping with the operation of a first class shopping center, and in compliance with all applicable laws, codes, ordinances, rules, regulations, covenants and restrictions ("Laws");
- v. No temporary sign (except for (i) development information signs during the period prior to the completion of Reconstruction of Owner's Work or leasing signs or banners and (ii) signs professionally prepared and used in conjunction with a tenant's regional or national advertising campaign), paper sign, flag, banner or streamer shall be permitted upon any portion of the Parcels at any time; and
- vi. The height of any Improvements on the Parcel shall not exceed the lesser of one (1) story plus a mezzanine or twenty-eight (28) feet in height, unless the Improvements are a regional or national prototype. Notwithstanding the above, the average height of any Improvements for a regional or national prototype shall not exceed thirty (30) feet.

g. Restrictions on Actions. Owner acknowledges that the Parcels are a part of an integrated development comprising a variety of uses in which certain actions of Owner may have an adverse effect on the Center. Therefore, without limitation of the provisions of this Section 1 or any other provisions of this Agreement, Owner agrees not to take any of the following actions without Developer's prior written consent, which consent shall not be unreasonably withheld or delayed:

- i. make any request or application to any governing body having jurisdiction over public roads and highways adjacent to the Parcels, including, but not limited to, any state, county or local highway department of transportation, for any curb cuts or other access points providing access from such public roads to the Parcels, if such curb cuts are not located entirely on the Parcels; nor
- ii. submit the Plans and Specifications to a Local Authority in connection with any change or modification in zoning, the issuance of a building permit or other permits, licenses or approvals, or for any other reason, unless such Plans and Specifications have, if applicable, been reviewed and approved in advance by Developer in accordance with this Section 1.

If any changes are requested or required by a Local Authority to approved Plans and Specifications, such changes shall be subject to Developer's review and approval or disapproval in accordance with Section 1 hereof. Owner shall deliver to Developer for its review written notice of the requested or required changes. Should Developer fail to deliver to Owner its approval or disapproval of the changes in writing within fifteen (15) days after receipt of Owner's written notice, then Developer shall be conclusively presumed to have approved the changes.

h. No Barrier. No barricades, fences or other material obstructions shall be erected, installed or maintained by Owner or Developer which would in any manner impede vehicular or pedestrian traffic on, across, over or between the common areas on the Parcels and the common areas of the Center (other than reasonable directional markers and traffic control devices).

2. MAINTENANCE OF THE PARCEL BY OWNER

a. Standard of Maintenance. Owner shall maintain or cause to be maintained the Parcels and all Improvements located thereon, including the exterior of any building or buildings, pedestrian walks, landscaped areas, exterior lighting and signage and other Improvements, in a good, sightly and safe condition, appearance and repair consistent with and similar to the Center, and further shall at all times, and from time to time, cause the prompt removal of all paper, debris, refuse, snow and ice and the sweeping of paved areas (if any) when and as required in order that the Parcels be maintained as above provided, and will maintain the unimproved portions of the Parcels in a similar good, sightly and safe condition.

b. Fire and Casualty; Condemnation. In the event of damage or destruction to any Improvements on the Parcels by reason of fire or other casualty or the loss of any part of the Parcels or Improvements thereon by reason of condemnation, Owner shall perform or cause to be performed either: (i) prompt restoration of such Improvements to the condition existing prior to such damage, destruction or condemnation; or (ii) razing and removal of any such Improvements, in which event Owner shall replace such Improvement with either (A) paved parking or other Improvements or uses consistent with this Agreement or (B) landscaping (such as grass).

c. Action by Developer. In the event that Owner shall fail or refuse to maintain the Parcels as above provided, then Developer shall have the right, upon thirty (30) days' prior written notice to Owner specifying the manner in which Owner has failed to maintain the Parcels (unless within such thirty (30) day period Owner shall complete the required maintenance, or in the case of maintenance which by its nature cannot be completed within such thirty (30) day period, Owner shall take such action as is reasonably calculated to commence the required maintenance and thereafter shall diligently prosecute the maintenance to completion), to enter upon the Parcels and perform the maintenance set forth in said notice, all in the name of and for the account of Owner. Developer shall have the absolute right of entry upon the Parcels to perform such maintenance and shall in no event be held to be a trespasser upon the Parcels, but no entry in any buildings is authorized nor shall the permitted business and operations of the tenants on the Parcels be unreasonably disturbed. Developer, by reason of its doing so, shall not be liable or responsible to Owner or any other person or entity for any losses or damages thereby sustained by Owner or any occupants of the Parcels or of anyone claiming by or under either an occupant or Owner, unless such loss or damage arose from the negligence or willful misconduct of Developer, its agents, contractors or employees in performing any such maintenance. The reasonable and necessary cost of such maintenance shall be paid by Owner to Developer within thirty (30) days after the date of receiving a statement therefor, which statement shall specify the details of the maintenance performed and the cost thereof. In the event that Owner shall fail to pay Developer any such amount when due, Developer shall have all of the rights and remedies provided for in Section 11 hereof.

d. Conflict. Notwithstanding the foregoing maintenance standards, in the event of a conflict between such provisions and similar provisions in the Leases (as hereinafter defined), the Owner's maintenance obligations hereunder shall not exceed the obligations of the tenants for such matters under the Leases so long as the Leases remain in full force and effect.

3. MAINTENANCE AND MANAGEMENT OF PARKING AREA BY OWNER

a. Standard of Maintenance. Notwithstanding any provision in Section 2 to the contrary, Owner shall operate and maintain, or cause to be operated and maintained, that portion of the Parcels designed or designated from time to time to be used as access drives and parking areas for motor vehicles, including appurtenant landscaped areas, exterior lighting and signage (hereinafter referred to as "Parking Area") in good and sightly order, condition and repair.

Without limiting the generality of the foregoing, Owner, in the operation and maintenance of the Parking Area, shall observe the following standards:

- i. Maintain the surface of the Parking Area in a level, smooth and evenly covered manner with the type of surfacing material originally installed thereon, or such reasonable alternative or substitute thereof as shall be in all respect equal thereto in quality, appearance and durability;
- ii. Remove all paper, snow and ice, debris, filth and refuse from the Parking Area and wash or thoroughly sweep paved areas as reasonably required;
- iii. Maintain such appropriate parking lot entrance, exit and directional signs and markers in the Parking Area as shall be reasonably required and in accordance with the practices prevailing in the operation of first class regional shopping centers in the San Antonio, Texas metropolitan area. Lighting shall be maintained in the Parking Area on the Parcels during the business hours of Owner, when such lighting is reasonably required;
- iv. Clean lighting fixtures in the Parking Area and relamp as reasonably required;
- v. Repaint striping, markers, directional signs, etc. in the Parking Area as reasonably required;
- vi. Maintain and replace landscaping outside of Owner's building curb as reasonably required, including mowing of grass, and removal and replacement of dead shrubbery; and
- vii. Prevent the erection of any barricades, fences or other barriers which would in any manner impede vehicular or pedestrian traffic on, across, over or between the common areas on the Parcels and the Center.

b. Action by Developer. In the event that Owner shall fail or refuse to maintain the Parking Area as above provided, then Developer shall have the right, upon ten (10) days' prior written notice to Owner specifying the manner in which Owner has failed to maintain the Parking Area (unless within such ten (10) day period Owner shall complete the required maintenance, or in the case of maintenance which by its nature cannot be completed within such ten (10) day period, Owner shall take such action as is reasonably calculated to commence the required maintenance and thereafter shall diligently prosecute the maintenance to completion), to enter upon the Parcels and perform the maintenance set forth in said notice, all in the name of and for the account of Owner. Developer shall have the absolute right of entry upon the Parcels to perform such maintenance and shall in no event be held to be a trespasser upon the Parcels, but no entry in any buildings is authorized nor shall the permitted business and operations of the tenants on the Parcels be unreasonably disturbed. Developer, by reason of its doing so, shall not

be liable or responsible to Owner or any other person or entity for any losses or damages thereby sustained by Owner or any occupants of the Parcel or of anyone claiming by or under either an occupant or Owner, unless such loss or damage arose from the willful misconduct or negligence of Developer, its agents, contractors or employees in performing any such maintenance. The reasonable and necessary cost of such maintenance, shall be paid by Owner to Developer within ten (10) days after the date of receiving a statement therefor, which statement shall specify the details of the maintenance performed and the costs thereof. In the event that Owner shall fail to pay Developer any such amounts when due, Developer shall have all of the rights and remedies provided for in Section 11 hereof.

c. Conflict. Notwithstanding the foregoing maintenance standards, in the event of a conflict between such provisions and similar provisions in the Leases (as hereinafter defined), the Owner's maintenance obligations hereunder shall not exceed the obligations of the tenants for such matters under the Leases so long as the Leases remain in full force and effect.

4. MAINTENANCE AND MANAGEMENT OF COMMON AREAS BY DEVELOPER

Common Areas of the Center are defined as: all parking areas, ring roads, access roads and facilities furnished, made available or maintained by Developer in or near the Center and outside of the Parcels, including employee parking areas, truck ways, driveways, loading docks and areas, delivery areas, multi-story parking facilities (if any), package pickup stations, exterior elevators, escalators and pedestrian sidewalks, malls, courts and ramps, landscaped areas, retaining walls, exterior stairways, bus stops, first-aid and comfort stations, lighting facilities, sanitary systems, utility lines, water filtration and treatment facilities and other areas and improvements provided by Developer for the general use in common of occupants, tenants and their customers, department stores and outlot owners in the Center.

The parties acknowledge that the Parcels are subject to certain leases between Developer, or its predecessor, and the named tenants (the "Leases"), that the Developer has assigned its right, title and interest in said Leases to Owner and that Owner has assumed the terms, covenants, agreements, provisions and obligations of the landlord under said Leases, which Leases are identified as follows:

- a. Lease by and between Seller, as Landlord, and Milton A. Stahl and Joel S. The "Developer" under the REA and the "Landlord" under the Leases are subject to certain covenants and have certain duties and obligations regarding the Common Areas. Notwithstanding anything in the REA or the Leases to the contrary and the assignment of the Leases to Owner, Developer covenants that Developer, its successors and assigns, shall retain and perform those certain duties of the "Developer" under the REA and "Landlord" under the Leases, subject to the terms of the REA and Leases and only to the extent recited therein, to insure, construct, install, maintain, repair and replace the Common Areas defined herein and in the REA and the Leases. In addition to such covenants, Developer hereby agrees after written notice from Owner to defend, indemnify and hold Owner harmless from and against any claims, damages or lawsuits brought by any parties under the REA or the tenants under the Leases arising from Developer's failure to satisfy its obligations with respect to such Common Areas, as set forth herein or as set forth in the REAs and the Leases.

Developer further agrees, after written notice from Owner, to defend and indemnify Owner against any claims, damages or lawsuits arising from the failure of Developer to satisfy its obligations under the terms of the Leases or under the REA with respect to portions of the Center outside of the Parcel.

5. GRANT OF EASEMENT OVER, AND MAINTENANCE AND USE OF RING ROAD AND ENTRANCE DRIVES

a. Access Maintenance Charge. Owner shall pay, without deduction, set-off or prior demand, as its contribution to costs and expenses for the repair, maintenance, restoration and improvement of the Center ring road (the "Ring Road") and entrance drives (the "Entrance Drives"), the sum of Eight Thousand Two Hundred Fifty and 00/100 Dollars (\$8,250.00) for the

Applebee's Parcel until the Applebee's Lease is terminated or expires, and Six Hundred Sixty-One and 25/100 Dollars (\$661.25) for the Olive Garden Parcel, for a total of Eight Thousand Nine Hundred Eleven and 25/100 Dollars (\$8,911.25) per year for the Parcels (the "Access Maintenance Charge"), commencing at the Closing Date. The Access Maintenance Charge shall be payable in equal monthly installments, in advance, within fifteen (15) days after the close of each month, and will be increased by fifteen percent (15%) for the fiscal year commencing on February 1, 2003 and by an additional fifteen percent (15%) every five (5) years thereafter on the anniversary of such date. The Access Maintenance Fee for the Applebee's Parcel shall be reduced upon the expiration or earlier termination of the Applebee's Lease, to the amount then in effect for the Olive Garden Parcel. The Access Maintenance Charge shall be further increased upon expiration or earlier termination of the Wendy's Lease by the sum of Fifty and 00/100 Dollars (\$50.00) per year for the Wendy's Parcel.

b. Non-Exclusive Easement to Owner. Developer does hereby create, grant and convey unto Owner, its tenants, licensees, and invitees, a permanent, non-exclusive easement in common with Developer and all others to whom Developer has granted or may hereafter grant rights, over, upon and across the Ring Road and Entrance Drives, as they may be changed from time to time, for purposes of access, ingress and egress to and from the Parcels. Developer reserves the right, in its sole discretion, to change from time to time the configuration, location, number and size of the Ring Road and Entrance Drives, so long as Owner's access to public streets, and to the Ring Road and Entrance Drives, is not materially impaired. The number, location and size of any curb cuts for ingress and egress to and from the Parcels onto the Ring Road and Entrance Drives shall be subject to the prior written approval and consent of Developer and the approval rights, if any, of any occupant of the Center pursuant to the terms and provisions of the REA or otherwise. Developer shall take no action which would materially impair Owner's access to the Ring Road and Entrance Drives, as they may be changed from time to time. In the event of either (i) termination, relocation or change of rights and easements for access over the Ring Road and Entrance Drives as a result of the expiration or earlier termination of the REA, or (ii) the need for granting of a separate access easement in order to comply with a requirement of the Local Authorities for consent to redevelopment of a Parcel, Developer shall create, grant and convey to Owner an access easement over Developer's Property the terms and description of which shall be subject to Owner's reasonable approval.

c. Continuing Obligation. In the event that Owner shall Transfer (as such term is defined in Section 9 herein) Owner's complete interest in the Applebee's Parcel, Olive Garden Parcel and/or Wendy's Parcel, the Owner's transferee shall be responsible for payment of the Access Maintenance Charge allocable to such Parcel(s), and, except as provided below, Owner shall be released from further liability for the Access Maintenance Charge allocable to the transferred Parcel(s) arising or accruing from and after the effective date of such Transfer, provided that the following conditions are satisfied:

- i. With respect to accrued liability, any and all amounts which shall then be due and payable by Owner shall have been paid to Developer;

- ii. Developer shall have received promptly after the effective date of such Transfer, written notice from Owner of the Transfer and the name and address of the transferee;
- iii. Neither Owner, Owner's nominee, a partnership or joint venture in which Owner holds an interest, or Owner's Affiliate (as such term is defined hereinafter) holds title to the transferred Parcel(s), or any portion thereof or any interest therein.

If Owner shall fail to deliver any such written notice or pay any accrued amounts due, liability for payment of the Access Maintenance Charge shall continue to be binding upon and enforceable against Owner until such failure is cured; notwithstanding the foregoing, such liability shall be binding upon and enforceable against the transferee at all times. In the event that the Owner shall fail to pay to Developer any amounts to be paid under this Section 5, when due, Developer shall have all the rights and remedies provided for in Section 11 hereof.

d. "Affiliate" Defined. As used in this Agreement, the word "Affiliate" shall mean (a) any corporation or other entity that directly or indirectly controls, is controlled by or is under common control with Owner, (b) an entity at least a majority of whose economic interest is owned by Owner, (c) any general or limited partnership, or limited liability partnership in which Owner is a general partner, or (d) any limited liability company in which Owner is a substantial (more than thirty percent (30%)) member. For purposes of this paragraph, "control" shall mean the power to direct the management of such entity through voting rights, ownership or contractual obligations.

6. USE

a. Permitted Use. Owner agrees that it shall use, occupy and operate the Parcels, or shall cause the Parcels to be used, occupied and operated, for the construction and operation of the following:

- i. in the case of the Applebee's Parcel, a sit-down, table service restaurant with or without related bar serving alcoholic beverages for on-site consumption incidental to such restaurant operation;
- ii. in the case of the Olive Garden Parcel, a sit-down restaurant serving or not serving alcoholic beverages; and
- iii. in the case of the Wendy's Parcel, a restaurant for the sale of food and beverages, including beer and wine or no beer or wine,

and for no other uses or purposes whatsoever without, in each and every instance, the prior written consent of Developer not to be unreasonably withheld ("Permitted Use").

b. Change of Use. If Owner proposes to change the primary use of the Parcel from the Permitted Use, Owner shall first notify Developer in writing of the proposed primary use (hereinafter referred to as "Proposed Use"). In no event shall Owner be entitled to propose a Proposed Use or make a change of use which would violate the REA or the exclusive use rights (i.e., the right granted by Developer to an owner or tenant in the Center to exclusively sell or lease a specific category of merchandise or type of service or restaurant) granted from time to time to other owners and tenants in the Center, so long as such exclusive rights continue to be binding on Developer and the Center (an "Exclusive"). Developer agrees to act in good faith and in a reasonable commercial manner in granting exclusives subsequent to this Agreement, that pertain to the Parcels. Developer shall not withhold its consent to a Proposed Use for any other restaurant theme or style so long as such Proposed Use is not in violation of any prohibition, restriction or exclusive to which the Parcel, Center or Developer is bound at the time of Owner's proposed change of use, and so long as such Proposed Use does not duplicate any other use then operating on an outlot in the Center.

c. Prohibited Uses. For so long as the Center is operated as a commercial real estate establishment, in no event shall the Parcels or any part thereof be used for any use prohibited under the REA, or for any purpose or purposes which would produce or be accompanied by the following characteristics:

- i. Any noise, vibration, litter, odor (obnoxious or toxic), dust, dirt or other activity which may constitute a public or private nuisance;
- ii. Any unusual firing, explosive or other damaging or dangerous hazards;
- iii. Any factory use, warehouse operation, processing or rendering plant, or any assembling, manufacturing, distilling, refining, smelting, industrial, agriculture, drilling or mining operation;
- iv. Any trailer court, mobile home park, lot or showroom for sale of new or used motor vehicles, trailers or mobile homes, labor camp, junk yard, stockyard or animal raising;
- v. Any dumping, disposal, incineration or reduction of garbage or refuse other than handling or reducing such waste if produced on the premises from authorized uses and if handled in a reasonably clean and sanitary manner;
- vi. Any commercial laundry or dry cleaning plant, laundromat, car or truck washing establishment;
- vii. Any automobile, truck, trailer or other motor vehicle body, fender or other repair work, or any gasoline or fuel pumps, except on the Wendy's Parcel;

- viii. Any automobile, truck, trailer or other motor vehicle painting or customizing work;
- ix. Any cemetery, mortuary or crematorium;
- x. Any pool or billiard establishment, amusement center or game room, bowling alley, amusement park or gallery, carnival, sporting event or other sports activity or shooting gallery; provided that use as a pool or billiard establishment, amusement center or game room shall not be prohibited if conducted as an integral portion of a restaurant;
- xi. Any second hand store, surplus store or flea market;
- xii. Any drug rehabilitation center, "halfway" house or massage parlor; any health club in excess of ten thousand (10,000) square feet;
- xiii. Any so-called "off-track betting" operation; or
- xiv. Any sale or display of pornographic materials, adult book store, or adult entertainment use or any other manner or use which is inconsistent with a family entertainment center and retail destination.

For purposes of this Section 6, it is specifically acknowledged and agreed that the Center shall not be deemed to be no longer operating due to temporary cessations of operations resulting from damage and destruction, casualty, force majeure or any other cause not the fault of Developer.

In addition to the foregoing, Owner acknowledges and agrees that Owner's use, occupation, operation and development of the Parcels shall be in all respects subject to those restrictions and limitations applicable to the Parcels contained in the REA and shall be in compliance with applicable Laws, including but not limited to zoning regulations.

7. PARKING RATIO

Except with respect to the Wendy's Parcel, Owner shall maintain or cause to be maintained on each Parcel at all times no fewer than five (5) parking spaces for every one thousand (1,000) square feet of floor area in any building constructed on the Parcel.

8. CONSTRUCTION BY OWNER

a. Owner's Construction Work. To the extent Owner elects to perform, or cause to be performed, development (including design, engineering, construction and installation) of the Improvements to be located on the Parcels, and to perform, or cause to be performed, all other work associated with the development of the Parcels (all included within the term "Owner's Work", as previously defined herein), then such Owner's Work shall be performed only in

accordance with the Plans and Specifications, if any, approved by Developer in accordance with the process described in Section 1 of this Agreement.

b. Utility Lines Serving the Center. Owner shall be responsible for field verification of the location of any and all utilities (including existing irrigation, exterior light or pylon sign utility runs serving the Center or neighboring developments) contained on the Parcels prior to commencement of Owner's Work. If any of the utility runs are cut or damaged during Owner's Work, Owner shall repair, replace and/or reposition the utility run immediately, at Owner's sole cost and expense, and shall notify the Center's operation director or Developer's tenant coordinator prior to beginning any such work.

c. General Construction Requirements.

(1) Construction Standards. Owner's Work shall be done (a) at Owner's sole cost and expense, (b) by contractors or subcontractors who are appropriately licensed, fully bonded and sufficiently insured, and (c) in substantial compliance with the approved Plans and Specifications. Owner agrees that all Construction activities performed by Owner, or on Owner's behalf, shall be performed in compliance with all applicable laws, rules, regulations, orders, and ordinances of all governmental bodies having jurisdiction over the Parcel and Developer's Property. All Construction shall utilize new materials, and shall be performed in a good, safe and workmanlike manner. Owner's Construction activities shall not: (i) cause any unreasonable increase in the cost of constructing improvements, if any, by Developer, (ii) unreasonably interfere with construction work, if any, being performed on any other part of the Developer's Property, (iii) unreasonably interfere with the operation, use, occupancy or enjoyment of any part of Developer's Property by Developer, any other party or its permittees, or (iv) cause any building located on the Developer's Property to be in violation of any Laws.

(2) Indemnification of Developer. Owner agrees to defend, protect, indemnify and hold harmless Developer from and against all claims and demands, including any action or proceeding brought thereon, and all costs, loss, expenses and liabilities of any kind relating thereto, including reasonable attorney fees and cost of suit, arising out of or resulting from any construction activities performed or authorized by Owner; provided, however, that the foregoing shall not be applicable to either events or circumstances caused by the gross negligence or willful act or omission of Developer, its licenses, concessionaires, agents, servants, employees, or any one claiming by, through or under any of them.

9. OWNER'S TRANSFER

a. Transfer. As used in this Agreement, the term "Transfer" shall mean a sale, lease, assignment, transfer, alienation or conveyance (or agreement to do any of the foregoing) of the Parcels, or any portion thereof, or any interest therein, whether any such sale, lease, assignment, transfer, alienation or conveyance is effectuated directly, indirectly, voluntarily or involuntarily, by Owner or any third party, by operation of law or otherwise. The term "Transfer" shall not include any lien, pledge, deed of trust, mortgage or other encumbrance of the Parcels to finance the development of the Parcels.

b. Notice to Developer. Owner shall notify Developer of the occurrence of any Transfer. Such notice shall be in writing, addressed to Developer as provided in Section 13 hereof, and shall be sent no more than fifteen (15) business days prior to the conclusion of such Transfer.

10. INTENTIONALLY DELETED.

11. REMEDIES

In the event that Owner either (i) fails to pay Developer when due any amounts owed by Owner to Developer under this Agreement, or (ii) shall otherwise fail to perform any of Owner's covenants, agreements or obligations hereunder within ten (10) days after written notice thereof by Developer to Owner (unless a longer time period is set forth elsewhere in this Agreement), Developer shall have all rights, privileges and remedies to enforce said collection or performance as shall be provided or permitted by law or equity from time to time including, without limitation, the right to invoke any one or more of the following remedies:

a. Institute suit against Owner to enforce collection of the amounts owed to Developer pursuant hereto, together with interest thereon at the highest lawful rate permitted by the laws of the state where the Center is located, court costs and attorneys' fees;

b. Institute suit in equity to the extent permitted by law to compel compliance with the terms and conditions of this Agreement;

c. With respect to the payment of the Access Maintenance Charge, to (i) enforce denial of the use of the Ring Road and Entrance Drives, or other access easement in replacement thereof, against Owner, its tenants, lessees or invitees, and/or (ii) record against title to the Parcels a notice of lien which shall constitute a lien in favor of Developer on the interest of Owner and which may be foreclosed by Developer in proceedings in the nature of a foreclosure, with all of the rights and remedies afforded by the laws of the state where the Parcels are located to secured creditors in such proceedings; provided, however, that any liens shall be subordinate and subject to any bona fide first mortgage, to or held by an unrelated third party, existing upon the Parcels prior to recordation of the notice of lien;

d. Set-off any such amounts due from Owner to Developer against any amounts due from Developer to Owner; and

e. If no emergency exists, to perform the Owner's omitted obligation after giving the above required notice, and in any emergency situation, to perform the same immediately without notice or delay. Developer, by reason of its doing so, shall not be liable or responsible to Owner or any other person or entity for any losses or damages thereby sustained by Owner or any occupants of the Parcels or of anyone claiming by or under either an occupant or Owner, unless such loss or damage arose from the gross negligence or willful misconduct of Developer, its agents, contractors or employees in performing any such obligation. The reasonable and necessary cost of Developer's performance of such obligation shall be paid by Owner to Developer within ten (10) days after the date of receiving a statement therefor, which statement shall specify the details of the obligation performed and the cost thereof.

f. In the event Owner fails to pay within thirty (30) days after the same is due and payable any sum or charge required to be paid by Owner to Developer under this Agreement, such unpaid amount shall bear interest from the due date thereof to the day of payment at an annual rate equal to the lesser of ten percent (10%) or the highest rate of interest that may lawfully be charged to Owner then required to pay interest under this Agreement. Such interest shall be paid by Owner to Developer at the time of payment of the unpaid principal amount.

All rights, privileges and remedies afforded Developer by this Agreement shall be deemed cumulative and the exercise of any one of such rights, privileges and remedies shall not be deemed to be a waiver of any other right, remedy or privilege set forth herein.

12. WAIVERS

No act, delay or omission by either party in exercising any right or enforcing against the other any term or provision of this Agreement shall impair any such right or be construed or deemed to be a waiver of the same or any other such term or provision. A waiver by either party of any breach of the terms and provisions of this Agreement shall not be construed to be a waiver of any subsequent breach thereof or of any other terms and provisions herein contained.

14. MISCELLANEOUS PROVISIONS

a. Governing Law. This Agreement shall be governed and construed under and in accordance with the laws of the state where the Center is located according to its fair meaning and not in favor of or against any party.

b. Severability. If any term, provision or condition contained in this Agreement shall, to any extent, be held to be invalid, illegal or unenforceable in any respect, the remainder

of this Agreement (or the application of such term, provision or condition to persons or circumstances other than those in respect of which it is invalid, illegal or unenforceable) shall not be affected thereby, and each and every other term, provision and condition of this Agreement (and the application thereof) shall be legal, valid and enforceable to the fullest extent permitted by law.

c. Gender and Number. Words of any gender used in this Agreement shall be held and construed to include any other gender, and words in the singular number shall be held and construed to include the plural, and vice versa, unless the context requires otherwise.

d. Section Heading. The section headings herein are for convenience or reference purposes only and shall not limit or otherwise affect or be used in the construction or interpretation of the terms and provisions of this Agreement or any part hereof.

e. Counterparts. This Agreement may be executed and acknowledged in multiple originals or counterparts, each of which will be an original and, when all of the parties to this Agreement have signed and acknowledged at least one (1) original, such copies together will constitute a fully executed and binding Agreement.

f. Entire Agreement. This Agreement constitutes the sole agreement of the parties hereto and supersedes any prior discussions, understandings or agreements (written or oral) between the parties respecting the within subject matter.

g. Amendment. This Agreement shall not be amended or modified unless such amendment is set forth in writing executed by Developer and Owner.

h. Attorneys Fees. If either party files any action or brings any proceeding against the other arising out of this Agreement, or is made a party to any action or proceeding brought by a third party arising out of this Agreement, then, as between Developer and Owner, the prevailing party shall be entitled to recover, as an element of its costs of suit and not as damages, reasonable attorneys' fees to be fixed by the court. The "prevailing party" shall be the party who is entitled to recover its costs of suit, whether or not the suit proceeds to final judgment. A party not entitled to recover its costs shall not recover attorneys' fees.

i. Binding Effect. Each and all of the covenants, restrictions, conditions and provisions contained in this Agreement, whether of an affirmative or negative nature, (i) are made for the direct and mutual benefit of the Parcels, and Developer's Property, and each and every portion thereof, and will constitute covenants running with the land of the Parcels and Developer's Property; (ii) will bind every owner of all or any portion of the Parcels and Developer's Property to the extent that such portion is affected or bound by the covenants, conditions or restrictions to be performed on the behalf of such portion; and (iii) will inure to the benefit of the parties and their respective successors and assigns.

j. Conflicts. To the extent of a conflict between either, all or any combination of this Agreement, any applicable Laws, the REA and/or the approved Plans and Specifications, the terms and provisions of either of this Agreement, Laws, the REA and/or the approved Plans and Specifications which impose the most stringent standard shall control. To the extent of a conflict between this Agreement and the Leases with respect to (i) the rights and obligations of the Owner hereunder and the tenants under the Leases or (ii) the obligations of the Developer hereunder and the landlord under the Leases, the terms and provisions of the Lease affecting the Parcel which is subject to the conflict shall control so long as such Lease remains in full force and effect.

k. Allocation Between Owners. All costs, prorations, obligations and burdens on Owner set forth in this Agreement shall be allocated between DWP and MM2, their successors and assigns, as Owner of the Parcel to which such cost, proration, obligation or burden shall be applicable.

15. LIMITATION OF LIABILITY

Anything to the contrary herein contained notwithstanding, there shall be absolutely no personal liability on persons, firms or entities who constitute Developer with respect to any of the terms, covenants, conditions and provisions of this Agreement, and Owner shall, subject to the rights of any first mortgagee, look solely to the interest of Developer, its successors and assigns, in the Center for the satisfaction of each and every remedy of Owner in the event of default by Developer hereunder; such exculpation of personal liability is absolute and without any exception whatsoever. In the event the Developer transfers its interest in Developer's Property, it shall be released from all liability for performance of any covenants, restrictions and conditions on the part of the Developer which is thereafter to be performed hereunder. The transferee shall be deemed to have assumed all of the covenants, restrictions and conditions herein to be observed by the Developer with the result that such covenants, restrictions and conditions shall bind Developer, its successors and assigns, only during and in respect of their respective successive periods of ownership.

16. INDEMNIFICATION AND INSURANCE

a. Indemnification of Developer. Owner shall indemnify, defend, protect and hold harmless Developer, from and against all losses, claims, liabilities, damages, costs and expenses (including, without limitation, reasonable attorney's fees and other costs of litigation) arising out of, related to, caused by or resulting from the death of or any accident, injury (personal or bodily), loss or damage whatsoever, actually or claimed to be suffered or sustained by any person, or to the property of any person (such losses, claims, liabilities, damages, costs and expenses are collectively referred to hereinafter as "Loss"), as shall occur on the Parcels, except to the extent that any such Loss is caused by reason of the gross negligence or willful misconduct of Developer, its agents, contractors or employees.

b. Owner's Commercial General Liability Insurance. Owner shall or shall cause its tenants to at all times maintain in full force and effect commercial general liability insurance

with a financially responsible insurance company or companies authorized to do business in the state where the Parcels are located, with an AM Best rating of "A-IX" (or the equivalent thereof) or better in each of the previous three (3) years, written on an occurrence basis covering claims of Loss from products and completed operations, contractual liability (including, without limitation, coverage of the indemnities under this Agreement), bodily injury including death, personal injury, and broad-form property damage arising out of incidents or accidents on the Parcels (including the consequential damages from any of the foregoing), with a limit of not less than Three Million Dollars (\$3,000,000) per occurrence. Said limits may be provided through a combination of primary and excess (umbrella) liability policies. All insurance shall be primary with respect to the Parcels. The foregoing paragraph shall not expand or require Owner to provide any insurance in excess of such insurance as is required to be maintained by the tenants under the Leases so long as such Leases remain in effect.

c. Owner's All Risk Property Insurance. Owner shall carry all risk property insurance coverage, including builder's risk insurance coverage, in an amount at least equal to the full replacement cost of all Improvements on the Parcels, without deduction for depreciation, insuring against all risks (subject to exclusion of certain risks customarily excluded from time to time in the so-called "all-risk" policy), and insuring specifically against at least the following perils: loss or damage by fire, lightning, windstorm, cyclone, tornado, hail, explosion, earthquake, subsidence, flood, water damage other than floor or sprinkler leakage damage, riot, riot attending a strike, civil commotion, malicious mischief, vandalism, collapse of building or roof, boiler and machinery equipment, aircraft, vehicle and smoke damage and sprinkler leakage. Such insurance shall be carried with a financially responsible insurance company or companies authorized to do business in the state where the Parcels are located with a Best rating of "A-IX" (or the equivalent thereof) or better in each of the previous three (3) years. Such insurance may be carried in whole or in part under a policy or policies covering other liabilities and locations of the Owner, or a subsidiary, successor, affiliate or controlling corporation of such Owner; provided, however, that (A) such policy or policies shall insure the risks and full amount required under this Agreement and (B) the inclusion of additional coverage or risks shall not materially diminish the coverage or insurance proceeds available under said policy or policies.

d. Certificate of Insurance. Owner shall, upon execution of this Agreement and thereafter upon request, furnish a certificate to Developer, evidencing that the insurance referred to herein above is in full force and effect. All policies of insurance carried by Owner, or endorsements issued under any blanket policy or policies covering those liabilities required to be insured against, shall provide that the same may not be canceled or reduced in scope or amount below that required hereunder without at least thirty (30) days' prior written notice being given by the insurer to Developer. The foregoing requirements of this paragraph shall not apply so long as the Leases remain in effect unless provided for as a requirement of the tenants under such Leases.

17. TAX DIVISION

In the event a Parcel is not a separate parcel, upon the execution and recording of this Agreement, Developer shall diligently proceed to take the necessary steps to cause a division of the larger parcel for real estate tax purposes to affect the separate assessment and taxation of the Parcel. Developer shall file any petition(s) necessary for effectuating such a division, and Owner shall join in such petition(s) if required by law. All costs and expenses, including attorneys' fees of such tax division shall be borne by Developer, except costs and expenses for services rendered by either party's in-house personnel and counsel shall not be included in the costs and expenses payable by Developer. The provisions of this Section 17 and the obligation to affect a separate tax parcel shall remain in effect until satisfied.

18. PLAT OF SUBDIVISION

If required (a) by any Local Authority having jurisdiction over the Parcels or the Center, as a result of the conveyance of the Parcels by Developer to Owner, or (b) by any future purchaser of the Applebee's Parcel or Olive Garden Parcel, or by any future purchaser of any part of Developer's Property ("Future Purchaser"), Owner and Developer shall cooperate in good faith to undertake the platting, replatting, subdivision or similar procedure (the "Platting") covering the Applebee's Parcel, Olive Garden Parcel and/or Developer's Property for which platting is required. Developer and Owner agree to cooperate with each other and execute or join in the execution of any document(s) or other instrument(s) required for such Platting; provided that (i) no interest of either party is prejudiced thereby, (ii) neither party shall incur any extraordinary cost or expense (unless the other party agrees in writing to promptly reimburse the obligated party therefore), and (iii) all costs and expenses, including attorneys' fees and survey costs, of such Platting (so long as reasonable and legitimate in accordance with custom and practice in Bexar County, Texas) shall be shared equally by the parties (except the costs and expenses for services rendered by either party's in-house personnel and counsel shall be paid by the party whose personnel and counsel render such services). Developer and Owner further agree to cooperate in good faith to undertake such Platting as aforesaid if either party elects to commence Platting without being required to do so by any Local Authority or Future Purchaser; provided that in such event the costs and expenses of such Platting shall be borne by the party electing to commence the Platting (except the costs and expenses for services rendered by either party's in-house personnel and counsel shall be paid by the party whose personnel and counsel render such services). The foregoing provisions of this Section 18 shall remain in effect until the Platting of the Applebee's Parcel, Olive Garden Parcel and Developer's Property to reflect the conveyance of the Parcels by Developer to Owner has been completed.

19. NO BUILD AREA

Developer covenants and agrees that no buildings or other improvements, other than surface parking areas at grade level, shall be permitted or maintained within that portion of the Common Areas (as defined herein) adjacent to the Applebee's Parcel and located as shown on the site plan attached hereto as Exhibit C.

20. RECIPROCAL UTILITY LINE EASEMENT

Developer does hereby create, grant and convey unto Owner, its successors and assigns, in, under, on and through the Developer's Property for the benefit of the Parcels, and Owner does hereby create, grant and convey unto Developer, its successors and assigns, in, under, on and through the Parcels for the benefit of the Developer's Property a perpetual nonexclusive right, privilege and easement, together with such rights of access thereto, thereon and therein, as are reasonably necessary to fully enjoy such easement rights, for the limited purpose of constructing, installing, operating, inspecting, maintaining, repairing and/or replacing such underground general utility facilities and related surface and subsurface appurtenances existing as of the date hereof (the "Reserved Utilities"), and for no other purpose (the "Reserved Utility Easement"). Developer shall retain on behalf of itself, its successors and assigns, with respect to the Developer's Property, and Owner shall retain on behalf of itself, its successors and assigns, with respect to the Parcels, the perpetual right to landscape, pave and make such other uses of the surface of the land subject to the Reserved Utility Easement as are not inconsistent with the Reserved Utility Easement, but not the right to construct or install any permanent structure thereon or thereto which would or might restrict access to the area subject to the Reserved Utility Easement or access to and use of the Reserved Utilities. If the surface and/or subsurface of the area subject to the Reserved Utility Easement (including any improvements located thereon and/or therein which are not permanent structures (e.g., paving, curbs, gutters and the like)) are disturbed by any party entitled to do so pursuant to the provisions hereof, such party shall, in consideration of its use and enjoyment of the Reserved Utility Easement and at its sole cost and expense, promptly restore the surface and/or subsurface thereof (and all such improvements located thereon and/or therein) to the same general condition in which they existed immediately prior to such disturbance.

21. LANDSCAPE AND SIGN EASEMENT TO DEVELOPER

 VIRGINIA NIEMANN, and LARRY NIEMANN, Trustee, hereinafter called
 Owners, and MELVIN SIMON & ASSOCIATES, INC., hereinafter called
 Developer.

Vol 6935 Page 332

W I T N E S S E T H:

WHEREAS, Owners have optioned unto Developer 73.9 acres of
 land on Interstate 35 and Walzem Road in Bexar County, Texas, more
 fully described in plat attached, and

WHEREAS, as one of the conditions of purchase, Developer
 agreed to give unto Owners and/or the public certain rights of
 access to the said 73.9 acres and

WHEREAS, the parties now desire to set forth those rights
 in greater detail,

NOW, THEREFORE, in consideration of the premises and of
 the sum of ONE DOLLAR (\$1.00) each in hand to the other paid, the
 receipt and sufficiency of which is hereby acknowledged, it is
 mutually hereby agreed as follows:

1. Developer agrees that, in conjunction with the develop-
 ment of the property as a retail shopping center, Developer will con-
 struct or cause to be constructed an extension of Gwain Drive, begin-
 ning at the intersection of Gwain Drive and Mordred Drive, proceeding
 along the southern boundary of said 73.9 acre tract, and intersecting
 with the IH 35 frontage road. Said extension of Gwain Drive shall abut
 and touch the south common boundary of said 73.9 acre tract and Owners
 adjoining tract to the south beginning at the IH 35 frontage road and
 extending to within 220 feet of King Arthur Drive. Owners shall have

curb cut rights on south side of Gwain extension, west of King Arthur, subject to Developer's approval which may not be unreasonably withheld.

2. Said extension of Gwain Drive shall be a street of at least thirty-four (34) feet of paving width (excluding curbing, if any) on the portion thereof from King Arthur Drive to IH 35 frontage road. Developer, to the best of his ability, shall prohibit or cause to be prohibited, any parking on either side of said extension on the entire length of said street. The street shall be built in accordance with city construction standards.

3. Developer also agrees that the north/south perimeter road on the west side of said 73.9 acre tract shall begin at a point on Walzem Road, thence proceeding in a southerly direction, thence curving and proceeding in a westerly direction so as to be approximately adjacent to the south boundary of the corner tract reserved by Owners (i.e. southeast corner of IH 35 and Walzem Road) thence in a southerly direction parallel to the IH 35 frontage road and intersecting with the extension of Gwain Drive at a point 200 feet plus or minus from IH 35 frontage road. Developer further agrees that vehicular access will be provided between said corner tract from the 73.9 acre tract. There shall be one access in the middle of the 238.02' curve at the southeast corner of said corner tract, and one access on the south boundary line of said corner tract to be located 225 feet east of the IH 35 frontage road.

4. The parties agree to the roads as shown on the attached plat, and such roads may be changed or altered by Developer subject to Owners' approval which may not be unreasonably withheld; and provided further that such roads may not be changed under any circumstances so as to conflict with the provisions of this agreement.

5. Developer further agrees that Owners shall have the

right of free passage for themselves and for the public over the said extension of Gwain Drive and said north/south perimeter road, described above, which roads shall be two-way roads.

6. This Agreement shall inure to and be binding upon the heirs, successors and assigns of the parties hereto.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement this 25 day of August, 1972.

OPTION AGREEMENT

This Option Agreement (this "Agreement") is executed effective as of _____, 2012 (the "Effective Date"), by and among WINDCREST ECONOMIC DEVELOPMENT CORPORATION ("Owner"), and JAMES C. NIEMANN, TRUSTEE FOR THE NFP PARTNERSHIP, a Texas limited partnership ("NFP"); and is hereby consented to by RACKSPACE US, INC., a Delaware corporation ("Rackspace").

WHEREAS, Owner is the fee owner of a parcel of real property located in the City of San Antonio, Bexar County, Texas, which is depicted on the site plan attached hereto as Exhibit "A" attached hereto and made a part hereof for all purposes (the "Property"). The Property is to be more fully described by metes and bounds that shall be substituted into Exhibit "A" in accordance with and as set forth in that certain Agreement Regarding Reciprocal Easements, Restrictions, Covenants and Conditions and Memorandum of Purchase Option of even date herewith, by and between Owner, NFP and Rackspace;

WHEREAS, NFP owns that certain property located adjacent to the Property, which is more fully described in Exhibit "B" attached hereto and made a part hereof for all purposes (the "NFP Parcel")

WHEREAS, NFP desires to obtain from Owner an exclusive option to purchase the Property (the "Option") and Owner wishes to grant such option;

WHEREAS, the Property comprises a portion of the premises ground leased by Rackspace from the Owner (the "Rackspace Leased Premises"), pursuant to that certain lease dated August 2, 2007, by and between Owner, as landlord, and Rackspace, as Tenant (the "Rackspace Lease"); and

WHEREAS, Rackspace has consented to the option granted herein, subject to terms, provisions and conditions hereof.

NOW, THEREFORE, in consideration of the premises and agreements herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is agreed by and among Owner, NFP and Rackspace as follows:

1. Exercise of Option. The parties acknowledge that the Property is currently benefitted by a tax-exempt status. On the earlier to occur of (i) no more than ninety (90) days following the date upon which Owner receives written notice from NFP stating that NFP desires to exercise the Option (which notice by NFP may be given at any time during the term of this Agreement), (ii) no more than ninety (90) days following the date upon which Owner receives written notice from the Bexar County Appraisal District or other applicable governmental entity that the Property has lost its tax-exempt status or (ii) twelve (12) years following the Effective Date of this Agreement (in any of such events, the "Option Exercise Date"), Owner shall deliver a written notice to NFP either (a) acknowledging NFP's exercise of the option pursuant to clause (i) above, (b) informing NFP that the Property has lost its tax exemption pursuant to clause (ii) above, or (c)

informing NFP of the lapse of twelve (12) years from the Effective Date of this Agreement (in any of such events, the "Owner's Notice"), which Owner's Notice shall be accompanied by a fully executed and notarized Special Warranty Deed, in the form attached hereto as Exhibit "C" and made a part hereof for all purposes, conveying the Property from Owner to NFP. Upon receipt of the Special Warranty Deed, NFP may record the same in the Real Property Records of Bexar County, Texas.

Notwithstanding anything contained herein, at the time of such conveyance, the form of the Special Warranty Deed attached may be modified as necessary to (i) comply with the requirements of the Texas Property Code or any other applicable law, and (ii) correctly reference the names, addresses, signatories, and otherwise complete any bracketed language contained therein or complete any blanks therein.

As consideration for the foregoing rights and as the purchase price for the Property, NFP has paid to Owner, as of the Effective Date of this Agreement, the sum of One Hundred and No/100 Dollars (\$100.00), and NFP has provided other good and valuable consideration therefor, including without limitation, the execution by NFP of that certain Termination and Release Agreement, dated of even date herewith, which terminates and releases in its entirety the easement rights previously granted in that certain Agreement dated August 25, 1972, recorded in Volume 6935, Page 332, in the Deed Records of Bexar County Texas, as amended by that certain Agreement dated January 24, 1977, recorded in Volume 8009, Page 221, in the Deed Records of Bexar County Texas, and that certain Satisfaction and Release dated September 15, 1977, recorded in Volume 8273, Page 575, in the Deed Records of Bexar County Texas.

All revenues and expenses with respect to the Property and which are applicable to the time period before and after the conveyance of the Property to NFP, determined in accordance with sound accounting principles consistently applied, shall be prorated between Owner and NFP.

2. Subordination to Rackspace Lease. Notwithstanding anything in this Agreement to the contrary, NFP expressly acknowledges and agree that (i) Rackspace has an option to purchase the Rackspace Leased Premises under the Rackspace Lease, which includes, without limitation, the Property (the "Rackspace Option"); (ii) any and all rights of NFP to the Property, including, without limitation, the Option contained herein, are subordinate to and inferior to any and all rights of Rackspace under the Rackspace Lease, including, without limitation, the Rackspace Option; (iii) in the event that Rackspace exercises the Rackspace Option prior to the Option Exercise Date hereunder and acquires the Property from Owner, then Rackspace shall become the Owner of the Property and all references herein to "Owner" shall be deemed to refer to Rackspace; and (iv) in the event Rackspace has not exercised the Rackspace Option before the Option Exercise Date, then concurrent with the deliver of the Special Warranty Deed under this Agreement, Rackspace shall release the Property from the Rackspace Leased Premises under the Rackspace Lease.

3. No Effect on Tax-Exemption. The Rackspace Leased Premises (of which the Property is a portion) is benefitted by a tax-exempt status pursuant to the Rackspace

Lease and that certain Master Economic Incentives Agreement dated August 2, 2007 (the "MEIA"), which tax-exemption was granted to Rackspace for the purpose of (i) inducing Rackspace to relocate its corporate headquarters to the Rackspace Leased Premises and (ii) facilitating certain Business Activities (as defined in the MEIA) on the Rackspace Leased Premises. Notwithstanding anything in this Agreement to the contrary, the parties expressly acknowledges and agree that (i) the grant of the Option contained herein was in furtherance of the foregoing goals because the Option was granted in order to facilitate the relocation of the former Windsor Park Mall ring road which in turn was necessary in order to facilitate the foregoing goals, (ii) this Agreement facilitates the redevelopment of the Rackspace Leased Premises as contemplated in the MEIA and the Rackspace Lease and therefore, entering into this Agreement is within the valid purposes of the Rackspace Lease, the MEIA and the tax-exemption granted therein, (iii) nothing contained in this Agreement, including without limitation, the grant of the Option contained herein, is intended to, nor shall the same be deemed to, (a) cause any portion of the Rackspace Leased Premises to lose its tax-exempt status or (b) be a failure to conduct Business Activities or a cessation of Business Activities on the Rackspace Leased Premises under the MEIA, and (iv) if anything contained in this Agreement, including without limitation, the grant of the Option contained herein, is in fact ever deemed by any third party to, (a) cause any portion of the Rackspace Leased Premises (other than the Property) to lose its tax-exempt status or (b) be a failure to conduct Business Activities or a cessation of Business Activities on the Rackspace Leased Premises under the MEIA, then Owner shall have the right to notify NFP of the same, whereupon (x) this Option shall be deemed automatically exercised and the "Option Exercise Date" shall be deemed to be the date upon which Owner delivers such notice to NFP and (y) the Option Property shall be assessed as a separately-assessed tax parcel from the balance of the Rackspace Parcel such that the balance of the Rackspace Parcel may maintain its tax-exempt status.

4. Assignment. NFP shall not assign its interest in this Agreement or any of its rights hereunder to any other person or entity at any time without Owner's consent. Any sale by Owner of the Property during the term of this Agreement shall be subject to this Agreement, and the purchaser of the Property shall assume all of the obligations of Owner hereunder from and after the date of such sale.

5. Commissions. Owner shall indemnify and hold harmless NFP from and against any and all liabilities arising from any claims relating to real estate commissions, which claims are caused or incurred by Owner. NFP shall indemnify and hold harmless Owner from and against any and all liabilities arising from any claims relating to real estate commissions, which claims are caused or incurred by NFP.

6. Condemnation. In the event that, prior to the conveyance of the Property to NFP, any portion of the Property which, in NFP's sole opinion, is not material to the use of the remainder, shall be condemned or taken by eminent domain by any authority, then in such case, this Agreement shall not terminate, but shall remain in full force and effect as to the remainder of the Property. In the event of a taking by condemnation or similar proceedings or actions of all of the Property, or any portion of the Property which, in NFP's sole opinion, is material to the use of the remainder, NFP shall have the option to terminate this Agreement upon written notice to Owner, in which event neither NFP

nor Owner shall have any further right or obligation hereunder except as expressly set forth herein.

7. Risk of Loss. Owner shall bear all risk of loss to the Property until such time as Owner has delivered the Special Warranty Deed to NFP and title to the Property has passed to NFP.

Resolution #: 12-003 (R)

SUBJECT: Deliberation and possible action on a resolution to authorize Purchase of Metrics Weather Meteorological Weather Station and a High Definition Pan Tilt Zoom Camera

1. BACKGROUND/HISTORY

The City & WEDC have investigated into several areas to determine how to better serve the community concerning marketing, communication and public safety to name just a few. The City & WEDC explored a unique way to do this is through a weather station system that is located here in Windcrest. One of the best ways to market our city to business and the public is to have them hear about us all the time. Through media outlets like TV, Radio, Internet, etc., which are the best ways to get information out about us. The Weather Station will also give us a visible presence in the TV, Radio, Internet and other Medias with a very small upfront cost. This exposure on daily basis helps to highlight our city and business community. The placement of this station at the Windcrest Golf Course will be a unique way of featuring an iconic business here in Windcrest. During the light up portion of the year this will truly be a unique way to see how beautiful our city is. Simply put this literally puts us on the map.

2. FINDINGS/CURRENT ACTIVITY

With City & WEDC permission we have explored into the Weather Station and the impact it will have for public safety, communication and marketing the City of Windcrest.

To ensure the highest level of communication with our community, we feel that this system will be able to notify residents of Windcrest and businesses not only through our early warning devices located here at City Hall but through the media's (TV, Radio, internet, etc.) as well as through our own

website and smart phone application, which can all be integrated through this device to communicate issues of public safety. This Weather Station will also communicate current conditions as well as a view of our Windcrest Golf Course and Windcrest Elementary School. Having our city mentioned in the media several times a day only brings awareness to our Jewel of a City. This will not only benefit the City of Windcrest but have a positive financial impact for our business the more we attract people to our City. By bringing more attention to our city we will create an avenue for more visitors, more interest in our community and business will want to see who we are.

3. FINANCIAL IMPACT -

The fee for these services is not to exceed \$13,000.00. Maintenance of the Station and HD Camera is expected to not exceed \$250 per month. The return for our investment in what we receive in advertising, awareness and presence in the area far out ways the cost of this Station.

4. ACTION OPTIONS/RECOMMENDATION

It is recommended that action be taken for the authorization to Purchase the Weather Station and High Definition Pan Tilt Zoom Camera and Authorize the Tim Maloney, WEDC President and WEDC Director Sherry Mosier to negotiate and sign a contract for the maintenance of the system not to exceed \$250 per month.
