Summary Recommendation

After a review of bid document submittals, reference checks, and interviews our recommendation is that City of Windcrest accept the Bid of **Texas Materials Group, Inc.** for construction services relating to the City of Windcrest 2019 Street Maintenance Project.

YPR is recommending the award of the contract to **Texas Materials Group, Inc.** for the following reasons:

1. The bid price submitted is within the project's proposed budget
2. They have demonstrated experience performing project of this size.
3. They have the equipment resources required to perform the work.
4. They have the skilled and qualified personnel required to perform the work.
5. They have excellent references.
6. They have the bonding capacity to perform the work.

We recommend that the City of Windcrest enter into a one-year agreement with **Texas Materials Group, Inc.** to provide these services. The agreement would be base upon unit prices included in their bid. The unit prices submitted by **Texas Materials Group, Inc.** are very favorable to the City of Windcrest and by entering a one-year agreement the City would have the flexibility of adding work through work orders throughout the year on a quarterly basis.

Furthermore, our recommendation is for City of Windcrest issue an initial work order to **Texas Materials Group, Inc.** for construction services relating to **City of Windcrest 2019 Street Maintenance Project** in the amount of **\$1,882,853.15.**

CITY COUNCIL AGENDA ITEM MEMO

DEPARTMENT: Fire Department **REQUESTOR:** Dan Kramer, Fire Chief

DEPARTMENT HEAD: Dan Kramer, Fire Chief

IMPACTED DEPARTMENT/'S: (if applicable): Fire Department

SUBJECT: Addition of a second law enforcement agency to the City of Windcrest

SUMMARY: The Windcrest Fire Department is taking steps to provide a higher level of service to the community. As part of this endeavor, we are looking towards the future and planning for the time when we have a Fire Marshal on staff again. In order to best accommodate this position, as well as any other Inspector/Investigator positions within the department, we would like to request the City of Windcrest recognize the Fire Department as a Law Enforcement agency, which is the first step in obtaining a Texas Commission on Law Enforcement identification number.

BACKGROUND INFORMATION: Many cities utilize the Fire Marshal's office as a second law enforcement agency, dedicated to providing fire code enforcement through fire inspections, as well as investigation of fires of all natures. In order to perform this duty to its fullest capacity, the agency is requesting permission to obtain their Texas Commission on Law Enforcement (TCOLE) identification number and be recognized as a law enforcement agency in the state of Texas. This would allow for the fire department to carry the TCOLE certifications of any members that are engaged in these activities. Several other cities in the area have a fire department recognized as a law enforcement agency.

ISSUE:

This ordinance accepts that the Windcrest Fire Department be recognized as an additional law enforcement agency within the city.

ALTERNATIVES:

As an alternative, City Council could choose not to award this However, the police department is able to carry certifications of employed, certified individuals if city council does not wish to have the fire department recognized as a law enforcement entity.

FISCAL IMPACT:

This ordinance authorizes the cost of the license application and other additional costs incurred, estimated to be around \$100.

CITY COUNCIL AGENDA ITEM MEMO

RECOMMENDATION:

I recommend the department be authorized to obtain the TCOLE accreditation and become a recognized law enforcement entity within the city. I have spoken to the police chief about this and he supports the fire department in this endeavor.

WHEREAS, the selection of any quote qualifies under an exception to the state procurement procedures; and

WHEREAS, after due consideration, the City Council authorizes the City Manager to take all necessary steps to execute said purchase; and

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF WINDCREST, TEXAS that the City Council authorizes the purchase of a pumper truck for the Fire Department from the following quote and the City Manager is authorized to execute said agreement on behalf of the City.

A RESOLUTION AUTHORIZING THE WINDCREST ECONOMIC DEVELOPMENT CORPORATION TO ENTER INTO AN ECONOMIC INCENTIVE AGREEMENT FOR A TYPE B ECONOMIC DEVELOPMENT PROJECT TO DEVELOP AND OWN A SENIOR LIVING PROJECT

WHEREAS, the Development Corporation Act of 1979, as amended (Section 501.001 et seq., and Chapter 505, Texas Local Government Code, formerly the Development Corporation Act of 1979) (the "Act") authorizes a development corporation to fund certain projects as defined by the Act and requires development corporations to enter into economic incentive, performance agreement, and leases (real estate and operating) to establish and provide for the direct incentive or make expenditures on behalf of a business enterprise under a project; and

WHEREAS, the City of Windcrest Economic Development Corporation (the WEDC) desires to negotiate and enter into an economic incentive agreement with Wellness Lifecare Development, LLC and or its designated assignee (the Developer) to develop a senior living project, with the land and related infrastructure and improvements to be owned by the WEDC, on two tracts comprising approximately 23 acres and located between Crestwind Drive and Rough Rider Drive, described more fully in the attached **Exhibit A**, to be known as the Windcrest Senior Village; and

WHEREAS, the WEDC will own the land and improvements and enter into a lease for the facilities and operations of the Senior Living Project, as authorized pursuant to Texas Local Government Code Section 505.158; and

WHEREAS, the WEDC desires to provide an exemption from City ad valorem taxes, and other tax entities as may be permitted by state law, by and through an incentive pursuant to state law, including Texas Local Government Code Section 505.161 for the project. However, the City (not the WEDC) shall only be responsible to the Developer for the City's share of ad valorem taxes should tax exemption not be granted by the Bexar County Appraisal District (which is unanticipated but still possible) with the same being confirmed in the economic incentive agreement, lease and other transactional documents between the parties; and

WHEREAS, the WEDC finds this to serve a public purpose and provide a public benefit, and further the public purposes of economic development, new and existing business development, job creation and expansion of commerce and otherwise as authorized by Section 505.158; and

WHEREAS, the developer for the Project, who will lease and operate the facilities (itself or through a related or affiliated entity or otherwise as approved by the WEDC) has agreed to and shall make payments in lieu of taxes (PILOT) to the North East Independent School District, Bexar County and the City of Windcrest, as agreed to in an economic incentive agreement between the parties; and

WHEREAS, the WEDC finds the Project to be authorized by the Act and beneficial to the economic prosperity of the City of Windcrest and the State of Texas; and

WHEREAS, the Windcrest Economic Development Corporation will hold a public hearing on the project on AUGUST 12, 2019 as required by state law and prior to spending money to undertake the project; and

WHEREAS, the ultimate approval of the Project is subject to WEDC review and approval of all transactional documents, including Economic Incentive Agreement, Lease and other related agreements, as well as City Council approval of same after two readings, and that the all such agreements and the Project shall be subject to the following:

1. Approval of the project shall be limited to the project as submitted during the public hearing and documentation as attached hereto, without any material change, unless otherwise approved by the WEDC and City in accordance with applicable law.
2. The project shall not be transferable by the applicant without the consent of the City of Windcrest and WEDC, which consent may not be unreasonably withheld at the City or WEDC's sole discretion.
3. The senior living project shall never be converted to an apartment or multifamily housing project nor funded or backed by federal financing or participation. The land, upon purchase, shall include restrictions prohibiting same.
4. The senior citizens community facility and designated park/green space that shall be constructed by Developer on the project site as per the proposed plans, shall be available for use by all Windcrest residents aged 55 or more (possibly but not necessarily for a nominal user fee).
5. The Developer shall construct and install all utilities, street sign, street lights, through streets, sidewalks, storm water drainage and other improvements to Windcrest standards which upon completion shall be dedicated to the City of Windcrest. Any nonconforming work shall be redone at Developer's expense.
6. The Developer will require its general contractors, subcontractors, materialmen, suppliers and other vendors, with respect to the development and construction of the Project, to stage all materials, goods, supplies and other items that are subject to state and local sales tax, such that all possible local sales taxes related to the project inure to the benefit of and are reported to and through the City of Windcrest.
7. The expense of maintaining the streets, sidewalks, storm water drainage, utilities, street signs and street lights, within the Project, shall be paid for by the Developer for as long as the project continues its tax-exempt status. Such shall be maintained or repaired to City standards by Developer.
8. Upon occupancy of 25% of the Project or 125 new residents, but no later than the 5th year after the start of construction, the Developer shall guarantee that PILOT payments and sales taxes collected by Windcrest have provided a minimum of \$188,000 and a total of \$480,000 by the 10th year for the acquisition of such Fire/EMS and police services deemed appropriate by the City for the service to and protection of the occupants of the Project.

9. A Special Use Permit shall be applied for and the WEDC shall support its approval by the City for height and parking variances in the commercial areas of the Project.
10. The Developer will fully reimburse the City and the WEDC for each of their respective legal fees incurred relating to the project.
11. The Developer shall negotiate additional payments in lieu of ad valorem property taxes directly with North East ISD, Bexar County and the City of Windcrest (which are in addition to those minimum payments guaranteed in Section 8 above). The agreed-to PILOT payments shall be included in transactional documents to be prepared and included in the Economic Incentive Agreement. The Developer will also provide evidence to the WEDC and City that it has made contact regarding the Project and tax incentives with all applicable taxing entities impacted by the proposed incentive and obtained their acknowledgement and consent where appropriate or required.
12. Developer will ensure that all construction contracts for the Project include adequate liquidated damages as appropriate, commercially reasonable warranties that are assignable to WEDC and City, naming WEDC and City as third-party beneficiaries of the construction contracts, include payment and performance bonds with an A.M. Best "AA" (or better) rated surety, builders risk insurance, workers compensation insurance and general liability insurance naming the WEDC and City as additional named insureds in amounts to be negotiated but not less than \$10,000,000.00.

NOW, THEREFORE, BE IT RESOLVED by the Windcrest Economic Development Corporation, that the City of Windcrest Economic Development Corporation (the WEDC) negotiate to enter into an economic incentive agreement, lease and other transactional documents, with Wellness Lifecare Development, LLC and or its designee to develop and own the above described and attached senior living project, and related infrastructure and improvements, subject to approval of such documents by the WEDC and by the City of Windcrest and any other legal prerequisites.

CITY COUNCIL AGENDA REPORT

DATE: July 22, 2019

AGENDA OF: August 5th

DEPARTMENT: Administration

SUBJECT: Lights for the Little League fields at Takas Park

RECOMMENDATION:

Recommend that the City of Windcrest enter into a lease to purchase agreement with Musco for LED lights at the two softball fields and one baseball field used by the Windcrest Little League at Takas Park. Payment to be from the city's Hotel Occupancy Tax fund.

BACKGROUND:

In 2019 the Windcrest Little League celebrates 50 years of providing the youth of Windcrest and surrounding communities a positive family tradition of team work and friendly competition during their summer league. They have held sports tournaments that have brought competitors from around the state. However, because the fields at Takas Park do not have lights, they have been limited in the length of tournaments and from holding them during the winter months. When the time changes in November, darkness falls as early as 6 pm. Teams are not able to use the fields to practice or hold games in the evening. This is in contrast to other city ball park fields surrounding Windcrest. Kirby and Schertz as examples. If the fields at Takas Park had lights, a winter league could be held and additional tournaments could be scheduled to bring people to Windcrest.

A proposal from Musco has been obtained through BuyBoard for a lease to purchase lighting for the two softball fields and one baseball field. Two proposals were obtained. One for HID Halide Light Source and a second for a LED Light Source. The LED proposal would use BallTracker technology which is targeted light, optimizing visibility of the ball in play with no glare in the player's typical line-of-sight. This system also limits light showing outside of the fields.

The use of local Hotel Occupancy Tax (HOT) revenues to enhance the Takas Park fields will meet the first criteria of the HOT requirements by directly enhancing and promoting tourism and the convention and hotel industry in Windcrest by having increased opportunities for tournaments that can attract visitors from outside the Windcrest/San Antonio area. It meets the second criteria under category seven because it will enhance the existing sports fields for our city.

FISCAL IMPACT/SOURCE OF FUNDING:

The estimated project cost for LED lighting is \$551,618.00. Two lease to purchase options are presented.

Option 1 has a 5 year term at an annual interest rate of 3.95%. The annual payment of would be \$123,986.00.

Option 2 has a term of 10 years at an annual interest rate of 4.95%. The annual payment would be \$71,658.77

The Hotel Occupancy Tax is estimated to have a 2018-2019 year-end balance of \$270,000 and the request for \$270,000 was in the proposed budget that City Council reviewed during Budget Workshops in June and July.

Windcrest City Council

Dear Members of the City Council:

I am writing on behalf of the Board of Directors for Windcrest Little League to make a proposal for floodlights at the softball and baseball fields located at Takas Park. First and foremost, this will directly benefit our players. Lights on the fields give players access to later practice and game times, allowing for school functions and homework to maintain priority ahead of the extracurricular sports activities. Games will no longer need to be called or continued on another night on account of darkness. Additionally, lights reduce the possibility of injuries sustained as a result of players not seeing the baseball or softball as the sun goes down. Later practice times allow for more teams to host practices throughout the week, supporting player development which also reduces the risk of injury.

When coaches are able to develop their players more fully due to better access to the fields, softball and baseball games hosted at Takas Park become more competitive. This increases support in the stands as more parents, family, and friends of players can attend later games. Currently, in our fall season, we lose about 30% of baseball games and nearly 80% of all softball games to other fields due to no lights. The surrounding Little Leagues all have fields with lights and are currently better suited to host games during the fall season when daylight hours decrease. The floodlights allow more games to be hosted at Takas Park, increasing customers at local restaurants who want to feed their family on game nights. When more games are hosted at Takas Park, families will want to return for the next season and the baseball and softball programs can continue to grow.

Lights on the fields would allow Windcrest Little League to host more tournaments which would increase revenue to the league and allow for the purchase of new uniforms, new equipment and training for players and coaches, further contributing to the development of our players and making the league more competitive. Additionally, sponsorship opportunities increase as greater exposure to the field leads new visitors to local companies advertised at the fields. This in turn increases revenue for the city not only at local restaurants but also at the shops and hotels as the city receives more exposure from visiting leagues.

We believe the addition of lights on the fields at Takas Park have the potential to benefit both the League and the City of Windcrest as established by the aforementioned claims. We look forward to providing a better opportunity for our players who participate in the league to gain fundamentals which can be developed throughout players' youth.

Sincerely,

Aaron Garcia
President, Windcrest Little League Board of Directors

Subject: Lights at Windcrest Ball Fields and how the lights will help increase business revenue for Windcrest businesses.

Last year we organized 20 girls softball and 24 boys baseball tournaments at the Windcrest baseball fields. Some of the teams came from other cities like Eagle Pass, Austin, Del Rio, Uvalde and other small towns a bit closer to Windcrest. We hold 2day tournaments and had reasonable participation. We feel strongly that the implementation of lights at the Windcrest Ball Fields would greatly increase the number of teams that would participate in our tournaments also could increase the days of our tournaments. The increase in teams and duration of the tournaments would of course turn into more hotel stays and more people eating at the Windcrest restaurants. We are very proud of the fields Windcrest has allowed us to use and would like the opportunity to more widely share our facility and introduce more people to the city of Windcrest.

Thank you for your time and consideration.

President W.C.L.L.

Aaron Garcia

Property tax revenues are based on the proposed 2019 tax rate \$0.327469 per \$100 of assessed valuation for the tax year 2019. Property tax collection is authorized by the State of Texas up to \$2.50 per \$100 of assessed valuation for maintenance, operations and debt service

Sales Tax. Sales tax revenue, estimated at \$3.1 million, represents 41% of total general fund revenues. The sales tax rate in the City of Windcrest is 8.25% for goods or services sold or delivered within the boundaries of the City. The tax is collected by businesses making the sale and is remitted to the State Comptroller of Public Accounts on a monthly, quarterly or annual basis. Of the 8.25% tax, the State retains 6.25% and distributes 2% to the City. Of the total 2% local share, 0.25% is allocated to the Windcrest Economic Development Corporation 0.25% is allocated to the Street Fund, 0.25% allocated to the Windcrest Crime Control and Prevention District the remaining 1.25% is deposited in the General Fund. The total budget for sales tax for FY19-20 is \$5,020,386 million, which is a 2.79% decrease over FY18-19 projections due to the projected reduction in the proposed EDC budget. The chart illustrates the historical trend of sales tax collections in the City.

Franchise Taxes (General Fund) Franchise Taxes represent 8% of City general fund revenues at \$0.5 million and are comprised of franchise taxes. Franchise taxes are anticipated to total \$591,242. Besides defining the responsibilities of the utilities maintaining their assets, the agreements contain a franchise fee clause that requires the utilities and solid waste companies to compensate the City for use of right-of-way and streets. Generally, the fees are based on a percentage of

gross receipts or a per-unit of usage charge (generated by customers located within the City's limits) that range from 2% to 5%.

Permits, Licenses, Fees represent 6% of total general fund revenues at \$462,690.75. Charges for services primarily derived from fees for permits, administrative fees, facility rentals, and various licenses. Charges for services are budgeted based on the historic collections, with growth factor included where appropriate.

Other Revenue Sources. Other revenue sources represent 15% of total general fund revenues at \$1,061,896. Other revenue sources include miscellaneous revenues, interfund transfers and municipal court

Garbage Fund. Charges for garbage services in the Garbage Fund are anticipated to total \$1.3 million. The City contracts solid waste service and provides twice weekly trash collection and weekly recycling. Residents currently pay \$24.36 per month for this service including taxes. The budget anticipates over 2400 residential households served during the fiscal year not including commercial accounts.

Employee Compensation

The City offers a competitive benefit package to employees, including medical, dental, vision coverages. The City participates in the Texas Municipal Retirement System (TMRS); employees contribute 6% of their gross pay and the City matches employee contributions 1.5 to 1, and employees are vested after five years of service. The contribution rate to TMRS for the City changes each year and is based on actuarial analysis of funding needs in the City's plan. The City's contribution rate to TMRS decreased from 8.11% in 2018 to 7.61% in 2019 (effective January 1, 2019). The proposed budget includes two 0.5 new positions to assist with additional workload related to permits and Fire Department. The proposed budget does not include funding for any cost of living or merit increases for the employees.

The anticipated FY19-20 ending fund balance in the General Fund is \$2,338,503 which is higher than the City Charter requirement of 25% recurring operating expenditures.

Debt Service Fund represents 3% of total expenditures at \$653,413 and includes principal and interest payments on debt issued through bonds, backed by the property tax. A portion of the tax rate is directed to the Debt Service Fund to meet debt backed by taxes.

DEPARTMENT: 503 Fire Department
FUND: 01 GENERAL FUND

DEPARTMENTAL DESCRIPTION

The Windcrest Fire Department is a professional fire organization that is comprised of primarily volunteer firefighters. The department provides fire protection and Emergency Medical Service first response to the citizens of Windcrest, as well as provides mutual aid through standing mutual aid and auto aid agreements with neighboring jurisdictions. The department works to maintain the highest standard of customer service, provide the highest quality patient care and maintain highest standard of preparedness for emergency situations of all types.

In addition to our fire protection services, we also provide emergency management for the city. One of the biggest goals of emergency management is to ensure that the community is prepared for any sort of disaster that can potentially impact the community.

GOALS

Currently, the department is striving to ensure we are capable of providing the best service possible to the citizens of Windcrest. In order to do this, we are working towards certifying all of our volunteers as Emergency Medical Technicians and Texas Commission on Fire Protection certified Basic Structural Firefighters. The goal of having everyone certified is a five-year goal. In addition, we are looking to hire six career firefighters that will be available to staff the department with 48 hours on and 96 hours off type of schedule. This will ensure that the city is covered at all times, 24-hours a day. The volunteer firefighters do an incredible job of covering most of the staffing needs for the city. Unfortunately, there are also plenty of times when the station is left unstaffed until a Chief level officer is able to come in to ensure the station remains in service. We are also looking to increase our level of training being provided to the firefighters. We have received permission from Randolph Air Force Base as well as Fort Sam Houston to utilize their live burn facilities to increase.

The goal of the Office of Emergency Management is to conduct a risk analysis of the entire city over the next year. This will allow us to tailor the Emergency Management Plan to meet the hazards that may be faced. After this is finished, we plan on reviewing the Emergency Management Plan and ensuring it covers the hazards identified in the risk assessment.

OBJECTIVES

Fire Department:

- Certify all of the firefighters in the department to the level of EMT-Basic over the next five years
- Certify all of the firefighters in the department to the level of Basic Structural Firefighter
- Certify all current members to the level of the position they hold within the department
- Hire six career firefighters to ensure adequate coverage for the city on a 24-hour basis

Emergency Management:

- Conduct a risk assessment of the City of Windcrest and the immediate area
- Update the Emergency Action Plan to reflect the hazards identified from the risk assessment

FUND: 02 GARBAGE FUND

Garbage Fund is an enterprise fund that tracks revenue and expenditures for the City's solid waste function and is managed by the Finance Department. The City maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as a business-type activity in the government-wide financial statements. The City uses an enterprise fund to account for its garbage utility operations.

The Garbage Department serves the consumers by providing sanitation services to all residents and businesses within the City of Windcrest. In the City of Windcrest, residential customers are billed twice a year (April and October), and commercial customers receive a monthly billing.

Currently the sanitation services are provided by Allied Waste Services.
